Howe, 2011-08-29 Marriages and Families in the 21st Century provides an in depth exploration of a traditional field of study using a new and engaging approach The text covers all the important issues including parenting divorce aging families balancing work and family family violence and gender issues using a bioecological framework that takes into account our status as both biological and social beings Using this lens which emphasizes the individual s interactions with a series of larger systemic influences from family peers neighbors and teachers to schools media institutions and culture the book

creates a cohesive overview of modern family life and helps students visualize the complex influences affecting all people in families. It also examines the state of modern families using a strengths-based approach which allows students to evaluate the health and functioning of a family considering the biological and cultural milieu in which it exists rather than on its observable structure or appearance alone. Individual chapters cover historical and cultural trends and also explore the biological, personal, and social forces that shape individuals and families. Each chapter investigates the wide diversity of human relationships and integrates discussions of ethnicity, culture, sexual orientation, and gender seamlessly into the main narrative. In addition, the book explores recent research in neuroscience, medicine, and biopsychology to examine how family relationships are shaped by and also influence individuals' biological functioning. An accessible writing style coupled with numerous student-friendly pedagogical features help readers come to a multi-layered understanding of what makes families tick while also challenging them to reevaluate their own assumptions and experiences.

Key features:

Maturation Through Marriage Lowell Lueck, 2015-09-16. At first look, it seems logical: Christian maturity and preparation for eternity would go hand in hand with marriage. But when one delves deeper and takes a look at statistics, it does not always work that way. *Maturation through Marriage: And the Enticement of Divorce* takes an honest look at author Lowell Lueck's theological and spiritual reflection on the texture and contours of the fabric of his married life. It does not shy away from honestly portraying his sins but balances those statements of shortcoming with equally powerful reminders of the consolation and guidance from the Scriptures. Lueck found faulty applications or fundamental violations of Biblical principles by Christian spouses and the Christian church have allowed the tragic destruction of families. Lack of adaptation to no-fault divorce

statutes frustration of trying to apply biblical principles to our twenty first century Western worldview of love dating and marriage and the unwillingness of the church to uphold Godly encouragement and accountability are some of the issues Lueck addresses As a Christian marriage and family therapist with two failed marriages he writes from an insiders perspective and with a willingness to share his shame of these experiences and also his deliverance from the false guilt that he had carried Written in an easy to understand manner *Maturation through Marriage And the Enticement of Divorce* is not just theory Based upon the authors firsthand experience this book can help you deal with the same or similar issues 5
