## **Oregon Historical Quarterly Sept 1933:**

Oregon Historical Quarterly Oregon Historical Society,1953      **Encyclopedia of Oregon** Nancy Capace,1999-01-01 A reference guide to Oregon that includes information about the state s history geography politics state services historic landmarks and constitution      **A Life Wild and Perilous** Robert M. Utley,2015-09-15 This richly documented book is the

definitive study of the decisive role mountain men played in the exploration and expansion of the Western frontier Jay P Dolan The New York Times Book Review Early in the nineteenth century the mountain men emerged as a small but distinctive group whose knowledge and experience of the trans Mississippi West extended the national consciousness to continental dimensions Though Lewis and Clark blazed a narrow corridor of geographical reality the West remained largely terra incognita until trappers and traders such as Jim Bridger Kit Carson Tom Fitzpatrick and Jedediah Smith opened paths through the snow choked mountain wilderness These and other Mountain Men opened the way west to Fremont and played a major role in the pivotal years of 1845 1848 when Texas was annexed the Oregon question was decided and the Mexican War ended with the Southwest and California in American hands thus making the Pacific Ocean America s western boundary

*The WPA Guide to Oregon* Federal Writers' Project,2013-10-31 During the 1930s in the United States the Works Progress Administration developed the Federal Writers Project to support writers and artists while making a national effort to document the country s shared history and culture The American Guide series consists of individual guides to each of the states Little known authors many of whom would later become celebrated literary figures were commissioned to write these important books John Steinbeck Saul Bellow Zora Neale Hurston and Ralph Ellison are among the more than 6 000 writers editors historians and researchers who documented this celebration of local histories Photographs drawings driving tours detailed descriptions of towns and rich cultural details exhibit each state s unique flavor The WPA Guide to Oregon contains some quaint features including a chapter entitled Tall Tales and Legends and a recipe for huckleberry cakes The impact of the depression on the people of the Beaver State is discussed and the beauty of the state is emphasized from the tips of the Cascadian Mountains to the agricultural region of Willamette Valley      **Explorers of the Maritime Pacific Northwest**

William L. Lang Ph.D.,James V. Walker,2016-05-09 Covering the adventures of coastal and ocean explorers who made key discoveries and landmark observations from northern California up the coastline to Alaska during the mid 1700s to the early 1800s this anthology of primary source journal entries book excerpts maps and drawings enables readers to discover the Northwest Coast for themselves More than 200 years ago explorers traveled from Central America Russia and even Europe to explore the coastline of the American Pacific Northwest with goals of developing new trade routes claiming territory for their home countries expanding their fur trade or exploring in the name of scientific discovery This book will take readers to the decks of the great ships and along for the adventures of legendary explorers such as James Cook Alejandro Malaspina and George Vancouver This book collects primary source materials such as journal entries book excerpts maps and drawings

that document how explorers first experienced the unknown Pacific Northwest coast as seen through the eyes of non native people Readers will learn how explorers such as Vitus Bering and Robert Gray used the full extent of their powers of observation to record the landscape animals and plants they witnessed as well as their interactions with indigenous peoples during their search for the mythic Northwest Passage The book also explains how the maritime explorers of this period mapped the remote regions of the Northwest Coast working without the benefit of modern technology and relying instead on their knowledge of a range of sciences mathematics and seamanship in addition to their ability to endure harsh and dangerous conditions to produce exceptionally detailed maps *The Washington Historical Quarterly*, 1934 *Papers of the Bi-National Conference on the War Between Mexico and United States* Douglas A. Murphy, 1997 **Instant Cities** Gunther Paul Barth, 1975 A reprint of the Oxford U Press edition of 1975 with a new introduction 20 p Annotation copyrighted by Book News Inc Portland OR **Washington Historical Quarterly**, 1934 **The War on Illahee** Marc James Carpenter, 2025-09-30 How a generation of pioneers and their historians knowingly hid the violent history of Indigenous dispossession in the Pacific Northwest The small mostly forgotten wars of the 1850s in the American Pacific Northwest were part of a broader genocidal war the War on Illahee to seize Native land for Euro Americans Illahee a term for homeland in Chinook was turned into the states of Oregon and Washington through the violence of invading soldiers settlers and serial killers Clashes over the brutality of invasion should it be celebrated isolated or erased left behind accidental archives of atrocity as history writers disagreed over which stories they should tell and which stories they could sell By the 1920s the War on Illahee had been disappeared Drawing on records from the perpetrators themselves the papers of historians and previously suppressed evidence from Indigenous survivors Marc James Carpenter has written both a new history of pioneer atrocities within and beyond the wars on Native people in the American Pacific Northwest and a new history of how these wars were remembered commemorated and forgotten The overlapping distortions have embedded inaccuracies in our histories and textbooks all the way to the present Beyond reshaping the history of the Pacific Northwest this searing book opens broader conversations about settler colonialism historical memory problematic monuments and the historical profession *Mexico Through Russian Eyes, 1806-1940* William Harrison Richardson, 2010-11-23 In this unique book William Richardson analyzes the descriptions given of Mexico by an assortment of Russian visitors from the employees of the Russian American Company who made their first contacts in the early nineteenth century to the artists diplomats and exiles of the twentieth century He explores the biases they brought with them and the interpretations they relayed back to readers at home Richardson finds that Russians had a particular empathy for the Mexicans sharing a perceived similarity in their histories conquest by a foreign power a long period of centralized authoritarian rule an attempt at liberal reform followed by revolution **Basque Immigrants and Nevada's Sheep Industry** Iker Saitua, 2019-03-20 Basque Immigrants and Nevada's Sheep Industry is a rich and complex exploration of the history of Basque immigration to the rangelands of

Nevada and the interior West It looks critically at the Basque sheepherders in the American West and more broadly at the modern history of American foreign relations with Spain after the Second World War Between the 1880s and the 1950s the western open range sheep industry was the original economic attraction for Basque immigrants This engaging study tracks the development of the Basque presence in the American West providing deep detail about the sheepherders history native and local culture the challenges they faced and the changing conditions under which the Basques lived and worked Saitua also shows how Basque immigrant sheepherders went from being a marginalized labor group to a desirable high priced workforce in response to the constant demand for their labor power As the twentieth century progressed the geopolitical tide in America began to change In 1924 the Restrictive Immigration Act resulted in a truncated labor supply from the Basque Country in Spain During the Great Depression and the Second World War the labor shortage became acute In response Senator Patrick McCarran from Nevada lobbied on behalf of his wool growing constituency to open immigration doors for Basques the most desirable laborers for tending sheep in remote places Subsequently Cold War international tensions offered opportunities for a reconciliation between the United States and Francisco Franco despite Spain s previous sympathy with the Axis powers This fresh portrayal shows how Basque immigrants became the backbone of the sheep industry in Nevada It also contributes to a wider understanding of the significance of Basque immigration by exploring the role of Basque agricultural labor in the United States the economic interests of Western ranchers and McCarran s diplomacy as catalysts that eventually helped bring Spain into the orbit of western democracies

Prologue to Manifest Destiny Howard Jones, Donald Allen Rakestraw, 1997 During the 1840s the United States and England were in conflict over two unsettled territories along the undefined Canadian American border This riveting account of the Maine and Oregon boundary treaties is brought to life masterfully by Professors Howard Jones and Donald Rakestraw The events in this story paved the way for one of the most far reaching developments in American history the age of expansion The United States gradually came to believe in manifest destiny the irreversible expansion of the States across the continent The country s success with England in resolving the two territorial disputes marked the dawn of this new era Complicating the U S English situation in the 1840s was a border conflict brewing with Mexico Failure to resolve the disputes with England might have led the United States to war with two nations at once Careful negotiations led to settlements with England instead of war But the United States went to war with Mexico from 1846 to 1848 Prologue to Manifest Destiny offers a rare detailed look at the tense Anglo American relationship during the 1840s and the two agreements reached regarding the land in the Northeast and the Northwest Presidents John Tyler and James Polk and the robust master of diplomacy Daniel Webster were among the American actors who played center stage in the drama as well as Britain s Lord Ashburton who worked closely with Webster to keep the turbulent conflict over the Northeast territory from escalating into war This gripping frontier story will fascinate as it educates Prologue to Manifest Destiny is perfect for courses in American history international relations and diplomatic

history     **Russia's Hawaiian Adventure, 1815-1817** Richard A. Pierce,     **Interests and Activities of the Hudson's Bay Company in California, 1260-1846** Lester Gordon Engelson, 1939     **The Canadian Historical Review** ,1934

Empire of the Columbia Dorothy O. Johansen, Charles Marvin Gates, 1967 Traces the social and economic growth of the Pacific Northwest from the time of the aboriginal cultures     Mountain Fever Aubrey L. Haines, 2012-10-30     **The Plains Across** John D. Unruh, 1993 One of three finalists for the Pulitzer Prize in History and the winner of seven awards including the John H Dunning Prize of the American Historical Association the Ray A Billington Book Award of the Organization of American Historians and the National Historical Society Book Prize     *The Diplomacy of Involvement* David M. Pletcher, 2001 Annotation Like its predecessor this important new work is focused on the connection between trade and investment on the one hand and U S foreign policy on the other David Pletcher describes the trade of the United States with the Far East the islands of the Pacific and the northwest coast of North America from 1784 the year of the first American trading expedition to China to 1844 the year of the first trade treaty with China followed immediately by the U S acquisition of Oregon and California He then traces the growth of trade and investment in Alaska Hawaii and the South Pacific from 1844 to 1890 and proceeds to do the same for China Japan and Korea In the ensuing chapters Pletcher covers the 1890s including the annexation of Hawaii the Sino Japanese War the acquisition of the Philippines and the Open Door policy in China He concludes that the American expansion across the Pacific and into the Far East was not a deliberate consistent drive for economic hegemony but a halting experimental improvised movement carried out against determined opposition and indifference and dotted with setbacks and failures Providing his own judgments about the wisdom and effectiveness of America s new endeavors Pletcher summarizes the problems and handicaps involved demonstrating that errors of the twentieth century were at least partly the result of poor preparation in the 1880s and 1890s Touching on every place where Americans undertook significant economic activity *The Diplomacy of Involvement* will be an important aid for seasoned scholars as well as an excellent introduction for the novice

## **Oregon Historical Quarterly Sept 1933** Book Review: Unveiling the Magic of Language

In an electronic era where connections and knowledge reign supreme, the enchanting power of language has become more apparent than ever. Its ability to stir emotions, provoke thought, and instigate transformation is actually remarkable.
