H. Almaas, Karen Johnson, 2014-04 What do desire and passion have to do with the spiritual life They are an essential component of it according to A H Almaas and Karen Johnson Most spiritual teachings take the position that desire wanting and passion are opposed to the spiritual path The concern is that engaging in desire will take you more into the world into the mundane into the physical and into egoic life And for most people that is exactly what happens We naturally tend to experience wanting in a self-centered way The Power of Divine Eros explores how to be passionate and to feel a strong wanting without that desire being in conflict with selfless love It also shows how relationships with others are an important part of the human journey an opportunity to express oneself authentically and be present with someone else
