Vande Kappelle, 2023-01-20 Whether religiously theists atheists agnostics or simply seekers each of us is on a journey of faith spiraling through stages seasons or phases of spirituality On this journey we discover that spirituality is more caught than taught and that faith enriched more by subtraction than by addition is more about unlearning than learning At the center of Jesus life and message stands the exhortation to receive and share divine love The two volumes of Heart to Heart excerpted from Dr Vande Kappelle s published writings examine the meaning and implications of the biblical Great Commandment to love God and others as

oneself This volume examines the spiritual journey inward and its companion volume the journey outward Ultimately there is only one spiritual journey the journey Godward and there is only one commandment Divine love is the key to everything Unloved people misbehave fail to love or fail to change Loved people aren't concerned with rules regulations or beliefs Rather because they are loved they take proper care of themselves and in so doing care for nature and others as extensions of themselves Heart to Heart is written for those who affirm the value of lifelong spiritual growth realize the limits of logic and embrace the paradoxes in life If you are willing to commit less than ten minutes a day over a seven month period you will undertake a spiritual journey of epic proportions guaranteed to transform you morally and spiritually In addition you will come to embrace Christianity as the transformative movement envisioned by Jesus for humanity a way of life grounded in compassion justice service humility and love of others

Addiction Robert P. Vande Kappelle, 2019-05-24 What is addiction and how do we know if we are addicted Speaking sociologically we are addicted because we live in addictive societies that turn us into consumers and materialists Speaking biologically we are addicted because that is how we are hardwired Speaking spiritually we are addicted because we seek spiritual satisfaction through things other than God Humans can be addicted to most any object ideology and belief but they cannot be addicted to the true God for reasons disclosed in this text As this book demonstrates addiction is a pattern of learned behavior that utilizes ancient mental pathways designed to promote survival and reproduction When neural connections intended to promote eating reproduction parenting and social relationships are diverted into addiction their blessings can become curses While heredity parenting trauma and additional psychological and sociological factors play significant roles in compulsive behavior addiction is essentially a developmental disorder a way to manage an environment that feels threatening and overwhelming Change getting unstuck is possible but it requires five ingredients acknowledgment resolution substitution human help and divine help Because addictions represent complex interactions between biological psychological social and spiritual forces the solution must be holistic as well

Designed as a study guide for groups or individual use this book approaches the topic comprehensively examining the nature of addiction its cause symptoms consequences and means of recovery
