Religion In Victorian Britain Culture And Empire:

Religion in Victorian Britain: Culture and empire Gerald Parsons, 1988 Nineteenth-Century Religion, Literature and Society Naomi Hetherington, Clare Stainthorp, 2020-12-14 This four volume historical resource provides new opportunities for investigating the relationship between religion literature and society in Britain and its imperial territories by making accessible a diverse selection of harder to find primary sources These include religious fiction poetry essays memoirs sermons travel writing religious ephemera unpublished notebooks and pamphlet literature Spanning the long nineteenth century c 1789 1914 the resource departs from older models of the Victorian crisis of faith in order to open up new ways of conceptualising religion Volume four on Disbelief and New Beliefs explores the transformation of the religious landscape of Britain and its imperial territories during the nineteenth century as a result of key cultural and intellectual forces

Empires of Religion H. Carey, 2008-11-13 A sparkling new collection on religion and imperialism covering Ireland and Britain Australia Canada the Cape Colony and New Zealand Botswana and Madagascar Bursting with accounts of lively characters and incidents from around the British world this collection is essential reading for all students of religious and imperial history **The Science of Religion in Britain, 1860-1915** Marjorie Wheeler-Barclay, 2010-10-21 Marjorie Wheeler Barclay argues that although the existence and significance of the science of religion has been barely visible to modern scholars of the Victorian period it was a subject of lively and extensive debate among nineteenth century readers and audiences She shows how an earlier generation of scholars in Victorian Britain attempted to arrive at a dispassionate understanding of the psychological and social meanings of religious beliefs and practices a topic not without contemporary resonance in a time when so many people feel both empowered and threatened by religious passion and provides the kind of history she feels has been neglected Wheeler Barclay examines the lives and work of six scholars Friedrich Max Müller Edward B Tylor Andrew Lang William Robertson Smith James G Frazer and Jane Ellen Harrison She illuminates their attempts to create a scholarly non apologetic study of religion and religions that drew upon several different disciplines including anthropology sociology the classics and Oriental studies and relied upon contributions from those outside as well as within the universities This intellectual enterprise variously known as comparative religion the history of religions or the science of religion was primarily focused on non Christian religions Yet in Wheeler Barclay s study of the history of this field within the broad contexts of Victorian cultural intellectual social and political history she traces the links between the emergence of the science of religion to debates about Christianity and to the history of British imperialism the latter of which made possible the collection of so much of the ethnographic data on which the scholars relied and which legitimized exploration and conquest Far from promoting an anti religious or materialistic agenda the science of religion opened up cultural space for an exploration of religion that was not constricted by the terms of contemporary conflicts over Darwin and the Bible and that made it possible to think in new and more flexible ways about the very definition of religion **The**

Redcoat and Religion Michael Snape, 2013-01-11 This compelling study presents the most comprehensive examination available of the role of religion in the army during the eighteenth and nineteenth centuries Through extensive analysis of official military sources religious publications and personal memoirs Michael Snape challenges the widely held assumption that religion did not play a role in the British Army until the mid Victorian period and demonstrates that the British soldier was highly susceptible to religious influences long before the Crimean War and Indian Mutiny rendered the subject of wider public concern In *The Redcoat and Religion* Snape argues that religion was of significant even defining importance to the British soldier and reveals the enduring strength and vitality of religion in contemporary British society challenging the view that the popular religious culture of the era was wholly dependent upon the presence and activities of women Students of British history military history and religion will all find this an insightful resource for their studies

A Companion to Nineteenth-Century Britain Chris Williams, 2008-04-15 *A Companion to Nineteenth Century Britain* presents 33 essays by expert scholars on all the major aspects of the political social economic and cultural history of Britain during the late Georgian and Victorian eras Truly British rather than English in scope Pays attention to the experiences of women as well as of men Illustrated with maps and charts Includes guides to further reading

The Church in the Nineteenth Century Frances Knight, 2008-04-07 The nineteenth century was one of the most fascinating and volatile periods in Christian history It was during this time that Christianity evolved into a truly global religion which led to an ever greater variety of ways for Christians to express and profess their faith Frances Knight addresses the crucial question of how Christianity contributed to individual identity in a context of widespread urbanisation and modernisation She explores important topics such as the Evangelical revival led by the likes of the founder of the Christian Mission later the Salvation Army William Booth the Oxford Movement under Newman Keble and Pusey Mormonism and Protestant revivalism in the USA socialism and the impacts of Karl Marx and anarchism continuing theological divisions between Protestants and Catholics and the development of pilgrimage and devotion at places like Lourdes and Knock Her book also examines the most significant intellectual trends such as the rise of critical approaches to the Bible and the different directions that these took in Britain and America The author's unique emphasis on the ordinary experience of Christians worldwide makes her volume indispensable for students and general readers who will be fascinated by this sensitive twenty first century perspective on the nineteenth century

Suscribing to Faith? The Anglican Parish Magazine 1859-1929 Jane Platt, 2016-01-12 This book reveals the huge sales and propagandist potential of Anglican parish magazines while demonstrating the Anglican Church's misunderstanding of the real issues at its heart and its collective collapse of confidence as it contemplated social change

Anti-Catholicism and British Identities in Britain, Canada and Australia, 1880s-1920s Geraldine Vaughan, 2022-09-23 Recent debates about the definition of national identities in Britain along with discussions on the secularisation of Western societies have brought to light the importance of a historical approach to the notion of Britishness and religion This book explores anti Catholicism

in Britain and its Dominions and forms part of a notable revival over the last decade in the critical historical analysis of anti Catholicism It employs transnational and comparative historical approaches throughout thanks to the exploration of relevant original sources both in the United Kingdom and in Australia and Canada several of them untapped by other scholars It applies a four nations approach to British history thus avoiding an Anglocentric viewpoint *A Cultural History of the British Empire* John MacKenzie,2022-12-06 A compelling history of British imperial culture showing how it was adopted and subverted by colonial subjects around the world As the British Empire expanded across the globe it exported more than troops and goods In every colony imperial delegates dispersed British cultural forms Facilitated by the rapid growth of print photography film and radio imperialists imagined this new global culture would cement the unity of the empire But this remarkably wide ranging spread of ideas had unintended and surprising results In this groundbreaking history John M MacKenzie examines the importance of culture in British imperialism MacKenzie describes how colonized peoples were quick to observe British culture and adapted elements to their own ends subverting British expectations and eventually beating them at their own game As indigenous communities integrated their own cultures with the British imports the empire itself was increasingly undermined From the extraordinary spread of cricket and horse racing to statues and ceremonies MacKenzie presents an engaging imperial history one with profound implications for global culture in the present day

Periodizing Secularization Clive D. Field,2019-10-31 Moving beyond the now somewhat tired debates about secularization as paradigm theory or master narrative Periodizing Secularization focuses upon the empirical evidence for secularization viewed in its descriptive sense as the waning social influence of religion in Britain Particular emphasis is attached to the two key performance indicators of religious allegiance and churchgoing each subsuming several sub indicators between 1880 and 1945 including the first substantive account of secularization during the fin de si cle A wide range of primary sources is deployed many of them relatively or entirely unknown and with due regard to their methodological and interpretative challenges On the back of them a cross cutting statistical measure of active church adherence is devised which clearly shows how secularization has been a reality and a gradual not revolutionary process The most likely causes of secularization were an incremental demise of a Sabbatarian culture coupled with the associated emergence of new leisure opportunities and transport links and of religious socialization in the church at home and in the school The analysis is also extended backwards to include a summary of developments during the eighteenth and early nineteenth centuries and laterally to incorporate a preliminary evaluation of a six dimensional model of diffusive religion demonstrating that these alternative performance indicators have hitherto failed to prove that secularization has not occurred The book is designed as a prequel to the author s previous volumes on the chronology of British secularization Britain s Last Religious Revival 2015 and Secularization in the Long 1960s 2017 Together they offer a holistic picture of religious transformation in Britain during the key secularizing century of 1880 1980 *Representations of Indian Muslims*

in British Colonial Discourse A. Padamsee,2005-08-02 This study questions current views that Muslims represented a secure point of reference for the British understanding of colonial Indian society Through revisionary readings of a wide range of texts it re examines the basis of the British misperception of Muslim conspiracy during the Mutiny Arguing that this belief stemmed from conflicts inherent to the secular ideology of the colonial state it shows how in the ensuing years it produced representations ridden with paradox and requiring a form of descriptive segregation **Religion in History** John

Wolffe,2004 This is an integrated collection of essays by leading scholars that looks at issues of conflict conversion and coexistence in the religious context since the third century The range of topics explored include paganism and Christianity in the later Roman world the Crusades the impact of the Reformation in Britain and Ireland subsequent Protestant Catholic conflict the Hindu Renaissance in nineteenth century India the Palestinian Israeli conflict Britain in the 1960s women and the ministry and Christianity Judaism and the Holocaust The book concludes by offering an historical perspective on religion conflict and coexistence in the world today Published in association with The Open University this is a student friendly and accessible volume **'The better class' of Indians** A. Wainwright,2017-03-01 This is the first book length study to focus

primarily on the role of class in the encounter between South Asians and British institutions in the United Kingdom at the height of British imperialism In a departure from previous scholarship on the South Asian presence in Britain The better class of Indians emphasizes the importance of class as the register through which British polite society interpreted other social distinctions such as race gender and religion Drawing mainly on unpublished material from the India Office Records the National Archives and private collections of charitable organizations this book examines not only the attitudes of British officials towards South Asians in their midst but also the actual application of these attitudes in decisions pertaining to them This fascinating book will be of particular interest to scholars and general readers of imperialism immigration as well as British and Indian social history **The Palgrave Handbook of Christianity in Africa from Apostolic Times to the Present** Andrew Eugene Barnes,Toyin Falola,2024-03-07 This comprehensive Handbook provides chapter length surveys of

the history of Christian missions and Christian churches on the African continent since the time of Christ Africa is rapidly becoming the most Christianized region of the world While common narratives about Christianity tend to present Christianity as a set of ideas and beliefs imposed on Africa from the outside such narratives hold little meaning for African Christians or for those seeking to understand Christianity in Africa as an indigenous faith The aim of the Handbook is to propose a set of scholarly starting points for a new set of narratives The chapters collected here communicate an idea of Christianity as it has been embraced among African peoples at particular historical moments It therefore grants voice to the various strands of African Christianity on their own terms and offers scholarly study of what these voices teach us about how the world s most adhered to religion is practiced and understood on the continent of Africa Secular War Stacey Gutkowski,2013-11-27

How have long standing and unconscious secular assumptions about religion shaped the post 9 11 climate and its wars

Stacey Gutkowski explores this little examined yet crucial element of British perceptions of and policy towards Jihadism over the last decade to draw critical conclusions about the relationship between war and the secular. She points to a surprisingly coherent body of secular beliefs that have fuelled policies in Iraq Afghanistan and counter terrorism and that have had mixed results responsible for both positive strategies and tragic errors. The theory Gutkowski develops on the impact of this secular approach to warfare holds a broader global significance and cannot be viewed as just a British phenomenon. This book addresses ongoing and critical debates such as the overreach of Western liberal interventionism in the Middle East and speaks to policy makers security analysts and students of IR Foreign Policy and Security Studies.

Communal Violence in the British Empire Mark Doyle, 2016-08-11 Joint winner of the North American Conference on British Studies 2017 Stansky Book Prize for the best book on British Studies since 1800. *Communal Violence in the British Empire* focuses on how Britons interpreted, policed and sometimes fostered violence between different ethnic and religious communities in the empire. It also asks what these outbreaks meant for the power and prestige of Britain among subject populations. Alternating between chapters of engaging narrative and chapters of careful cross colonial analysis, Mark Doyle uses outbreaks of communal violence in Ireland the West Indies and South Asia to uncover the inner workings of British imperialism: its guiding assumptions, its mechanisms of control, its impact and its limitations. He explains how Britons used communal violence to justify the imperial project even as that project was creating the conditions for more violence. Above all, this book demonstrates how communal violence exposed the limits of British power and in time helped lay the groundwork for the empire's collapse. This book shows how violence and the British state's handling thereof was a fundamental part of the imperial experience for colonizer and colonized alike. It offers a new perspective on the workings of empire that will be of interest to any student of imperial or world history.

The Imperial Horizons of British Protestant Missions, 1880-1914 Andrew N. Porter, 2003. Christian missions have long been associated with the growth of empire and colonial rule. For just as long, the nature and consequences of that association have provoked animated debate over such themes as culture and identity. This volume brings together studies of changing attitudes and practices in Protestant missions during the hectic decades of European imperial and territorial expansion between 1880 and 1914. Written by acknowledged experts, *The Imperial Horizons of British Protestant Missions* includes chapters on the imperial and ecclesiastical ambitions of the high church Society for the Propagation of the Gospel, the role of empire as an arena for working out Christian understandings of atonement, the international politics of the missionary movement, conflicting understandings of race, missionary strategies and the transfer of Western scientific knowledge, Indian nationalist responses to Christian teaching and changing interpretations of Western missionary methods in China and of female missionary roles in South Africa. Contributors: D W Bebbington, John W de Gruchy, Deborah Gaitskell, John M MacKenzie, Chandra Mallampalli, Steven Maughan, Lauren F Pfister, Andrew Porter, Andrew C Ross, Brian Stanley.

Religion Versus Empire? Andrew Porter, 2004-10-29. This is the only book that addresses

the relations between religion Protestant missions and empire building linking together all three fields of study by taking as its starting point the early eighteenth century Anglican initiatives in colonial North America and the Caribbean It considers how the early societies of the 1790s built on this inheritance and extended their own interests to the Pacific India the Far East and Africa Fluctuations in the vigor and commitment of the missions changing missionary theologies and the emergence of alternative missionary strategies are all examined for their impact on imperial expansion Other themes include the international character of the missionary movement Christianity's encounter with Islam and major figures such as David Livingstone the state and politics and humanitarianism all of which are viewed in a fresh light

British Philanthropy in the Globalizing World Roshan Allpress, 2024-02-16 Between 1756 and 1840 philanthropy in the British world grew from the domain of small associational committees to a vast enterprise of philanthropic and humanitarian societies with global reach British Philanthropy in the Globalizing World tells the story of this movement from its inception in small networks of mercantile and religious entrepreneurs to its signal projects and achievements in the abolition of slavery in evangelical missionary societies Bible societies and in the early indigenous rights movement It traces the lives and networks of hundreds of philanthropists across four generations showing how their social religious economic intellectual and cultural worlds intersected to foster philanthropic innovation through organisational models transnational networks and the creation of a unique formative culture It shows how groups such as the Clapham Sect including William Wilberforce Henry Thornton Hannah More James Stephen and others emerged in an intergenerational context and how they sought to effect social and cultural change across multiple spheres For every headline achievement there were many failed experiments inner wrestlings and long running intellectual collaborations that left a wide and deep imprint on the cultural and political landscape of the English speaking world Drawing on the separate historiographies of metropolitan philanthropy associational culture anti slavery moral reform Evangelicalism colonial missions and economic thought the study unites into one analytical frame both the imaginative and organizational realities of philanthropy offering a dual focus on individual philanthropists their inner lives daily practices and participation in collaborative communities and on mapping the networks that bound philanthropic societies and projects together in metropolitan London and at the far reaches of the British world In doing so it offers a very human portrait of these entrepreneurs and evangelicals as they pursued a philanthropic global vision

Religion In Victorian Britain Culture And Empire Introduction

In the digital age, access to information has become easier than ever before. The ability to download Religion In Victorian Britain Culture And Empire has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Religion In Victorian Britain Culture And Empire has opened up a world of possibilities. Downloading Religion In Victorian Britain Culture And Empire provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Religion In Victorian Britain Culture And Empire has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Religion In Victorian Britain Culture And Empire. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Religion In Victorian Britain Culture And Empire. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Religion In Victorian Britain Culture And Empire, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Religion In Victorian Britain

Culture And Empire has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

FAQs About Religion In Victorian Britain Culture And Empire Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Religion In Victorian Britain Culture And Empire is one of the best book in our library for free trial. We provide copy of Religion In Victorian Britain Culture And Empire in digital format, so the resources that you find are reliable. There are also many Ebooks of related with Religion In Victorian Britain Culture And Empire. Where to download Religion In Victorian Britain Culture And Empire online for free? Are you looking for Religion In Victorian Britain Culture And Empire PDF? This is definitely going to save you time and cash in something you should think about.
