Love Death The Murder Of Kurt Cobain:

Love & Death Max Wallace, Ian Halperin, 2004-04-09 A stunning and groundbreaking investigation into the death of one of the great rock icons of our times revealing new evidence that points to a terrible conclusion On Friday April 8 1994 a body was discovered in a room above a garage in Seattle For the attending authorities it was an open and shut case of suicide What no one knew then however and which is only being revealed here for the very first time is that the person found dead that day Kurt Cobain the superstar frontman of Nirvana was murdered In early April 1994 Cobain went missing for days or so it seemed in fact some people knew where he was and one of them was Courtney Love Now a star in Hollywood and rock music in early 1994 she was preparing to release her major label debut with her band Hole and what she knew then though few others did was that Cobain was planning to divorce her Love it also reveals for the first time the case tapes made by Love s own P I Tom Grant a man on a mission to find the truth about Kurt Cobain s demise and introduces us to a number of characters who feature in various theories about plots to kill Cobain In addition Cobain s grandfather goes public charging that his grandson was murdered Drawing on new forensic evidence and police reports obtained under the Freedom of Information Act the book explodes the myths that have long convinced the world that Cobain took his own life and reveals that the official scenario was scientifically impossible Against a background of at least sixty eight copycat suicides since 1994 award winning investigative journalists Max Wallace and Ian Halperin have conducted a ten year crusade for the truth and in *Love Death* they are finally able to present a chilling and convincing case that each and every one of these suicides was preventable and in doing so they call for this case to be reopened and properly investigated *Love & Death* Max Wallace, Ian Halperin, 2001-01-01 A stunning and groundbreaking investigation into the death of one of the great rock icons of our time Kurt Cobain revealing new evidence that points to a terrible conclusion Max Wallace and Ian Halperin have conducted a ten year crusade for the truth about what happened to Nirvana s former frontman and in *Love Death* they are finally able to present a chilling and convincing case that points to one thing Kurt Cobain did not commit suicide *Kurt Cobain* Jeff Burlingame, 2006 Traces the life career and impact of rock musician Kurt Cobain
