Religion And Wine A Cultural History Of Wine Drinking In The United States

Costas Katsigris, Chris Thomas

Religion And Wine A Cultural History Of Wine Drinking In The United States:

Religion and Wine Robert C. Fuller, 1996 Wine more than any other food or beverage is intimately associated with religious experience and celebratory rituals Nowhere is this seen more clearly than in American cultural history From the Pilgrims at Plymouth Rock to the Francis cans and Jesuits who pioneered California s Mission Trail many American religious groups have required wine to perform their sacraments and enliven their evening meals This book tells the story of how viniculture in America was started and sustained by a broad spectrum of religious denominations In the process it offers new insights into the special relationship between wine production and consumption and the spiritual dimension of human experience Robert Fuller s historical narrative encompasses a fascinating array of groups and individuals and the author makes some provocative connections between the love of wine and the particularities of religious experience For example he speculates on the ways in which Thomas Jefferson s celebrated knowledge of wine related to his cultural sophistication and free thinking outlook on matters of religion and spirituality Elsewhere he describes how a number of nineteenth century communal groups including the Rappites the Amana colonies the Mormons and the spiritualist colony called the Brotherhood of the New Life helped to spread the religious use of wine across a vast new nation Fuller describes and analyzes the role of wine drinking in promoting community solidarity and facilitating a variety of religious experiences ranging from the warm glow of ritualized camaraderie to the ecstasy of immediate contact with otherwise hidden spiritual realms He also devotes a chapter to the rise of temperance and prohibitionist sentiments among fundamentalist Christians and their subsequent attack on wine drinking The book s concluding chapter features an insightful analysis of the ritual dimensions of contemporary wine drinking and wine culture According to Fuller the aesthetic experiences and communal affirmation that some religious groups have historically associated with the enjoyment of wine have passed into the practice of popular or unchurched religion in the United States

The Oxford Encyclopedia of Food and Drink in America Andrew Smith, 2013-01-31 Home cooks and gourmets chefs and restaurateurs epicures and simple food lovers of all stripes will delight in this smorgasbord of the history and culture of food and drink Professor of Culinary History Andrew Smith and nearly 200 authors bring together in 770 entries the scholarship on wide ranging topics from airline and funeral food to fad diets and fast food drinks like lemonade Kool Aid and Tang foodstuffs like Jell O Twinkies and Spam and Dagwood hoagie and Sloppy Joe sandwiches

Jews and Booze Marni Davis, 2023-11-21 Finalist 2014 Sami Rohr Prize for Jewish Literature from the Jewish Book Council Traces American Jews complicated relationship to alcohol through the years leading up to and after prohibition From kosher wine to their ties to the liquor trade in Europe Jews have a longstanding historical relationship with alcohol But once prohibition hit America American Jews were forced to choose between abandoning their historical connection to alcohol and remaining outside the American mainstream In *Jews and Booze* Marni Davis examines American Jews long and complicated relationship to alcohol during the late nineteenth and early twentieth centuries the years of the

national prohibition movement's rise and fall. Bringing to bear an extensive range of archival materials, Davis offers a novel perspective on a previously unstudied area of American Jewish economic activity: the making and selling of liquor, wine, and beer, and reveals that alcohol commerce played a crucial role in Jewish immigrant acculturation and the growth of Jewish communities in the United States. But prohibition's triumph cast a pall on American Jews' history in the alcohol trade, forcing them to revise, clarify, and defend their communal and civic identities both to their fellow Americans and to themselves.

Empire of Vines Erica Hannickel, 2013-11. *Empire of Vines* traces the development of wine culture as grape growing expanded from New York to the Midwest before gaining ascendancy in California, a progression that illustrates viticulture's centrality to the nineteenth-century American projects of national expansion and the formation of a national culture.

Select Wine Bibliographies - 2nd Edition Warren R. Johnson, 2023-01-24. *Select Wine Bibliographies* includes published works from the 1600s through 2023. All listings are works published in the English language. Each book includes an ISBN when available, the format (hardcover, softcover, digital, or manuscript), as well as any notes that may list subsequent editions or other pertinent information. Thirteen major subjects are included, with over 2300 listings. The goal is to first list first editions in hardcover when possible; otherwise, if later editions are more relevant, they become the primary source. Many of these works may have been published in additional formats. Thirteen major subjects are included, with over 2300 listings.

Hungover Shaughnessy Bishop-Stall, 2018-11-20. Bishop Stall insists that hangovers are worthy of a cure. After years of dogged research around the globe, he finds one just in time for the holidays. *Washington Post*: An irreverent, well-oiled memoir. Bishop Stall packs his book with humorous and enlightening asides about alcohol. *The Wall Street Journal*: One intrepid reporter's quest to learn everything there is to know about hangovers, trying all of the cures he can find and explaining how and if they work. All so rest of us don't have to. We've all been there. One minute you're fast asleep, and in the next you're tumbling from dreams of deserts and demons into semi-consciousness, mouth full of sand, head throbbing. You're hungover. Courageous journalist Shaughnessy Bishop Stall has gone to the front lines of humanity's age-old fight against hangovers to settle once and for all the best way to get rid of the aftereffects of a night of indulgence, short of not drinking in the first place. Hangovers have plagued human beings for about as long as civilization has existed, and arguably longer, so there has been plenty of time for cures to be concocted. But even in 2018, little is actually known about hangovers, and less still about how to cure them. Cutting through the rumor and the myth, *Hungover* explores everything from polar bear swims to saline IV drips to the age-old hair of the dog to let us all know which ones actually work. And along the way, Bishop Stall regales readers with stories from humanity's long and fraught relationship with booze and shares the advice of everyone from Kingsley Amis to a man in a pub.

The Grapes of Conquest Julia Ornelas-Higdon, 2023-11. Honorable Mention for the 2024 OAH Frederick Jackson Turner Award. California's wine country conjures images of pastoral vineyards and cellars lined with oak barrels. As a mainstay of the state's economy, California wines occupy the popular imagination like never before and drive tourism in

famous viticultural regions across the state. Scholars know remarkably little, however, about the history of the wine industry and the diverse groups who built it. In fact, contemporary stereotypes belie how the state's commercial wine industry was born amid social turmoil and racialized violence in eighteenth and nineteenth century California. In *The Grapes of Conquest*, Julia Ornelas Higdon addresses these gaps in the historical narrative and popular imagination. Beginning with the industry's inception at the California missions, Ornelas Higdon examines the evolution of wine growing across three distinct political regimes: Spanish, Mexican, and American, through the industry's demise after Prohibition. This interethnic study of race and labor in California examines how California Natives, Mexican Californios, Chinese immigrants, and Euro-Americans came together to build the industry. Ornelas Higdon identifies the birth of the wine industry as a significant missing piece of California history, one that reshapes scholars' understandings of how conquest played out, how race and citizenship were constructed, and how agribusiness emerged across the region. *The Grapes of Conquest* unearths the working-class, multiracial roots of the California wine industry, challenging its contemporary identity as the purview of elite populations.

America's Book Mark A. Noll, 2022. Noll's magisterial work highlights not only the centrality of the Bible for the nation's most influential religious figures—Methodist Francis Asbury, Richard Allen of the African Methodist Episcopal Church, Catholic Bishop Francis Kenrick, Jewish scholar Solomon Schechter, agnostic Robert Ingersoll—but also why it was important for presidents like Abraham Lincoln, notable American women like Harriet Beecher Stowe, Elizabeth Cady Stanton, and Frances Willard, dedicated campaigners for civil rights like Frederick Douglass, and Francis Grimké, lesser-known figures like Black authors Maria Stewart and Harriet Jacobs, and a host of others of high estate and low.

The Bar and Beverage Book Costas Katsigris, Chris Thomas, 2012-06-05. *The Bar and Beverage Book* explains how to manage the beverage operation of a restaurant, bar, hotel, country club, or any place that serves beverages to customers. It provides readers with the history of the beverage industry and appreciation of wine, beer, and spirits; information on equipping, staffing, managing, and marketing a bar; and the purchase and mixology of beverages. New topics in this edition include changes to regulations regarding the service of alcohol, updated sanitation guidelines, updates to labor laws, and the employment of staff and how to make your operation more profitable. New trends in spirits, wine, and beer are also covered.

Whitebread Protestants NA, 2016-09-27. At the beginning of *Whitebread Protestants*, Daniel Sack writes, "When I was young, church meant food. Decades later, it's hard to point to particular events, but there are lots of tastes, smells, and memories, such as the taste of dry cookies and punch from coffee hour, or that strange orange drink from vacation Bible school." And so he begins this fascinating look at the role food has played in the daily life of the white Protestant community in the United States. He looks at coffee hours, potluck dinners, ladies' afternoon teas, soup kitchens, communion elements, and a variety of other things. A blend of popular culture, religious history, and the growing field of food studies, the book will reveal both conflict and vitality in unexpected places in American religious life.

Grape Man of Texas Roy Renfro, 2008-10-01. *Grape Man of Texas* is the first biography of Thomas Volney Munson.

1843 1913 the internationally recognized horticulturist who developed over 300 new varieties of grapes some of which are still grown today on almost every continent He is perhaps best known for his work in fighting the phylloxera epidemic of the late nineteenth century which nearly destroyed the world's vineyards His solution grafting vinifera onto certain resistant native rootstocks from Texas earned him the Chevalier du Merite Agricole in the French Legion of Honor and numerous accolades This second edition introduces new insights into the phylloxera period Munson's many papers and publications and his far sighted grasp of the needs of twentieth century agriculture and transportation It details the continuing influence of both his research and his hybrid grapes on modern viticulture and new varieties of vitis that have been bred from them around the world

Alcohol Janet Chrzan, 2013-01-17 Alcohol Social Drinking in Cultural Context critically examines alcohol use across cultures and through time This short text is a framework for students to self consciously examine their beliefs about and use of alcohol and a companion text for teaching the primary concepts of anthropology to first or second year college students

The ^AOxford Companion to American Food and Drink Andrew F. Smith, 2007-05-01 Building on the highly praised and deliciously browseable two volume compendium the Oxford Encyclopedia of Food and Drink in America this new work serves up everything you could ever want to know about American consumables and their impact on popular culture and the culinary world Within its pages for example we learn that Lifesavers candy owes its success to the canny marketing idea of placing the original flavor mint next to cash registers at bars Patrons who bought them to mask the smell of alcohol on their breath before heading home soon found they were just as tasty sober and the company began producing other flavors Edited by Andrew Smith a writer and lecturer on culinary history the Companion serves up more than just trivia however including hundreds of entries on fast food celebrity chefs fish sandwiches regional and ethnic cuisine food science and historical food traditions

Alcohol Roderick Phillips, 2014 In this innovative book on the attitudes toward and consumption of alcohol Rod Phillips surveys a 9 000 year cultural and economic history uncovering the tensions between alcoholic drinks as healthy staples of daily diets and as objects of social political and religious anxiety In the urban centers of Europe and America where it was seen as healthier than untreated water alcohol gained a foothold as the drink of choice but it has been regulated by governmental and religious authorities more than any other commodity As a potential source of social disruption alcohol created volatile boundaries of acceptable and unacceptable consumption and broke through barriers of class race and gender Phillips follows the ever changing cultural meanings of these potent potables and makes the surprising argument that some societies have entered post alcohol phases Jacket

Nectar and Ambrosia Tamra Andrews, 2000-10-26 A publishing first Nectar and Ambrosia presents an encyclopedic treatment of the magic properties and uses of food by mortals and immortals alike from the pages of myth and legend Now for the first time the magic properties and uses of food by both mortals and immortals as represented in the world's myths and legends are brought together and explained in Nectar and Ambrosia This A Z volume is filled with an abundance of exotic lore and legend

Food, Feasts, and

Faith Paul Fieldhouse,2017-04-17 An indispensable resource for exploring food and faith this two volume set offers information on food related religious beliefs customs and practices from around the world Why do Catholics eat fish on Fridays Why are there retirement homes for aged cows in India What culture holds ceremonies to welcome the first salmon More than five billion people worldwide claim a religious identity that shapes the way they think about themselves how they act and what they eat *Food Feasts and Faith An Encyclopedia of Food Culture in World Religions* explores how the food we eat every day often serves purposes other than to keep us healthy and stay alive we eat to express our faith and to adhere to ethnic or cultural traditions that are part of who we are This book provides readers with an understanding of the rich world of food and faith It contains more than 200 alphabetically arranged entries that describe the beliefs and customs of well established major world religions and sects as well as those of smaller faith communities and new religious movements The entries cover topics such as religious food rules religious festivals and symbolic foods and vegetarianism and veganism as well as general themes such as rites of passage social justice hospitality and compassion Each entry on religion explains what the religious dietary laws and guidelines are and how these were interpreted and put into practice historically and in modern settings The coverage also includes important festivals and feast days as well as significant religious figures and organizations Additionally some 160 sidebars provide examples and more detailed information as well as fun facts **Cup**

Overflowing Gisela H. Kreglinger,2024-10-22 Wine is the most talked about food in the Bible and yet western Christianity has largely neglected this important biblical theme and fragrant gift of God Have you ever wondered what Jesus would drink Was his family perhaps involved in growing vines and making wine What would their family celebrations have been like And what might this tell us about God and how he wants us to live today Food and wine have become such hot topics in our culture and yet there is so much confusion and ambivalence around it as well We are so far removed from the world of the Bible and the agrarian life that it represents It is hard to envision the farms and fruit orchards the village wells and sheep herds the olive groves and vineyards that Jesus would have walked by every day Drawing on her upbringing in a long standing family tradition of winemakers and her degrees in biblical studies and spiritual theology Gisela Kreglinger introduces readers in a light hearted way to the theme of wine in the Bible throughout the history of the church and in the church s feasting and fellowship today She also addresses how many Christians are fearful or concerned about wine because of the challenges of alcohol abuse how to nurture a culture of healing from such disorders and how we are called to celebrate God s gift of wine to grow into a fuller understanding of the gospel as we await the return of the Bridegroom Jesus Christ In this book Gisela shows Christians that wine is a gift from God that we are to receive with gratitude and enjoy in wholesome communal and redemptive ways Features include Instructions for holding a wine tasting as a spiritual practice A biblical and theological reflection on the True Vine of John 15 A discussion guide for developing a healthy drinking culture **Seeking**

the Sacred with Psychoactive Substances J. Harold Ellens,2014-10-28 Can drugs be used intelligently and responsibly to

expand human consciousness and heighten spirituality This two volume work presents objective scientific information and personal stories aiming to answer the question The first of its kind this intriguing two volume set objectively reports on and assesses this modern psycho social movement in world culture the constructive medical use of entheogens and related mind altering substances Covering the use of substances such as ayahuasca cannabis LSD peyote and psilocybin the work seeks to illuminate the topic in a scholarly and scientific fashion so as to lift the typical division between those who are supporters of research and exploration of entheogens and those who are strongly opposed to any such experimentation altogether The volumes address the history and use of mind altering drugs in medical research and religious practice in the endeavor to expand and heighten spirituality and the sense of the divine providing unbiased coverage of the relevant arguments and controversies regarding the subject matter Chapters include examinations of how psychoactive agents are used to achieve altered states in Judaism Christianity Islam and Buddhism as well as in the rituals of shamanism and other less widely known faiths This highly readable work will appeal to everyone from high school students to seasoned professors in both the secular world and in devoted church groups and religious colleges

Values in Landscape Architecture and Environmental Design M. Elen Deming, 2015-11-09 The successful realization of diversity resilience usefulness profitability or beauty in landscape design requires a firm understanding of the stakeholders values This collection which incorporates a wide variety of geographic locations and cultural perspectives reinforces the necessity for clear and articulate comprehension of the many factors that guide the design process As the contributors to this collection reveal dominant and emerging social political philosophical and economic concerns perpetually assert themselves in designed landscapes from manifestations of class consciousness in Napa Valley vineyards to recurring themes and conflicts in American commemorative culture as seen in designs for national memorials One essay demonstrates the lasting impact of the doctrine of Manifest Destiny on the culture and spaces of the Midwest while another considers the shifting historical narratives that led to the de domestication and subsequent re wilding of the Oostvaardersplassen in the Netherlands These eleven essays help foster the ability to conduct a balanced analysis of various value systems and produce a lucid visualization of the necessary tradeoffs Offering an array of case studies and theoretical arguments Values in Landscape Architecture and Environmental Design encourages professionals and educators to bring self awareness precision and accountability to their consideration of landscape designs

High Culture Christopher Partridge, 2018-06-01 History is littered with evidence of humanity s fascination with drugs and the pursuit of altered states From early Romanticism to late nineteenth century occultism and from fin de si cle Paris to contemporary psychedelic shamanism psychoactive substances have played catalyzing people Yet serious analysis of the religious dimensions of modern drug use is still lacking the use of drugs and the pursuit of transcendence from the nineteenth century to the present day Beginning with the Romantic fascination with opium it chronicles the discovery of anesthetics the psychiatric and religious interest in hashish the bewitching power of mescaline and hallucinogenic fungi the

more recent uses of LSD as well as the debates surrounding drugs and religious experience This fascinating and wide ranging sociological and cultural history fills a major gap in the study of religion in the modern world and our understanding of the importance of countercultural thought offering new and timely insights into the controversial relationship between drugs and mystical experience

Religion And Wine A Cultural History Of Wine Drinking In The United States Introduction

In today's digital age, the availability of Religion And Wine A Cultural History Of Wine Drinking In The United States books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Religion And Wine A Cultural History Of Wine Drinking In The United States books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Religion And Wine A Cultural History Of Wine Drinking In The United States books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Religion And Wine A Cultural History Of Wine Drinking In The United States versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Religion And Wine A Cultural History Of Wine Drinking In The United States books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Religion And Wine A Cultural History Of Wine Drinking In The United States books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Religion And Wine A Cultural History Of Wine Drinking In The United States books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for

a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Religion And Wine A Cultural History Of Wine Drinking In The United States books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Religion And Wine A Cultural History Of Wine Drinking In The United States books and manuals for download and embark on your journey of knowledge?

FAQs About Religion And Wine A Cultural History Of Wine Drinking In The United States Books
