Key Concepts in Practice Paul R. Katz, Stefania Travagnin, 2019-05-20 In recent years the study of modern Chinese religions has developed into a highly innovative yet challenging field One of the main reasons for this involves an ongoing and largely unresolved debate regarding what methods and theories are appropriate for analyzing the wide range of beliefs and practices we encounter This series of three volumes is based on the conviction that in this critical period of research on modern Chinese religions it is time for scholars to review the development of our field reconsider its present state of theories and analytical models and open a new chapter in the understanding of methodologies we employ Our research is grounded on the need to re-evaluate concepts and practices that inform both the religious sphere and contemporary scholarship including endogenous Chinese concepts and exogenous ideas from the West and Japan that have been foundational in shaping our knowledge of the Chinese religious landscape In this third volume of our series we examine a variety of key concepts through their praxis in modern Chinese lived religions

Religions in Practice John R. Bowen, 2017-07-28 Religions in Practice provides a comprehensive and primarily theme based overview for students of the anthropology of religion Whilst covering traditional topics such as magic witchcraft and spiritual healing the book addresses key contemporary subjects including migration transnationalism nationalism secularism and law It offers an issues oriented perspective on everyday religious behaviors and examines small scale societies as well as major established religions Throughout the text Bowen engages with ongoing debates concerning the place of religion in public life He successfully balances the presentation of theory and concepts with rich case study examples integrating theoretical discussion with a wide range of cross cultural ethnographic material This seventh edition has been updated throughout The opening section now focuses more clearly on the question of what is religion and on approaches to studying religion There is more on materiality as well as a new final chapter on religious mobilizing and violence Further resources are available via a
