Refugees From Hollywood A Journal Of The Blacklist Years:

Hollywood's Blacklists Reynold Humphries, 2008-09-10 Are you now or have you ever been a member of the Communist Party That question was to be repeated endlessly during the anti Communist investigations carried out by the House Committee on un American Activities HUAC in the early 1950s The refusal of ten members of the film industry to answer the question in 1947 led to the decision by studio bosses to fire them and never to hire known Communists in the future The Hearings led to scores of actors writers and directors being named as Communists or sympathisers All were blacklisted and fired Hollywood s Blacklists is a history of the political and cultural factors relevant to understanding the why and the how of the various investigations of the alleged Communist infiltration of Hollywood What was HUAC What propaganda role did films play during World War II and the Cold War What values were at stake in the confrontation between Left and Right that saw the former so resoundingly defeated and expelled from Hollywood Answers to these and other questions are offered via analyses of the motives of the various players and of the tactics deployed by HUAC to reward collaboration and punish dissent

Hollywood Exiles in Europe Rebecca Prime, 2014-01-14 Rebecca Prime documents the untold story of the American directors screenwriters and actors who exiled themselves to Europe as a result of the Hollywood blacklist During the 1950s and 1960s these Hollywood migr s directed wrote or starred in almost one hundred European productions their contributions ranging from crime film masterpieces like *Du rififi chez les hommes* 1955 Jules Dassin director to international blockbusters like *The Bridge on the River Kwai* 1957 Carl Foreman and Michael Wilson screenwriters and acclaimed art films like *The Servant* 1963 Joseph Losey director At once a lively portrait of a lesser known American lost generation and an examination of an important transitional moment in European cinema the book offers a compelling argument for the significance of the blacklisted migr s to our understanding of postwar American and European cinema and Cold War relations Prime provides detailed accounts of the production and reception of their European films that clarify the ambivalence with which Hollywood was regarded within postwar European culture Drawing upon extensive archival research including previously classified material *Hollywood Exiles in Europe* suggests the need to rethink our understanding of the Hollywood blacklist as a purely domestic phenomenon By shedding new light on European cinema s changing relationship with Hollywood the book illuminates the postwar shift from national to transnational cinema

Refugees from Hollywood Jean Rouverol, 2000 But thanks to their well known 1940s leftist affiliations Rouverol and Butler cannot fly under the radar of those larger events To avoid prison sentences like those imposed in 1950 on their friends among the Hollywood Ten they flee to Mexico rather than accept a subpoena from the House Un American Activities Committee

Film Criticism, the Cold War, and the Blacklist Jeff Smith, 2014-03-26 *Film Criticism the Cold War and the Blacklist* examines the long term reception of several key American films released during the postwar period focusing on the two main critical lenses used in the interpretation of these films propaganda and allegory Produced in response to the hearings held by the House Committee

on Un American Activities HUAC that resulted in the Hollywood blacklist these films ideological message and rhetorical effectiveness was often muddled by the inherent difficulties in dramatizing villains defined by their thoughts and belief systems rather than their actions Whereas anti Communist propaganda films offered explicit political exhortation allegory was the preferred vehicle for veiled or hidden political comment in many police procedurals historical films Westerns and science fiction films Jeff Smith examines the way that particular heuristics such as the mental availability of exemplars and the effects of framing have encouraged critics to match filmic elements to contemporaneous historical events persons and policies In charting the development of these particular readings Film Criticism the Cold War and the Blacklist features case studies of many canonical Cold War titles including *The Red Menace* *On the Waterfront* *The Robe* *High Noon* and *Invasion of the Body Snatchers* *'Un-American' Hollywood* Peter Stanfield, Frank Krutnik, Brian Neve, Steve Neale, 2007-12-27 The concept of un Americanism so vital to the HUAC crusade of the 1940s and 1950s was resoundingly revived in the emotional rhetoric that followed the September 11th terrorist attacks Today s political and cultural climate makes it more crucial than ever to come to terms with the consequences of this earlier period of repression and with the contested claims of Americanism that it generated Un American Hollywood reopens the intense critical debate on the blacklist era and on the aesthetic and political work of the Hollywood Left In a series of fresh case studies focusing on contexts of production and reception the contributors offer exciting and original perspectives on the role of progressive politics within a capitalist media industry Original essays scrutinize the work of individual practitioners such as Robert Rossen Joseph Losey Jules Dassin and Edward Dmytryk and examine key films including *The Robe* *Christ in Concrete* *The House I Live In* *The Lawless* *The Naked City* *The Prowler* *Body and Soul* and *FTA* **George Oppen and the Fate of Modernism** Peter Nicholls, 2007-10-25 This study of 20th century American poet George Oppen promises to become a key resource for those interested not only in Oppen himself but in the history of literary modernism Drawing extensively on largely unpublished papers and presenting material that has not yet appeared in print Peter Nicholls gives a detailed account of Oppen s life and work enriched by close readings of many of his poems **Film History** , 2004 **Cold War Exiles in Mexico** Rebecca Mina Schreiber, 2008 The onset of the Cold War in the 1940s and 1950s precipitated the exile of many U S writers artists and filmmakers to Mexico Rebecca M Schreiber illuminates the work of these cultural exiles in Mexico City and Cuernavaca and reveals how their artistic collaborations formed a vital and effective culture of resistance ITV Cultures Catherine Johnson, Rob Turnock, 2005-09-16 This exciting book goes to the heart of a creative commercial and public service culture it shows why ITV matters and how it was made to work so well A tremendous contribution Professor Jean Seaton University of Westminster This is a valuable addition to studies of ITV s history and programming Tom O Malley Professor of Media Studies University of Wales Aberystwyth and Co Editor of *Media History* Since breaking the BBC s monopoly in 1955 ITV has been at the centre of the British television landscape To coincide with the fiftieth anniversary of the first ITV broadcast this accessible book offers a

range of perspectives on the complex and multifaceted history of Britain's first commercial broadcaster. The book explores key tensions and conflicts which have influenced the ITV service. Chapters focus on particular institutions including London Weekend Television and ITN and programme forms including *Who Wants to be a Millionaire*, *Upstairs Downstairs* and *Trisha*. The contributors show that ITV has had to tread an uneasy line between public service and commercial imperatives between a pluralistic regional structure and a national network and between popular appeal and quality programming. A timeline of key events in the history of ITV is also included. *ITV Cultures* provides a timely intervention in debates on broadcasting and cultural history for academics and researchers and a lively introduction to the history of ITV for students and general readers.

1960: LBJ vs. JFK vs. Nixon David Pietrusza, 2018-09-04. 1960 aims to take us deeper into the campaign than Theodore White's famous *The Making of the President 1960*. And it does. *Chicago Sun Times*. This is award-winning historian David Pietrusza's hard-edged account of the 1960 presidential campaign, the election that ultimately gave America Camelot and its tragic aftermath. It is the story of the bare-knuckle politics of the primaries, the party conventions, backroom dealings, the unprecedented television debates, the hot-button issues of race, religion, and foreign policy, and at the center of it all, three future presidents: Lyndon Johnson, John F. Kennedy, and Richard Nixon. Terrific. Robert A. Caro, winner of two Pulitzer Prizes and the National Book Award. A stirring, hard-edged political saga. An outstanding reexamination. *Booklist* 1960 provides new insights into that year's hard-fought pivotal election, but more than that, 1960 is great storytelling, a fascinating can't-put-it-down account of how American politics really works. Former United States Attorney General Richard Thornburgh. Essential for understanding the political forces that in many ways shaped the world we live in today. David Mark, author of *Going Dirty: The Art of Negative Campaigning*.

Culture Wars Roger Chapman, 2015-03-17. The term culture wars refers to the political and sociological polarisation that has characterised American society the past several decades. This new edition provides an enlightening and comprehensive A to Z ready reference, now with supporting primary documents on major topics of contemporary importance for students, teachers, and the general reader. It aims to promote understanding and clarification on pertinent topics that too often are not adequately explained or discussed in a balanced context. With approximately 640 entries plus more than 120 primary documents supporting both sides of key issues, this is a unique and defining work indispensable to informed discussions of the most timely and critical issues facing America today.

An Army of Phantoms J. Hoberman, 2013-01-29. The film critic's sweeping analysis of American cinema in the Cold War era is both utterly compulsive reading and majestic in its breadth and rigor. *Film Comment*. *An Army of Phantoms* is a major work of film history and cultural criticism by leading film critic J. Hoberman. Tracing the dynamic interplay between politics and popular culture, Hoberman

offers the most detailed year by year look at Hollywood during the first decade of the Cold War ever published one that takes film analysis beyond the screen and sets it in its larger political context Los Angeles Review of Books By tell ing the story not just of what s on the screen but of what played out behind it Hoberman demonstrates how the nation s deep seated fears and wishes were projected onto the big screen In this far reaching work of historical synthesis Cecil B DeMille rubs shoulders with Douglas MacArthur atomic tests are shown on live TV God talks on the radio and Joe McCarthy is bracketed with Marilyn Monroe The American Scholar From cavalry Westerns to apocalyptic sci fi flicks and biblical spectacles from movies to media events congressional hearings and political campaigns An Army of Phantoms remind s you what criticism is supposed to be revelatory reflective and as rapturous as the artwork itself Time Out New York An epic alternately fevered and measured account of what might be called the primal scene of American cinema Cineaste There s something majestic about the reach of Hoberman s ambitions the breadth and rigor of his research and especially the curatorial vision brought to historical data Film Comment

Exile and the Politics of Exclusion in the Americas Luis Roniger,James Naylor Green,Pablo Yankelevich,2012 Following the developments that highlight the centrality of diasporas and transnational studies this book proposes that the study of exile should become a topic of central concern closely related to basic theoretical problems and controversies on the structure of power national representation and transnational displacement

The Gordon File Bernard Gordon,2008-10-01 For twenty six years the FBI devoted countless hours of staff time and thousands of U S taxpayer dollars to the surveillance of an American citizen named Bernard Gordon Given the lavish use of resources one might assume this man was a threat to national security or perhaps a kingpin of organized crime not a Hollywood screenwriter whose most subversive act was joining the Communist Party during the 1940s when we were allied with the USSR in a war against Germany For this honest act of political dissent Gordon came to be investigated by the House Committee on Un American Activities in 1952 blacklisted by the Hollywood film industry and tailed by the FBI for over two decades In The Gordon File Bernard Gordon tells the compelling cautionary story of his life under

Bureau surveillance Drawing on his FBI file of over 300 pages which he obtained under the Freedom of Information Act he traces how the Bureau followed him from Hollywood to Mexico Paris London Rome and even aboard a Dutch freighter as he created an unusually successful albeit uncredited career as a screenwriter and producer during the blacklist years Comparing his actual activities during that time to records in the file he pointedly and often humorously underscores how often the FBI got it wrong from the smallest details of his life to the main fact of his not being a threat to national security Most important Gordon links his personal experience to the headlines of today when the FBI is again assuming broad powers to monitor political dissidents it deems a threat to the nation Is it possible he asks that books like this will help to move our investigative agencies from the job of blackmailing those who are critical of our imperfect democracy to arresting those who are truly out to destroy us
