Ecological Ethics and the Philosophy of Simone Weil Kathryn Lawson, 2024-05-13 This book places the philosophy of Simone Weil into conversation with contemporary environmental concerns in the Anthropocene The book offers a systematic interpretation of Simone Weil making her ethical philosophy more accessible to non Weil scholars Weil's work has been influential in many fields including politically and theologically based critiques of social inequalities and suffering but rarely linked to ecology Kathryn Lawson argues that Weil's work can be understood as offering a coherent approach with potentially widespread appeal applicable to our ethical relations to much more than just other human beings She suggests that the process of decreation in Weil is an expansion of the self which might also come to include the surrounding earth and a vast assemblage of others This allows readers to consider what it means to be human in this time and place and to contemplate our ethical responsibilities both to other humans and also to the more than human world Ultimately the book uses Weil's thought to decenter the human being by cultivating human actions towards an ecological ethics This book will be useful for Simone Weil scholars and academics as well as students and researchers interested in environmental ethics in departments of comparative literature theory and criticism philosophy and environmental studies For further discussion on the book please check out the following podcast and book launch links below <https://youtu.be/oOUEeSiMrh8> https://youtu.be/sIc1jIw_CW8 <https://youtu.be/xQPeW4iK8vC3pnA> <https://youtu.be/jf12ZVRr3oY> <https://youtu.be/z7Z9xRdEn8fhaMGY>

Marion, Love, and Nihilism Matthew C. Kruger, 2024-11-19 The foundation of this book is the work of Jean-Luc Marion who writes at length about the problems of vanity and nihilism and offers an answer in love specifically Christian love A complication that arises however is that Marion argues that love is absent in the respective responses to nihilism of Friedrich Nietzsche and Martin Heidegger two figures who play a key role in the development of his thought and who also have their own notions of love In *Marion Love and Nihilism* Matthew C Kruger explores this series of questions by providing first an overview of the responses to nihilism found in these figures then a close reading of Marion's thoughts on the matter before moving to accounts of the concept of love in Nietzsche and Heidegger The book then finishes with a further critique of Marion's work relying on the thought of Nishitani Keiji Kruger argues that while Marion correctly identifies an answer in love as did Heidegger Nietzsche and Nishitani in their own ways Marion's thought ends in world denial and thus fails find a complete answer to nihilism

Giving One's Word Michael Joseph Higgins, 2025 St Thomas Aquinas is rarely invoked as a patron of such a social

approach to the Trinity Aquinas's Trinitarian theology after all revolves around the immanent processions of a Word and Love within the unity of the divine essence Many have assumed that this psychological analogy is removed from or even incompatible with interpersonal knowledge love and self giving Some have concluded that Aquinas is therefore unable to accommodate a social Trinity Others have argued that he is open to a social Trinity but that his psychological categories need to be complemented by a more overtly social framework This study however shows that these psychological categories themselves are shot through with interpersonal knowledge love and self giving Provided by publisher Praying Thieves and the God Who Loves Them No Matter What Anne Marie Drew, 2006 Looking at the seven deadly sins Drew uses stories from the Bible from classic literature and from the saints to demonstrate that God never abandons sinners
