Tetz,2000 **Not Etched in Stone** Marie A. Conn,Therese Benedict McGuire,2007 The essays presented by Professors Marie A Conn and Th r se McGuire examine stone and water as vehicles of ritual memory through the lenses of various disciplines In seven concise yet revealing chapters the authors examine instances throughout history and unbound by geography of stone and water as real or abstract objects that shape our lives possibly without our notice Chapters topics include Water as a vehicle for ritual memory from the earliest days of human history to the present day An investigation of the aesthetic principles of the Middle Ages up to the Gothic styles of cathedrals in North America Julian of Norwich the famous cloistress walled in by stone in comparison to Etty Hillesum a WWII era mystic whose small desk used to write her revealing diaries became her stone cloister cell The Irish water and stone in Finnegans Wake

Johnson,2013-08-28 *Urban God Talk Constructing a Hip Hop Spirituality* edited by Andre Johnson is a collection of essays that examine the religious and spiritual in hip hop The contributors argue that the prevailing narrative that hip hop offers nothing in the way of religion and spirituality is false From its beginning hip hop has had a profound spirituality and advocates religious views and while not orthodox or systemic nevertheless many in traditional orthodox religions would find the theological and spiritual underpinnings in hip hop comforting empowering and liberating In addition this volume demonstrates how scholars in different disciplines approach the study of hip hop religion and spirituality Whether it is a close reading of a hip hop text ethnography a critical studies approach or even a mixed method approach this study is a pedagogical tool for students and scholars in various disciplines to use and appropriate for their own research and understanding *Urban God Talk* will inspire not only scholars to further their research but will also encourage publishers to print more in this field The contributors to this in depth study show how this subject is an underrepresented area within hip hop studies and that the field is broad enough for numerous monographs edited works and journal publications in the future
