Sternberg, 1999-06-03 In this groundbreaking work Robert Sternberg opens the book of love and shows you how to discover your own story and how to read your relationships in a whole new light What draws us so strongly to some people and repels us from others What makes some relationships work so smoothly and others burst into flames Sternberg gives us new answers to these questions by showing that the kind of relationship we create depends on the kind of love stories we carry inside us Drawing on extensive research and fascinating examples of real couples Sternberg identifies 26 types of love story including the fantasy story the business story the collector story the horror story and many others each with its distinctive advantages and pitfalls and many of which are clashing incompatible These are the largely unconscious preconceptions that guide our romantic choices and it is only by becoming aware of the kind of story we have about love that we gain the freedom to create more fulfilling and lasting relationships As long as we remain oblivious to the role our stories play we are likely to repeat the same mistakes again and again But the enlivening good news this book brings us is that though our stories drive us we can revise them and learn to choose partners whose stories are more compatible with our own Quizzes in each chapter help you to see which stories you identify with most strongly and which apply to your partner Are you a traveler a gardener a teacher or something else entirely Love is a Story shows you how to find out *Bulldookey* Millard Edward Streeter, Pamela Elizabeth Smith, 2024-07-10 What is contained in this book may or may not be worthwhile but it will hopefully tickle you make you smile and say Hmm Bulldookey are experiences expressions rationalizations thoughts ideas perspectives perceptions sayings mottos mantras beliefs myths principles values folklore mores proverbs oxymorons etc etc that are in some cases foolish and silly and they make no sense upon careful consideration and inspection They are things people say and believe for whatever reason your guess is as good as ours Bulldookey's purpose is to offer lighthearted fare for laughter and to provide a setting for the contemplation of these thought provoking tidbits which hopefully will promote change in thought feeling and behavior What we want is for all to have fun This list is neither exhaustive nor comprehensive It is in fact a random selection of items we thought significant enough to place on the list and set on the table for your consideration and enjoyment **Billboard** ,1957-02-02 In its 114th year Billboard remains the world's premier weekly music publication and a diverse digital events brand content and data licensing platform Billboard publishes the most trusted charts and offers unrivaled reporting about
