Boko Haram Moses E. Ochonu, 2026-02-03 For many observers the predation of Boko Haram unsparing and venal in its manifestation is shocking because it seems to lack a local historical frame of reference that could render it legible For others Boko Haram s self declared jihad resonates into a long local contested historical memory of religious militancy

This book makes sense of these two seemingly contradictory perceptions of Boko Haram. It explains Boko Haram's simultaneous connection to and disconnection from a complex history of religious dissidence and militancy in Northern Nigeria. It also answers the question of where the militants came from, what inspired and motivated them, and whether there is a past history of dissidence and militancy that could both illuminate and challenge Boko Haram's self-proclaimed jihad. Boko Haram analyzes the rise and evolution of the Boko Haram movement within and against the contentious religious pasts of Northern Nigeria. Provided by publisher [The Random Walk of Destiny](#) Jeremiah Tenant, Tenant Jeremiah Tenant, 2009-10. Time is running out. Mankind is on the verge of extinction caused by a mysterious occurrence known simply as the Illness. Emma Bright, a criminal investigator for the only remaining government on earth, embarks on mankind's last criminal investigation with the hope of somehow linking the phony murder of history's greatest prophet, G. N. Habsburg, to the apocalypse. However, there is one problem: the Illness has destroyed all of the evidence that ever existed. In her journey to solve the riddle of the Illness, Emma unintentionally steps into a whirlwind of randomness and eventually learns not only the purpose of her own life but also the meaning of all life.

Superman: Action Comics Vol. 4: Metropolis Burning Brian Michael Bendis, 2021-05-11. Leviathan is making its move on Metropolis and they're looking to recruit Lex Luthor and his Legion of Doom to increase their power base. But will that be enough to take on Superman's city? Because the Man of Steel has friends of his own and it's time to call on the Justice League and their teen counterparts, Young Justice, to take a stand against the forces of evil and stop Leviathan from reducing Metropolis to rubble. Don't miss this colossal story arc collected from Action Comics 1017-1021.

The New Psychedelic Revolution James Oroc, 2018-01-16. A bold exploration of modern psychedelic culture, its history, and future. Examines 3 modern psy-culture architects: chemist Alexander Sasha Shulgin, mycologist/philosopher Terence McKenna, and visionary artist Alex Grey. Investigates the use of microdosing in extreme sports, the psy-trance festival experience, and the relationship between the ego, entheogens, and toxicity. Presents a History of Visionary Art from its roots in prehistory to Ernst Fuchs and the Vienna School of the Fantastic to contemporary psychedelic art. After the dismantling of a major acid laboratory in 2001 dramatically reduced the world supply of LSD, the psychedelic revolution of the 1960s appeared to have finally run its course. But the opposite has actually proven to be true, and a psychedelic renaissance is rapidly emerging with the rise in popularity of transformational festivals like Burning Man and BOOM, the return to positive media coverage of the potential benefits of entheogens, and the growing number of celebrities willing to admit the benefits of their own personal use. Along with the return of university research, the revival of psychedelic philosophy, and the increasing popularity of visionary art, these new developments signify the beginning of a worldwide psychedelic cultural revolution more integrated into the mainstream than the counterculture uprising of the 1960s. In his latest book, James Oroc defines the borders of 21st-century psychedelic culture through the influence of its three main architects: chemist Alexander Shulgin, mycologist Terence McKenna, and visionary artist Alex Grey, before illustrating a

number of facets of this Second Psychedelic Revolution including the use of microdosing in extreme sports the tech savvy psychedelic community that has arisen around transformational festivals and the relationship between the ego entheogens and toxicity This volume also presents for the first time a History of Visionary Art that explains its importance to the emergence of visionary culture Exploring the practical role of entheogens in our selfish and fast paced modern world the author explains how psychedelics are powerful tools to examine the ego and the shadow via the transpersonal experience Asserting that a cultural adoption of the entheogenic perspective is the best chance that our society has to survive he then proposes that our ongoing psychedelic revolution now a century old since the first synthesis of a psychedelic in 1918 offers the potential for the birth of a new Visionary Age

The Beginning or the End Greg Mitchell, 2020-07-07 The shocking and significant story of how the White House and Pentagon scuttled an epic Hollywood production Soon after atomic bombs exploded over Hiroshima and Nagasaki in 1945 MGM set out to make a movie studio chief Louis B Mayer called the most important story he would ever film a big budget dramatization of the Manhattan Project and the invention and use of the revolutionary new weapon Over at Paramount Hal B Wallis was ramping up his own film version His screenwriter the novelist Ayn Rand who saw in physicist J Robert Oppenheimer the model for a character she was sketching for Atlas Shrugged Greg Mitchell's *The Beginning or the End* chronicles the first efforts of American media and culture to process the Atomic Age A movie that began as a cautionary tale inspired by atomic scientists aiming to warn the world against a nuclear arms race would be drained of all impact due to revisions and retakes ordered by President Truman and the military for reasons of propaganda politics and petty human vanity this was Hollywood Mitchell has found his way into the lofty rooms from Washington to California where it happened unearthing hundreds of letters and dozens of scripts that show how wise intentions were compromised in favor of defending the use of the bomb and the imperatives of postwar politics As in his acclaimed Cold War true life thriller *The Tunnels* he exposes how our implacable American myth making mechanisms distort our history
