Miike, Jing Yin**

Methods For Intercultural Communication Research:

Methods for Intercultural Communication Research William B. Gudykunst, Young Yun Kim, 1984-04 The methodology behind intercultural communication research has been largely neglected by scholars of intercultural communication The aim of this volume is to advance the study of intercultural communication and move away from the current abstract stage of development The editors have collected contributions which examine the skills necessary to have a firm grounding in general methodological issues research techniques statistics methods for doing comparative sociology and methods of traditional anthropology Essays also deal with problems arising from such research and the sociology of knowledge of intercultural communication as opposed to cross cultural communication Two features make this volume exceptional First Research Methods in Intercultural Communication Zhu Hua, 2016-01-19 Research Methods in Intercultural Communication introduces and contextualizes the most important methodological issues in the field for upper level undergraduate and graduate students Examples of these issues are which paradigms and how to research multilingually interculturally and ethnically Provides the first dedicated and most comprehensive volume on research methods in intercultural communication research in the last 30 years Explains new and emerging methods as well as more established ones These include Matched Guise Technique Discourse Completion Task Critical Incident Technique Critical Discourse Analysis Ethnography Virtual Ethnography Corpus Analysis Multimodality Conversation Analysis Narrative Analysis Questionnaire and Interview Assists readers in determining the most suitable method for various research questions conceptualizing the research process interpreting results and drawing conclusions Supports students from start to finish with key terms suggestions for further reading research summaries and sound guidance from experienced scholars and researchers *Methods for Intercultural Communications Research* William B. Gudykunst, Young Yun Kim, 1984 **Cross-Cultural and Intercultural Communication** William B. Gudykunst, 2003-04-18 This book has the chapters from the Handbook of International and Intercultural Communication Second Edition relating to the structure and growth of cross cultural and intercultural communication With an expanded forward by William Gudykunst it is an invaluable resource for students and lecturers of communications studies *Understanding Communication Research Methods* Stephen M. Croucher, Daniel Cronn-Mills, 2024-08-20 Using an engaging how to approach that draws from scholarship real life and popular culture this textbook now in its fourth edition offers students practical reasons why they should care about research methods and offers a practical guide for conducting research Explaining quantitative qualitative critical and performance research methods this new edition helps students better grasp the theoretical and applied uses of method by clearly illustrating practical applications The book features all the main research traditions in communication including applications of the methods through effective examples and exercises and sample student papers that demonstrate research methods in action This textbook is perfect for beginning and advanced scholars using critical cultural interpretive qualitative quantitative rhetorical

and performance research methods Additional resources for students and instructors can be found on the eResource at www.routledge.com/9781032557380 which includes links videos outlines activities recommended readings test questions and more

The SAGE Encyclopedia of Communication Research Methods Mike Allen, 2017-04-11 Communication research is evolving and changing in a world of online journals open access and new ways of obtaining data and conducting experiments via the Internet Although there are generic encyclopedias describing basic social science research methodologies in general until now there has been no comprehensive A to Z reference work exploring methods specific to communication and media studies Our entries authored by key figures in the field focus on special considerations when applied specifically to communication research accompanied by engaging examples from the literature of communication journalism and media studies Entries cover every step of the research process from the creative development of research topics and questions to literature reviews selection of best methods whether quantitative qualitative or mixed for analyzing research results and publishing research findings whether in traditional media or via new media outlets In addition to expected entries covering the basics of theories and methods traditionally used in communication research other entries discuss important trends influencing the future of that research including contemporary practical issues students will face in communication professions the influences of globalization on research use of new recording technologies in fieldwork and the challenges and opportunities related to studying online multi media environments Email texting cellphone video and blogging are shown not only as topics of research but also as means of collecting and analyzing data Still other entries delve into considerations of accountability copyright confidentiality data ownership and security privacy and other aspects of conducting an ethical research program Features 652 signed entries are contained in an authoritative work spanning four volumes available in choice of electronic or print formats Although organized A to Z front matter includes a Reader's Guide grouping entries thematically to help students interested in a specific aspect of communication research to more easily locate directly related entries Back matter includes a Chronology of the development of the field of communication research a Resource Guide to classic books journals and associations a Glossary introducing the terminology of the field and a detailed Index Entries conclude with References Further Readings and Cross References to related entries to guide students further in their research journeys The Index Reader's Guide themes and Cross References combine to provide robust search and browse in the e version

The Global Intercultural Communication Reader Molefi Kete Asante, Yoshitaka Miike, Jing Yin, 2013-06-26 The Global Intercultural Communication Reader is the first anthology to take a distinctly non Eurocentric approach to the study of culture and communication In this expanded second edition editors Molefi Kete Asante Yoshitaka Miike and Jing Yin bring together thirty two essential readings for students of cross cultural intercultural and international communication This stand out collection aims to broaden and deepen the scope of the field by placing an emphasis on diversity including work from authors across the globe examining the processes and politics of intercultural communication

from critical historical and indigenous perspectives The collection covers a wide range of topics the emergence and evolution of the field issues and challenges in cross cultural and intercultural inquiry cultural wisdom and communication practices in context identity and intercultural competence in a multicultural society the effects of globalization and ethical considerations Many readings first appeared outside the mainstream Western academy and offer diverse theoretical lenses on culture and communication practices in the world community Organized into five themed sections for easy classroom use The Global Intercultural Communication Reader includes a detailed bibliography that will be a crucial resource for today s students of intercultural communication

The Politics of Researching Multilingually Prue Holmes, Judith Reynolds, Sara Ganassin, 2022-02-21 This book offers a unique understanding of how researchers linguistic resources and the languages they use in the research process are often politically and structurally shaped and constrained with implications for the reliability of the research The chapters are written by both experienced and novice researchers who examine how they negotiated the use of their own and others linguistic and communicative resources when undertaking their research in politically charged and linguistically and culturally diverse contexts The contributing authors are either from the Global South or engaged in work which is contextualised within the Global South or they face linguistic structural hegemonies in the Global North which challenge their research processes They utilise diverse theoretical methodological and disciplinary approaches to produce a collection of engaging and accessible accounts of researching multilingually in their contexts These accounts will help readers to make theoretically and methodologically informed choices about the political dimensions of languages in their own research when researching multilingually

Intercultural Communication James W. Neuliep, 2016-12-27 In the fully updated Seventh Edition of Intercultural Communication A Contextual Approach bestselling author James W Neuliep provides a clear contextual model visually depicted by a series of concentric circles for examining communication within cultural microcultural environmental sociorelational and perceptual contexts Students are first introduced to the broadest context the cultural component of the model and progress chapter by chapter through the model to the most specific dimensions of communication Each chapter focuses on one context and explores the combination of factors within that context including setting situation and circumstances Highlighting values ethnicity physical geography and attitudes the book examines means of interaction including body language eye contact and exchange of words as well as the stages of relationships cross cultural management intercultural conflict and culture shock

The Routledge Handbook of Corpus Linguistics Anne O'Keeffe, Michael J. McCarthy, 2022-02-08 The Routledge Handbook of Corpus Linguistics 2e provides an updated overview of a dynamic and rapidly growing area with a widely applied methodology Over a decade on from the first edition of the Handbook this collection of 47 chapters from experts in key areas offers a comprehensive introduction to both the development and use of corpora as well as their ever evolving applications to other areas such as digital humanities sociolinguistics stylistics translation studies materials design language teaching and teacher development media discourse

discourse analysis forensic linguistics second language acquisition and testing The new edition updates all core chapters and includes new chapters on corpus linguistics and statistics digital humanities translation phonetics and phonology second language acquisition social media and theoretical perspectives Chapters provide annotated further reading lists and step by step guides as well as detailed overviews across a wide range of themes The Handbook also includes a wealth of case studies that draw on some of the many new corpora and corpus tools that have emerged in the last decade Organised across four themes moving from the basic start up topics such as corpus building and design to analysis application and reflection this second edition remains a crucial point of reference for advanced undergraduates postgraduates and scholars in applied linguistics
