Department suggested his vision of neutrality was unbalanced because of his persistent condemnation of the US bombing strategy in Vietnam A singular moment in his quest for world peace was his unprecedented address to the United Nations General Assembly sixty years ago on October 4 1965 There he boldly challenged the 116 represented nations to move forward to a world where there was Never again one against the other Never again war It is to mark this 60th anniversary that the two volumes of Pope Paul VI and His Quest for World Peace are written Volume 1 Never again war examines his historic 1965 visit to New York and his guiding through Vatican Council II changes in Church teaching in finding a new attitude towards war and peace Volume 1 also explores in detail his unusual relationship with President Johnson and the role he played in the initiation of the Paris Peace Talks that would eventually end US military engagement in Southeast Asia Volume 2 If you want peace provides a commentary on the annual New Year s Peace Messages he first gave in 1968 and continued throughout the remainder of his papacy In these he offers an exact idea of peace seeking to move humanity away from the both ancient and contemporary adage If you want peace prepare for war towards a more positive If you want peace promote human rights 1969 and work for justice 1972 In these two volumes Tuohy gives a coherent and compelling narrative of key historical moments and theological insight into this sometimes described as forgotten pope bringing the pope and his message back to mind for the benefit of humanity Engaged to be Married Joanna Bogle,2001 *How to Get Pregnant Naturally*: Jonathan K. that take place in the body during pregnancy and childbirth as well at explaining the facts behind hospital procedures and options for home birth providing readers with the necessary knowledge to make their own choices She feels that birthing should be viewed as a unified process from the nine months of pregnancy through labour to the many months of breastfeeding all three stages contribute to developing the bond between mother and child and the child s emotional function Kristina writes beautifully about the sacred mystery inherent in conception and pregnancy and guides the new mother towards being a conscious participant in the spiritual process of bringing life into this world This book is both very practical and hugely inspiring
