Law Enforcement Management and Administrative Statistics 1997 Brian A.

Reaves, Andrew L. Goldberg, 1999-08 As of June 1997 there were more than 700 general purpose State and local law enforcement agencies with 100 or more full time sworn personnel that included 50 or more uniformed officers responding to calls for service These larger agencies collectively employed about 381 000 full time sworn personnel including about 226 000 officers assigned to respond to calls for service Nearly all of these agencies provided data in response to this survey Includes sections showing data on personnel expenditures and pay operations and equipment computers and information systems and policies and programs Hundreds of statistical tables *Law Enforcement Management and Administrative Statistics, 1997* Brian Reaves, Andrew L. Goldberg, 1999 As of June 1997 there were more than 700 general purpose State and local law enforcement agencies with 100 or more full time sworn personnel that included 50 or more uniformed officers responding to calls for service These larger agencies collectively employed about 381 000 full time sworn personnel including 226 000 officers assigned to respond to calls for service Nearly all the agencies provided data in response to the 1997 Law Enforcement Management and Administrative Statistics survey sponsored by the Bureau of Justice Statistics Survey respondents included 454 municipal police departments 167 county sheriff departments 30 county police departments and the 49 primary State law enforcement agencies operating in each State except Hawaii Detailed statistics are provided on police personnel expenditures and pay operations equipment computers and information systems policies and programs community policing and State agencies The survey questionnaire is appended **Media Control** Robert E. Gutsche, Jr., 2017-04-20 *Media Control* News as an Institution of Power and Social Control challenges traditional and even some radical perceptions of how the news works While it s clear that journalists don t operate objectively reporters don t just cover news but they make it *Media Control* goes a step further by arguing that the cultural institution of news approaches and presents everyday information from particular and dominant cultural positions that benefit the power elite From analysing

how the press operate as police agents by conducting surveillance and instituting social order through its coverage of crime and police action to bolstering private business and neoliberal principles by covering the news through notions of boosterism Media Control presents the news through a cultural lens Robert E Gutsche Jr introduces or advances readers applications of critical race theory and cultural studies scholarship to explore cultural meanings within news coverage of police action the criminal justice system and embedding into the news democratic values that are later used by the power elite to oppress and repress portions of the citizenry Media Control helps the reader explicate how the power elite use the press and the veil of the Fourth Estate to further white ideologies and American Imperialism

Protecting Dissent, Policing Disorder James W. Sterling, Ronald J. Bostick, Donald C. Dilworth, 1974 This book has a double purpose It is first an official report from the Miami Beach Police Department to the Law Enforcement Assistance Administration U S Department of Justice describing how funds granted to that police department for the national political conventions of 1972 were used This book is also a manual of instruction Miami Beach Chief of Police Rocky Pomerance recognized that the full significance of the complex experience of policing the conventions might not be adequately communicated to other members of his profession U S Justice Department s Community Relations Service advocated that the activities and procedures adhered to by Miami Beach Police during the conventions be documented to serve as a guideline to other law enforcement agencies
