The Oxford university almanack and register ,1880 *Journal of Proceedings and Addresses of the ... Annual Meeting Held at ...* National Educational Association (U.S.),1896 Subjectivity and Sexuality in Contemporary Chinese Feminist Writing Ruttapond Swanpitak,2025-02-17 This book explores representations of female sexuality and subjectivity in contemporary Chinese fiction by three women writers published from 1986 to 2000 from the perspective of poststructuralist feminism It discusses the representative works of authors Wang Anyi Tie Ning and Chi Li who are well known in the Chinese literary field

However their works have not to date been analysed through the poststructuralist feminism's notions of subjectivity femininity and transgression This book then provides detailed analysis of each writer and draws comparisons between their works to provide an extended consideration of female sexuality and subjectivity within post Mao Chinese fiction In this respect this book not only offers fresh insights into the three authors' fiction but also contributes to the feminist study of Chinese women's writing Additionally the research contributes to a better understanding of contemporary Chinese culture in relation to patriarchy misogyny feminism differences and resistance It is relevant to scholars in the fields of China studies Chinese literature feminist literature and gender studies

The Fundamentals of Tabletop Miniatures Game Design

Glenn Ford, Mike Hutchinson, 2024-11-19 This book presents a much needed framework for the critical examination of miniatures games and their design It provides the reader with both a conceptual model for understanding how these games work as well as a toolbox of mechanical approaches to achieving a range of design outcomes and assessing the fit of any given approach within a specific design Though dating back to the 1820s tabletop miniatures games have been little explored critically and lack a conceptual vocabulary for their discussion Active practitioners in the miniature games design community Glenn Ford and Mike Hutchinson explore what defines these games proposing the term non discrete miniatures games to encapsulate the essence of these open and immersive hobby gaming experiences Discarding the term wargame they argue against limiting conceptions of these games to direct armed conflict and champion their diverse narrative potential The book provides a fresh conceptual framework for miniatures games abstracting the concepts of positioning and moving markers non discretely across scale modelled environments into inclusive and generalised terminology untethering them from their roots as military simulations and providing the foundations for a fresh consideration of miniatures games design Written for game designers and with a foreword by Gav Thorpe *The Fundamentals of Tabletop Miniatures Game Design* is a handbook for those that wish to design better miniatures games
