Love Crimes Unrated Edition 199:

Framing Female Lawyers Cynthia Anne Barto Lucia, 2005-06-01 The book asks important questions about the seemingly taken for granted quality of feminist perspectives on gender and work about the ways in which both the codes of law and those of genre frame the female lawyer and about the persistence of anxious constructions of successful women Cineaste This book shows how the professional woman of popular film has so often been given a half measure of authority and agency in narratives which though they may register patriarchal crisis are also deeply dedicated to patriarchal restoration Lucia convincingly illustrates how the female lawyer's status as a figure with access to the public sphere and to the law most often necessitates that she herself will be interrogated and put on trial Diane Negra University of East Anglia author of *Off White* Hollywood American Culture and Ethnic Female Stardom As real women increasingly entered the professions from the 1970s onward their cinematic counterparts followed suit Women lawyers in particular were the protagonists of many Hollywood films of the Reagan Bush era serving as a kind of shorthand reference any time a script needed a powerful career woman Yet a close viewing of these films reveals contradictions and anxieties that belie the films' apparent acceptance of women's professional roles In film after film the woman lawyer herself effectively ends up on trial for violating norms of femininity and patriarchal authority In this book Cynthia Lucia offers a sustained analysis of women lawyer films as a genre and as a site where other genres including film noir maternal melodrama thrillers action romance and romantic comedy intersect She traces Hollywood representations of female lawyers through close readings of films from the 1949 *Adam's Rib* through films of the 1980s and 1990s including *Jagged Edge* *The Accused* and *The Client* among others She also examines several key male lawyer films and two independent films Lizzie Borden's *Love Crimes* and Susan Streitfeld's *Female Perversions* Lucia convincingly demonstrates that making movies about women lawyers and the law provides unusually fertile ground for exploring patriarchy in crisis This she argues is the cultural stimulus that prompts filmmakers to create stories about powerful women that simultaneously question and undermine women's right to wield authority

Criminals, Idiots, Women, & Minors - Second Edition Susan Hamilton, 2004-07-26 Pardon me I must seem to you so stupid Why is the property of the woman who commits Murder and the property of the woman who commits Matrimony dealt with alike by your law So ends the little allegory in conversational form with which Frances Power Cobbe opens the 1868 essay that gives this collection its title Cobbe was a widely read essayist of remarkable lucidity and power her pieces display incisive wit and remarkable focus as she returns repeatedly to the woman question but it was typical of the time that when Cobbe died she was described in the Wellesley Index to Victorian periodicals as a miscellaneous writer Cobbe was not alone as much as 15 per cent of the essays in Victorian periodicals were written by women yet even the best of these pieces were allowed by the male dominated world of scholarship to disappear from print This anthology makes available again some of the best Victorian writing by women The second edition has been revised and updated additions include a chronology and an essay by Frances Power Cobbe on the education of women

The Essay Film Timothy Corrigan, 2011-08 Why have certain kinds of documentary and non narrative films emerged as the most interesting exciting and provocative movies made in the last twenty years Ranging from the films of Ross McElwee Bright Leaves and Agnes Varda The Gleaners and I to those of Abbas Kiarostami Close Up and Ari Folman Waltz with Bashir such films have intrigued viewers who at the same time have struggled to categorize them Sometimes described as personal documentaries or diary films these eclectic works are rather best understood as cinematic variations on the essay So argues Tim Corrigan in this stimulating and necessary new book Since Michel de Montaigne essays have been seen as a lively literary category and yet despite the work of pioneers like Chris Marker seldom discussed as a cinematic tradition The Essay Film offering a thoughtful account of the long rapport between literature and film as well as novel interpretations and theoretical models provides the ideas that will change this

Transnational Companies and Security Governance Jana Hönke, 2013-08-21 This book investigates governance practiced by non state actors It analyses how multinational mining companies protect their sites in fragile contexts and what

that tells us about political ordering beyond the state Based on extensive primary research in the Democratic Republic of Congo South Africa Europe and North America the book compares companies political role in the 19th and 21st centuries It demonstrates that despite a number of disturbing parallels many contemporary practices are not a reversion to the past but unique to the present The book discloses hybrid security practices with highly ambiguous effects around the sites of contemporary companies that have committed to norms of corporate social and security responsibility Companies invest in local communities and offer human rights training to security forces alongside coercive techniques of fortress protection and stability oriented clientele practice and arrangements of indirect rule The book traces this hybridity back to contradictory collective meaning systems that cross borders and structure the perceptions and choices of company managers private security officers NGO collaborators and others practitioners The book argues that hybrid security practices are not the result of an encounter between a supposed local with the liberal global Instead this hybridity is inherent in the transnational and part and parcel of liberal transnational governance Therefore more critical reflection of global governance in practice is required These issues are sharply pertinent to liberal peacebuilding as well as global governance more broadly The book will be of interest to anyone interested in business politics and human rights critical security studies peacebuilding and statebuilding African politics and ethnographic and sociological approaches to global governance and international relations more generally

Beyond the Racial State Devin O. Pendas, Mark Roseman, Richard F. Wetzell, 2017-11-16 The racial state has become a familiar shorthand for the Third Reich encapsulating its raison d tre ambitions and the underlying logic of its genocidal violence The Nazi racial state s agenda is generally understood as a fundamental reshaping of society based on a new hierarchy of racial value However this volume argues that it is time to reappraise what race really meant under Nazism and to question and complicate its relationship to the Nazis agenda actions and appeal Based on a wealth of new research the contributors show that racial knowledge and racial discourse in Nazi Germany were far more contradictory and disparate than we have come to assume They shed new light on the ways that racial policy worked and was understood and consider race s function content and power in relation to society and nation and above all in relation to the extraordinary violence unleashed by the Nazis
