**David K. Adams, Cornelius A. Van
Minnen**

Religion In Strange Times The 1960s An:

Religion in Strange Times Ronald Bruce Flowers, 1984 This book attempts to explain why the religious radicalism of the sixties gave way to the conservatism of the seventies **The Religious Crisis of the 1960s** Hugh McLeod, 2007-11-23 The 1960s were a time of explosive religious change In the Christian churches it was a time of innovation from the new theology and new morality of Bishop Robinson to the evangelicalism of the Charismatic Movement and of charismatic leaders such as Pope John XXIII and Martin Luther King But it was also a time of rapid social and cultural change when Christianity faced challenges from Eastern religions from Marxism and feminism and above all from new affluent lifestyles Hugh McLeod tells in detail using oral history how these movements and conflicts were experienced in England but because the Sixties were an international phenomenon he also looks at other countries especially the USA and France McLeod explains what happened to religion in the 1960s why it happened and how the events of that decade shaped the rest of the 20th century

Religious and Secular Reform in America David K. Adams, Cornelius A. Van Minnen, 1999-06 From its earliest days the United States has provided fertile ground for reform movements to flourish In this volume twelve eminent historians assess religious and secular reform in America from the eighteenth century to the present day The essays offer a mix of general overviews and specific case studies addressing such topics as radical religion in New England leisure in antebellum America Sabbatarianism the Women s Christian Temperance Union and Evangelicalism social reform and the U S welfare state Suitable for students the essays each based on original research will also be of interest to researchers and academics working in this area as well as to all those with an interest in the history of religious and secular reform in America The Right Side of the Sixties Laura Jane Gifford, Daniel K. Williams, 2012-07-25 The 1960s were a transformative era for American politics but much is still unknown about the growth of conservatism during the period when it was radically reshaped and became the national political force that it is today In their efforts to chronicle the national politicians and organizations that led the movement previous histories have often neglected local perspectives the role of religion transnational exchange and other aspects that help to explain conservatism s enduring influence in American politics Taken together the contributions gathered here offer a cutting edge synthesis that incorporates these overlooked developments and provides new insights into the way that the 1960s shaped the trajectory of postwar conservatism The Seer of Bayside Joseph Laycock, 2015 Joseph P Laycock tells the story of Veronica Lueken a Catholic housewife in Bayside Queens New York who began receiving visions of the Virgin Mary in 1968 Lueken relayed some 300 messages from Mary Jesus and other heavenly personages over three decades and inspired followers who continue to promote her message today **Princeton in the Nation's Service** Paul Charles Kemeny, 1998 This book argues against the conventional idea that Protestantism effectively ceased to play an important role in American higher education around the end of the nineteenth century Choosing Princeton as an example P C Kemeny shows that Protestantism was not abandoned but rather modified to conform to the educational values and

intellectual standards of the modern university Drawing upon a wealth of neglected primary sources such as correspondence diaries lecture notes and publications and papers of presidents professors students and trustees the author sheds new light upon the role of religion in higher education

Authority Vested Mary Todd,2000 Like other major Protestant denominations in the United States the 2.6 million member Luther Church Missouri Synod LCMS founded in 1847 has struggled with issues of relevance and identity in society at large In this book Mary Todd chronicles the history of this struggle for identity in the LCMS critically examining the central often contentious issue of authority in relation to Scripture ministry and the role of women in the church In recounting the history of the denomination Todd uses the ministry of women as a case study to show how the LCMS has continually redefined its concept of authority in order to maintain its own historic identity Based on oral histories and solid archival research *Authority Vested* not only explores the internal life of a significant denomination but also offers critical insights for other churches seeking to maintain their Christian distinctives in religiously pluralistic America

Social Science and the Cults John A. Saliba,2019-03-20 This book first published in 1990 brings together descriptive comparative and theoretical materials on cults and sects in Western culture focusing on literature published since 1970 A historical section links the rise of the new movements to similar past phenomena in Western culture Other sections examine the methodology of studying religious movements and the various theories which have been brought to explain them current studies on traditional sects that are sometimes compared to the new religions and many studies of individual contemporary cults

Bill Bright and Campus Crusade for Christ John G. Turner,2009-11 Founded as a local college ministry in 1951 Campus Crusade for Christ has become one of the world's largest evangelical organizations today boasting an annual budget of more than 500 million Nondenominational organizations like Campus Crusade account for much of modern evangelicalism's dynamism and adaptation to mainstream American culture

Construction of Good and Evil in Iris Murdoch's Discourse Margaret L. Pachuau,2007-06-09 A Prominent Experience Of The Post War European Generation Was The Acute Inquiry About Whether Life Was Intrinsically Good Or Evil And Of The Good And Evil Combining To Make The World What It Is These Divided Moral Forces Figure Distinctively In The Fiction Of Iris Murdoch One Of The Most Prolific And Serious Contemporary Novelists She Examines The Nature Of And The Relations Between Good And Evil Innocence And Experience God And The Devil This Book Explores The Concepts Of Good And Evil As Presented By Murdoch In Relation To The Structure Of Christian Theology Pertaining To The Same Concepts Murdoch's World Is Not An Isolated World And It Is One That Is Open To Humane And Communal Fraternity She Questions The Relationships That Humans Have With The Center Along With The Centrality Of Many Of Our Human Assumptions She Recognizes At The Same Time The Deep Human Need To Be Continually Reseeking And Redefining The Center She Also Denotes Several Themes In Her Text These Include Elements Of Comedy Love Myth Magic And The Supernatural The Present Book Attempts To Delve Into The Experiences Of The Post War European Mind And The Dilemma Between Good And Evil Through Texts Of Iris Murdoch

Beginning With An Introduction To Murdoch As A Novelist And Her Contribution To Literature The Book Elucidates And Validates The Concepts Of Good And Evil In The Backdrop Of Christian Religion In Her Selected Texts In Addition It Analyses The Greek And Hebrew Traditions As Well As Language Content Of The Characters The Book Will Undoubtedly Prove Useful To Students Teachers And Researchers Of English Literature **Religion in America Since 1945** Patrick Allitt,2003

Identifying the major trends and telling moments within both major denominations and other less formal religious movements Allitt asks how these religious groups have shaped and been shaped by some of the most important and divisive political issues and events of the last half century including the Cold War the Civil Rights Movement the Vietnam War feminism and the sexual revolution abortion rights and the antinuclear and environmentalist movements **The Spiritual Legacy of Henri Nouwen** Deirdre LaNoue,2000-10-01 In 1969 the year following the death of Thomas Merton Henri Nouwen published his first book *Who reading Intimacy Essays in Pastoral Psychology* at the time could have guessed that its 37 year old Dutch priest author would become one of the most popular spiritual writers of the 20th century Unlike Merton whose strictly spiritual writings appealed almost exclusively to Roman Catholics Nouwen had an enormous following among Protestants as well as Catholics What was it about this man and his work that so resonated with the American psyche over the past thirty years In *The Spiritual Legacy of Henri Nouwen* Deidre LaNoue analyzes Nouwen s voluminous writings in the context of his life and times providing a key to his more than forty individual books as well as a cogent summary of his contribution to the spiritual lives of millions of people The book includes a complete bibliography of Nouwen s writings as well as a Scripture index of his books Religion and the Demographic Revolution Callum G. Brown,2012 In the 1960s Christian religious practice and identity declined rapidly and women s lives were transformed spawning a demographic revolution in sex family and work The argument of this book is that the two were intimately connected triggered by an historic confluence of factors *Piety and Public Funding* Axel R. Schäfer,2012-06-28 How is it that some conservative groups are viscerally antigovernment even while enjoying the benefits of government funding In *Piety and Public Funding* historian Axel R Sch fer offers a compelling answer to this question by chronicling how in the first half century since World War II conservative evangelical groups became increasingly adept at accommodating their hostility to the state with federal support Though holding to the ideals of church state separation evangelicals gradually took advantage of expanded public funding opportunities for religious foreign aid health care education and social welfare This was especially the case during the Cold War when groups such as the National Association of Evangelicals were at the forefront of battling communism at home and abroad It was evident too in the Sunbelt where the military industrial complex grew exponentially after World War II and where the postwar right would achieve its earliest success Contrary to evangelicals own claims liberal public policies were a boon for not a threat to their own institutions and values The welfare state forged during the New Deal and renewed by the Great Society hastened not hindered the ascendancy of a conservative political movement that would in turn use its

resurgence as leverage against the very system that helped create it By showing that the liberal state's dependence on private and nonprofit social services made it vulnerable to assaults from the right Piety and Public Funding brings a much needed historical perspective to a hotly debated contemporary issue the efforts of both Republican and Democratic administrations to channel federal money to faith based organizations It suggests a major reevaluation of the religious right which grew to dominate evangelicalism by exploiting institutional ties to the state while simultaneously brandishing a message of free enterprise and moral awakening

God's Own Party Daniel K. Williams, 2012-07-12 In *God's Own Party* Daniel K Williams presents the first comprehensive history of the Christian Right uncovering how evangelicals came to see the Republican Party as the vehicle through which they could reclaim America as a Christian nation

Christianity and Comics Blair Davis, 2024 This book presents an 80 year history of how the comics industry has drawn inspiration from biblical imagery stories and themes Charting how comics have both reflected and influenced Americans changing attitudes towards religion it includes underground comix books from Christian publishers and a vast array of DC Marvel and Dark Horse titles from Hellboy to Preacher

Original Sin and Everyday Protestants Finstuen, 2010-07-13 In the years following World War II American Protestantism experienced tremendous growth but conventional wisdom holds that midcentury Protestants practiced an optimistic progressive complacent and materialist faith In *Original Sin and Everyday Protestants* historian Andrew Finstuen argues against this prevailing view showing that theologian

The Voice of Conscience Lewis Baldwin, 2010-09-28 Martin Luther King Jr is celebrated widely as the quintessential model of Christian activism in his time but his understanding of and vision for the church has been surprisingly neglected In this book Lewis V Baldwin contends that King was fundamentally a man of the church Beginning with King's roots in Atlanta's Ebenezer Baptist Church Baldwin traces the evolution of King's attitude toward the church through his college seminary graduate school and civil rights years The emphasis is on King's concept of the church as the voice of conscience Baldwin persuasively claims that King challenged the church over the need for a higher spiritual and ethical ideal and that King's moral leadership and eventual martyrdom did much to reestablish the credibility of the church at a time when some theologians were declaring the death of God Baldwin critiques the contemporary church on the basis of King's prophetic model and concludes by insisting that this model not the entrepreneurial spirituality of the contemporary megachurches embodies the best potential for much needed church renewal

The Oxford Handbook of Eschatology Jerry L. Walls, 2007-12-03 Eschatology is the study of the last things death judgment the afterlife and the end of the world Through centuries of Christian thought from the early Church fathers through the Middle Ages and the Reformation these issues were of the utmost importance In other religions too eschatological concerns were central After the Enlightenment though many religious thinkers began to downplay the importance of eschatology which in light of rationalism came to be seen as something of an embarrassment The twentieth century however saw the rise of phenomena that placed eschatology back at the forefront of religious thought From the rapid expansion of

fundamentalist forms of Christianity with their focus on the end times to the proliferation of apocalyptic new religious movements to the recent and very public debates about suicide martyrdom and paradise in Islam interest in eschatology is once again on the rise In addition to its popular resurgence in recent years some of the worlds most important theologians have returned eschatology to its former position of prominence The Oxford Handbook of Eschatology will provide an important critical survey of this diverse body of thought and practice from a variety of perspectives biblical historical theological philosophical and cultural This volume will be the primary resource for students scholars and others interested in questions of our ultimate existence **Empowering the People of God** Christopher D. Denny, Mary Beth Fraser Connolly, 2013-11-01 The early 1960s were a heady time for Catholic laypeople Pope Pius XII s assurance You do not belong to the Church You are the Church emboldened the laity to challenge Church authority in ways previously considered unthinkable Empowering the People of God offers a fresh look at the Catholic laity and its relationship with the hierarchy in the period immediately preceding the Second Vatican Council and in the turbulent era that followed This collection of essays explores a diverse assortment of manifestations of Catholic action ranging from genteel reform to radical activism and an equally wide variety of locales apostolates and movements
