Peace At Last The Afterdeath Experiences Of John Lennon:

Peace at Last Jason Leen, John Lennon (Spirit), 1989 Jason Leen describes his own visions of John Lennon's death and after death experiences such as passing through the tunnel of light and his emotional reunion with his mother taking readers through a fascinating series of purifications and learning experiences I Belong Bianca Lepori, 2012-11 A change of perspective By seeing cancer from the point of view of an embodied evolving monad rather than simply as a physical body threatened with death the book questions cultural stereotypes and clears illusions about disease and traditional medicine It is about accepting cancer as a pointer towards our true nature thus about honoring the disease as something that needs to be understood rather than fought as a hidden message that needs to be listened to It describes a personal experience that gives evidence of cancer as an opportunity to heal the soul and as a challenge to uncover individual responsibility towards ourselves and the fulfilling of our destiny Despite Eastern and Western types of cure and alternative complementary shamanistic and energetic treatments the book explains how the final healing occurs when karmic wounds are dissolved thus when present life patterns have found their causes within the Universal Law of Rebirth The purpose of disease thus explained and broken the pattern of suffering cancer can therefore be seen as instrumental in bringing joy and meaning to one's life
