Michelangelo And Debuts Discovering The Self:

Michelangelo and Debuts Joan Kretschmer, 2001-10 Reclaiming Travel Ilan Stavans, Joshua Ellison, 2015-05-09 Based on a controversial opinion piece originally published in the New York Times *Reclaiming Travel* is a provocative meditation on the meaning of travel from ancient times to the twenty first century Ilan Stavans and Joshua Ellison seek to understand why we travel and what has come to be missing from our contemporary understanding of travel Engaging with canonical and contemporary texts they explore the differences between travel and tourism the relationship between travel and memory the genre of travel writing and the power of mapmaking Stavans and Ellison call for a rethinking of the art of travel which they define as a transformative quest that gives us deeper access to ourselves Tourism Stavans and Ellison argue is inauthentic choreographed sterile shallow and rooted in colonialism They critique theme parks and kitsch tourism such as the shantytown hotels in South Africa where guests stay in shacks made of corrugated metal and cardboard yet have plenty of food water and space Tourists they assert are merely content with escapism thrill seeking or obsessively snapping photographs Resisting simple moralizing the authors also remind us that people don't divide neatly into crude categories like travelers and tourists They provoke us to reflect on the opportunities and perils in our own habits In this powerful manifesto Stavans and Ellison argue that travel should be an art through which our restlessness finds expression a search for meaning not only in our own lives but also in the lives of others It is not about the destination rather travel is about loss disorientation and discovering our place in the universe **The Lady Speaks** W.N. Varvel, 2014-02-13 This thoroughly original work of art history presents a provocative theory about Leonardo da Vinci the Mona Lisa and Theological Gender Equality The famous Mona Lisa smile has mystified viewers and intrigued historians for centuries Completed in 1515 Leonardo da Vinci's masterwork has hidden the lady's secret well Now after years of research and analysis W N Varvel has decoded the hidden meanings of Mona Lisa In *The Lady Speaks* Varvel reveals the vital message her smile conveys a secret too dangerous for the artist to acknowledge during his life but one which he hoped future generations would understand and embrace The coming of the New Jerusalem depends on the world's recognizing what lies behind the Mona Lisa smile Detailing how the artist wove a calculated fabric of clues symbols and images Varvel establishes not only da Vinci's but also Michelangelo's belief in Theological Gender Equality In a thrilling achievement of art history detective work Varvel tracks clues links previously unnoticed connections recreates scenarios identifies villains and heroes and presents a persuasive case for what the lady must be thinking *Link*, 1975 **Library Journal**, 1994 Includes beginning Sept 15 1954 and on the 15th of each month Sept May a special section School library journal ISSN 0000 0035 called Junior libraries 1954 May 1961 Also issued separately Museum Premieres, Exhibitions & Special Events, 1998 Vermeer's Family Secrets Benjamin Binstock, 2013-03-07 Johannes Vermeer one of the greatest Dutch painters and for some the single greatest painter of all produced a remarkably small corpus of work In *Vermeer's Family Secrets* Benjamin Binstock revolutionizes how we think

about Vermeer's work and life Vermeer The Sphinx of Delft is famously a mystery in art despite the common claim that little is known of his biography there is actually an abundance of fascinating information about Vermeer's life that Binstock brings to bear on Vermeer's art for the first time he also offers new interpretations of several key documents pertaining to Vermeer that have been misunderstood Lavishly illustrated with more than 180 black and white images and more than sixty color plates the book also includes a remarkable color two page spread that presents the entirety of Vermeer's oeuvre arranged in chronological order in 1/20 scale demonstrating his gradual formal and conceptual development No book on Vermeer has ever done this kind of visual comparison of his complete output Like Poe's purloined letter Vermeer's secrets are sometimes out in the open where everyone can see them Benjamin Binstock shows us where to look Piecing together evidence the tools of art history and his own intuitive skills he gives us for the first time a history of Vermeer's work in light of Vermeer's life On almost every page of Vermeer's Family Secrets there is a perception or an adjustment that rethinks what we know about Vermeer his oeuvre Dutch painting and Western Art Perhaps the most arresting revelation of Vermeer's Family Secrets is the final one in response to inconsistencies in technique materials and artistic level Binstock posits that several of the paintings accepted as canonical works by Vermeer are in fact not by Vermeer at all but by his eldest daughter Maria How he argues this is one of the book's many pleasures
