Religion In The Liberal Polity

Nigel Biggar, Linda Hogan

Religion In The Liberal Polity:

Religion in the Liberal Polity Terence Cuneo, 2005 A collection of essays on the subject of religion public discourse and modern liberal democracy The essays are divided into two sections including a number of well known contributors 1 Foundations Rights and Authorities 2 Religious Reasons and Virtuous Conduct *Free Exercise of Religion in the Liberal Polity* Emily R. Gill, 2019-08-21 This book addresses the challenge of providing for the free exercise of religion without allowing religious exercise by some individuals and groups to impinge upon the conscientious convictions of others State neutrality toward religion is impossible because neutrality means inattention to religion for some but leveling the playing field through accommodations or exemptions for others Both formal and substantive neutrality have a place in addressing particular conflicts One such example is public funding for religiously affiliated social service programs for which neither type of neutrality is satisfactory and thus some restrictions are justifiable conversely private voluntary organizations that do not receive direct public funding should be allowed wide latitude regarding their practices This title also examines the expansive free exercise claims that are now made by those who argue that following the law impinges upon their beliefs as exemplified by the ministerial exception and the Hobby Lobby and Masterpiece Cakeshop Supreme Court cases It concludes by analyzing the relationship between neutrality and marriage as a civil status which impacts a variety of commitment types and plural marriage *Liberal Politics and Public Faith* Kevin Vallier, 2014-06-13 In the eyes of many liberalism requires the aggressive secularization of social institutions especially public media and public schools The unfortunate result is that many Americans have become alienated from the liberal tradition because they believe it threatens their most sacred forms of life This was not always the case in American history the relation between liberalism and religion has often been one of mutual respect and support In *Liberal Politics and Public Faith Beyond Separation* Kevin Vallier attempts to reestablish mutual respect by developing a liberal political theory that avoids the standard liberal hostility to religious voices in public life He claims that the dominant form of academic liberalism public reason liberalism is far friendlier to religious influences in public life than either its proponents or detractors suppose The best interpretation of public reason convergence liberalism rejects the much derided privatization of religious belief instead viewing religious contributions to politics as a resource for liberal political institutions Many books reject privatization *Liberal Politics and Public Faith Beyond Separation* is unique in doing so on liberal grounds *Classical Liberalism* D. Conway, 1998-10-05 This text defends the ideal of minimum government against the charges put forward by egalitarian welfare liberals communitarians and conservatives arguing it best advances human well being **Religious Conviction in Liberal Politics** Christopher J. Eberle, 2002-05-02 What role should a citizen's religious convictions play in her political activities Is she for example permitted to decide on the basis of her religious convictions to support laws that criminalize abortion or discourage homosexual relations Christopher Eberle is deeply at odds with the dominant orthodoxy among political theorists about the relation of religion and politics His argument is that a

citizen may responsibly ground her political commitments on religious beliefs even if her only reasons for her political commitments are religious in nature His ideal of citizenship allows citizens to engage in politics without privatizing their religious commitments and yet does not license mindless and intransigent sectarianism An inherently controversial book that offers a substantial challenge to political liberalism it will be read by students and professionals in philosophy political science law and religious studies and general readers seeking insight into the relationship between religious commitments and liberal politics

A Greener Faith Roger S. Gottlieb, 2009-10 world making political agenda that far exceeds interest group politics applied to forests and toxic incinerators Rather religious environmentalism offers an all inclusive vision of what human beings are and how we should treat each other and the rest of life Gottlieb analyzes the growing synthesis of the movement's religious social and political aspects as well as the challenges it faces in consumerism fundamentalism and globalization

Human Dignity and Liberal Politics Patrick Riordan, 2023-10-02 A deeply considered examination of the common good reconciling Catholic Social Thought with secular politics and philosophy The Second Vatican Council invites dialogue about the common good as the set of economic political legal and cultural conditions for human flourishing whether as individuals or as communities However some contemporary Catholic authors jeopardize this dialogue by polarizing liberalism and the common good interpreting the commitment to individual liberty as incompatible with commitment to the common good Human Dignity and Liberal Politics clarifies the meaning of the common good through the three lenses of Aristotelian practical philosophy twentieth century Catholic Social Thought and political liberalism It makes the case that embracing the common good does not entail a rejection of liberalism but that a commitment to liberal politics is compatible with faithful adherence to the Catholic tradition The book argues that liberal political philosophy is not only compatible with Catholic Social Teaching but may also be the most appropriate framework for communicating the richness of the Church's tradition today Furthermore accepting political liberalism can facilitate collaboration in political life between those who hold different worldviews and foster an enriched discussion of democracy human rights and religious liberty Students and scholars of Christian ethics and political philosophy will benefit from this response to the challenges of dialogue about the common good in the context of the resurgence of this topic

Religious Voices in Public Places Nigel Biggar, Linda Hogan, 2009-09-03 Drawing on political philosophy and theology theory and practice this essay collection tackles the complex questions arising from the interface of religion and public life Includes critical analyses of theorists Rawls Stout and Habermas and discussion of key issues such as religious education and human rights

Illiberal Politics and Religion in Europe and Beyond Anja Hennig, Mirjam Weiberg, 2020-12-16 Globale Migrationsbewegungen Sicherheitsbedrohungen und soziale Umwälzungen haben in den vergangenen Jahren den Aufstieg populistischer rechter Parteien und Bewegungen in Europa und im transatlantischen Raum befördert Religiöse Akteure stellen potenzielle Allianzpartner für diese Gruppierungen dar Denn religiöse Interpretationen etwa die Bezugnahme auf christliche Traditionen bieten ein Reservoir für die Konstruktion

vermeintlich nat rlicher Geschlechterordnungen exkludierender Vorstellungen homogener Nationen und anti muslimischer Narrative Dieses Buch analysiert die ideologische strukturelle und historische Verbindung von Religion und illiberalen Politiken in europ ischen Demokratien **The New Visibility of Religion** Michael Hoelzl, Graham Ward, 2008-12-09 A unique collection of essays that brings together contributions from theology aesthetics social and political science philosophy and cultural theory to examine the surge in the public visibility of religion **Political Liberalism in Muslim Societies** Fevzi Bilgin, 2011-02 This book examines Rawls s theory of political liberalism in the context of Muslim societies where religion wields a significant social and political influence Contrasting a sociological analysis with a theoretical approach the author explores the political questions brought up by religious individuals organizations and minorities and examines fundamental notions such as neutrality of state public private distinction and individual autonomy **Religious Ideas in Liberal Democratic States** Jasper Doomen, Mirjam van Schaik, 2021-07-29 Religious Ideas in Liberal Democratic States adds new context to the ongoing debate over the scope of religious freedom drawing from a variety of perspectives to discuss the meaning of religion itself within a democratic state This book argues that categorizing religion as a solely private affair is too narrow an interpretation and questions whether ideas like freedom human dignity and equality can be truly actualized in a neutral and secular state Contributors explore the impact of religion acknowledged or not on legislation human rights and group rights through legal historical and sociological lenses Scholars of constitutional law jurisprudence international law and political science will find this book particularly useful **The Political Morality of Liberal Democracy** Michael J. Perry, 2010 This important new work elaborates and defends an account of the political morality of liberal democracy **Understanding Liberal Democracy** Nicholas Wolterstorff, 2012-09-27 Understanding Liberal Democracy presents notable work by Nicholas Wolterstorff at the intersection between political philosophy and religion Alongside his influential earlier essays it includes nine new essays in which Wolterstorff develops original lines of argument and stakes out novel positions regarding the nature of liberal democracy human rights and political authority Taken together these positions are an attractive alternative to the so called public reason liberalism defended by thinkers such as John Rawls The volume will be of interest to philosophers political theorists and theologians engaging a wide audience of those interested in how best to understand the nature of liberal democracy and its relation to religion *Surviving Diversity* Jeff Spinner-Halev, 2003-04-01 While liberal advocates of multiculturalism frequently call for tolerance of those with diverse views this tolerance is often not extended to members of religious groups This lack is perhaps not surprising since the liberal ideals of autonomy equality and inclusiveness are the very ones that many religious groups particularly the more conservative ones reject Yet as Jeff Spinner Halev argues in *Surviving Diversity* any theory of multiculturalism that fails to take religious groups into account is incomplete Spinner Halev proposes three principles on which accommodation of exclusive religious groups should be based First they must provide their children with a basic education and allow adults to leave the community if they wish Second

with some exceptions they should be welcomed to participate in the public sphere since such participation often bolsters citizenship Third they should be free to exclude others from their institutions except when doing so substantially harms the citizenship of others While not condoning such extremist groups as the Branch Davidians or the Christian Identity movement Spinner Halev stresses that most religious conservatives have chosen to live a life that in a permissive Western democracy requires considerable restraint and thought He concludes by demonstrating how the ideals of multiculturalism can be extended to such citizens creating a society tolerant of even greater diversity

Religion and Politics in the Middle East

Robert D. Lee, 2018-04-19 This innovative book analyses the relationship between religion and politics in the Middle East through a comparative study of five countries Egypt Israel Turkey Iran and Saudi Arabia Robert D Lee examines each country in terms of four domains in which state and religion necessarily interact national identity ideology institutions and political culture In each domain he considers contradictory hypotheses some of them asserting that religion is a positive force for political development and others identifying it as an obstacle Among the questions the book confronts Is secularization a necessary prerequisite for democratic development How is it and why is it that religion and politics are so deeply entangled in these five countries And why is it that all five countries differ so markedly in the way they identify themselves and use religion for political purposes The book argues that the nature of religious organization and practice in the Middle East must be understood in the context of individual nation states The second edition is updated throughout and includes an entirely new chapter discussing the political and religious climate in Saudi Arabia Earlier introductory analysis has been condensed to make room for new material and chronologies at the end of each chapter have been added to help students understand the broader context The second edition of Religion and Politics in the Middle East is a robust addition to courses on the Middle East

Christianity and Liberal Politics William Henry Fremantle, 1885

Liberal Constitutionalism and its

Contemporary Challenges Gordon Albert Babst, Renée Nicole Souris, Joan McGregor, 2024-05-16 The edited volume brings together contemporary work by philosophers legal scholars and political theorists This volume presents relevant understandings of the common good democracy liberty and law and situates them in the context of contemporary countervailing pressures posed by issues in education access to medical treatment in a pandemic and the media Motivated to ascertain how democracy is threatened by a variety contemporary challenges the authors examine core aspects of law representative democracy and constitutionalism to shed light on worrisome contemporary phenomena such as social media driven conspiracy theories unequal access to education and medical treatment among other topics

Religion in

American Politics Frank Lambert, 2010-02-21 The author examines several moments in American history the sectional division of the States over slavery the conflict between Andrew Carnegie s Gospel of Wealth and Walter Rauschenbusch s Social Gospel Fundamentalism s debates with Modernism the Civil Rights Movement and the rise of the Religious Right and the Religious Left among others in which religious movements attempted to shape political movements R sum de l diteur

Politics of Piety Saba Mahmood, 2012 An analysis of Islamist cultural politics through the ethnography of a thriving grassroots women's piety movement in the mosques of Cairo Egypt Unlike those organized Islamist activities that seek to seize or transform the state this is a moral reform movement whose orthodox practices are commonly viewed as inconsequential to Egypt's political landscape The author's exposition of these practices challenges this assumption by showing how the ethical and the political are linked within the context of such movements
