Reflective Journeys - Vitae G. Kassabgi, 2024-05-07 What if our conscious thoughts are living forms vitae What is happening in the brain when a mind and consciousness are felt internally Where does consciousness come from Are consciousness and nature somehow interconnected I cannot think of a more interesting thing to ponder and so for over 2 decades I've explored concepts surrounding these types of reflections using a poetic shape a type of mirror for the reader's mind Occasionally these pieces are directly and specifically aimed at the center of the inquiry and often they were tangential or in the shadow of the central themes In the shadow of a source we are sometimes able to see things that would otherwise not be seeable The collections have approached the questions surrounding these vitae as such each inspired by a unique living organism Methuselah an exploration of our journey through time above all else we must consider the dimension of time There are things that transcend the dimension of time what does this mean and how can we our lives so brief and fragile comprehend this Architeuthis questions about things known to exist but unseen Let's think about this things known to exist but unseen empiricism is challenged What do we make of the countless things that believed to exist To believe is not exactly equivalent as to know and this is no academic detour Questions of faith surface quickly Actias Luna the incredible metamorphosis and transformation the caterpillar and moth An inevitable destiny understood in a manner apart from cognition Here we begin to ponder what it means to know something in ways having nothing to do with cerebral thought processes Tuugaalik the unicorn whale What unfolds as we live out a dream is more transformational more awe inspiring than we could have ever imagined Notice the use of live out a here and remember that thoughts as vitae do precisely this they live Questions about knowability run deep what we come to know often unfolds in ways we could not have imagined It is thus the ambitious aim of these collections to present the reader with an ensemble a framework of mental mirrors to approach some of the most elemental questions In reality every reader is while he is reading the reader of his own self The writer's work is merely a kind of optical instrument which he offers to the reader to enable him to discern what without this book he would perhaps never have perceived in himself Marcel Proust We return to our vitae towards the end of this work and for the first time in over 2 decades attempt to assemble some of the puzzle pieces *Reflective Journeys* G.

Touching Stories of My Life in Journey to Christian Holiness and Hands- on Patient Care in a Weeping Healthcare Ramsis F. Ghaly FACS, MD,2019-08-26 This is the twelfth book of the series Christianity and the Human Brain It integrates the neuroscience and the Bible the Holy Book of our Lord Jesus My love for our Lord Jesus Christ abides with my lifetime passion for neurosurgery and medicine my continual obsession of spiritual connectivity of the Holy Spirit to the human brain that indeed separates mankind from all other living creation It has been my belief that the human brain does not limit itself to the physical skull but rather extends in a nonphysical form to the outside spiritual world even while living on earth In other words a big part of the human brain is actually outside the skull and the body As I perform brain surgeries for three decades I realize my theory is so true The majestic human brain can t be just the 1 500 grams of jelled matter inside the skull The human journey therefore is transforming the human brain to become a brain of a man of God and the hand of man to a hand of a man of God The spiritual human brain never dies only the flesh It is the center of my calling and unrelenting meditations while roaming in the heartfelt spirit lacking the physical proof that science demand of me My life is dedicated to my Lord Jesus patients and residents As a physician I have reached the top in America I am a professor of both neurological surgery and anesthesiology and I am well published in famous medical journals As an academic teacher I trained for more than thirty four years graduating thousands of trainee But all is nothing as I strive for the Christian holiness and fullness In a weeping healthcare with many patients falling victims I included actual patients

First Move of the Anti-Christ Annette Akerman,2019-12-22 Written from the standpoint that Satan s onslaught of the human race began as a result of his success with his temptation of Eve and continues still today First Move of the Antichrist tell a story beginning with the temptation in the garden The story builds credence with the introduction of humans that had been the preliminary creation of God from the very beginning It is a story of violence hatred and loss of innocence told as it might have occurred using the premise in scripture that there was no man to till the ground until God created Adam The story gives life and personality to the fathers of the Old Testament and builds to a cataclysmic end as it lays the groundwork for the first move of the antichrist

The Silver Snarling Trumpet Robert Hunter, 2024-10-08 Discovered at last the legendary lost manuscript of Grateful Dead co founder and primary lyricist Robert Hunter written in the early 1960s a wry richly observed and enlightening remembrance of the scene in Palo Alto that gave rise to an incredible partnership of Hunter and Jerry Garcia and then to the Grateful Dead itself with a Foreword by John Mayer an Introduction by Dennis McNally and an Afterword by Brigid Meier Strange to think back on those days when it was perfectly natural that we all slept on the floor in one small room These were the days before practical considerations matters of importance began to eat our minds We were all poets and philosophers then until we began to wonder why we had so few concrete worries and went out to look for some So wrote Robert Hunter in *The Silver Snarling Trumpet* both a novelistic singular work of art and the missing piece of the Grateful Dead origin story In these pages readers are privy to the early days of Hunter Garcia and their cohorts who sit at coffee shops passing around a single cup of bottomless coffee because they lacked the funds for more than one Follow these truth seeking souls into the stacks at Kepler s Books renting instruments at Swain s House of Music and through the countryside on mind expanding road trips Witness impromptu jams inspired intellectual pranks and a dialogue that is by turns amusing and brilliant and outrageous Hunter shares his impressions of his first gig with Garcia for a college audience along with descriptions of his most intense dreams and psychedelic explorations All of it enlivened by Hunter s visionary spirit and profound ideas about creativity and collaboration The lost manuscript is augmented with a Foreword by John Mayer an Introduction by Dennis McNally and an Afterword by Brigid Meier who was part of their scene in the San Francisco Bay Area that served as a bridge from the beatniks to the hippies Also included is Hunter s own 1982 assessment of his work about how he shared it with close confidants but then decided to leave it unpublished Five years after Hunter s death the text

has been found so readers and fans of Hunter's indelible poetry and song can explore the origin of his genius and his craft

Made in the Imago Dei! , Beyond Alterity Qinna Shen, Martin Rosenstock, 2014-07-01 With the economic and political rise of East Asia in the second half of the twentieth century many Western countries have re-evaluated their links to their Eastern counterparts. Thus in recent years Asian German Studies has emerged as a promising branch within interdisciplinary German Studies. This collection of essays examines German language cultural production pertaining to modern China and Japan and explicitly challenges orientalist notions by proposing a conception of East and West not as opposites but as complementary elements of global culture thereby urging a move beyond national paradigms in cultural studies. Essays focus on the mid-century German Japanese alliance, Chinese German Leftist collaborations, global capitalism, travel, identity and cultural hybridity. The authors include historians and scholars of film and literature and employ a wide array of approaches from postcolonial, globalization, media and gender studies. The collection sheds new light on a complex and ambivalent set of international relationships while also testifying to the potential of Asian German Studies. The Afterlife in Early Christian Carthage Stephen E. Potthoff, 2016-12-01 The Afterlife in Early Christian Carthage explores how the visionary experiences of early Christian martyrs shaped and informed early Christian ancestor cult and the construction of the cemetery as paradise. Taking the early Christian cemeteries in Carthage as a case study, the volume broadens our understanding of the historical and cultural origins of the early Christian cult of the saints and highlights the often divergent views about the dead and post-mortem realms expressed by the church fathers and in graveside ritual and the material culture of the cemetery. This fascinating study is a key resource for students of late antique and early Christian culture.

JEWels Steve Zeitlin, 2023-02 JEWels is the first of its kind: the living tradition of Jewish stories and jokes transformed into poems recording and reflecting Jewish experience from ancient times through the present day. In this novel hybrid, jokes and stories boiled down to their essence in short poems. Jewish witticism is preserved side by side with evocative storytelling and deepened with running commentary and questions for discussion. Illuminated here are jewels from journeys from the Old Country, from Torah shaped by the Holocaust, in glimpses of Jewish American lives, in Jewish foods, in conversations with God and on the meaning of life. Jewish comedians Lenny Bruce, Jackie Mason appear alongside writers and musicians Elie Wiesel, Sholem Aleichem, Itzhak Perlman and Hasidic rabbis the Baal Shem Tov, Rabbi Nachman of Breslov, yet most of the tellers are ordinary Jews. In this cacophony of ongoing dialogue, storytellers, rabbis, poets and scholars chime in with interpretations, quips and related stories and life experiences. In JEWels each of us can see our own reflection. Cloud by Day, Fire by Night Dennis G. Hurst, 2011-11-14 Cloud by Day, Fire by Night offers a modern-day parable of one man's choices and the attitudes that can make the difference between success and failure. Sportsman, businessman, entrepreneur, devoted husband and father, author Dennis Hurst found himself in the depths of despair following a devastating divorce. From the thrills of an early professional soccer career to the life of a high-flying business executive and head of a start-up retail business, he

suddenly had to begin his life anew at the age of fifty two Sitting alone on the only piece of furniture in an apartment hurriedly rented with his last two thousand dollars he pondered his fate Staring vacantly out the curtainless window as the drizzle outside turned into a steady downpour he began to take stock of his life As one who had experienced the exhilaration and rewards of professional sports the perks and privileges of being a business executive along with the prestige and position that such a lifestyle allows he found his new lowly station in life both unexpected and depressing Or was it To the worlds way of thinking it seemed to be it was one step away from living out on the street under a bridge fighting for survival a total unmitigated disaster Fortunately for Hurst God had him exactly where he needed him and set him off on his personal journey of rediscovery
