# Religion Without Transcendence

**J. Hick**

## **Religion Without Transcendence:**

*Religion without Transcendence?* T. Tessin, D. Phillips, 2016-07-27 What can transcendence mean for us We live in a world in which there are many conceptions of transcendence Some philosophers say that they all point in their way to a transcendent realm without which death and life's sorrows have the last word while their opponents argue that since this realm is an illusion we must use our own resources to meet life's trials Others argue that moral and religious concepts of transcendence are obscured by philosophical notions of transcendence and must be rescued from them These conflicting views on a central issue in our culture are brought into sharp relief in the present collection *The Way of Transcendence* Alistair Kee, 1971 Thinking in the Ruins Michael P. Hodges, John Lachs, 2000 While Ludwig Wittgenstein 1889 1951 and George Santayana 1863 1952 may never have met or even have studied one another's work they experienced similar cultural conditions and their thinking took similar shapes Yet until now their respective bodies of work have been examined separately and in isolation from one another Santayana is often regarded as an aesthete and metaphysician but Wittgenstein's work is usually seen as antithetical to the philosophical approaches favored by Santayana In this insightful new study Michael Hodges and John Lachs argue that behind the striking differences in philosophical style and vocabulary there is a surprising agreement in position The similarities have largely gone unnoticed because of their divergent styles different metaphilosophies and separate spheres of influence Hodges and Lachs show that Santayana's and Wittgenstein's works express their philosophical responses to contingency Surprisingly both thinkers turn to the integrity of human practices to establish a viable philosophical understanding of the human condition Both of these important twentieth century philosophers formed their mature views at a time when the comfortable certainties of Western civilization were crumbling all around them What they say is similar at least in part because they wished to resist the spread of ruin by relying on the calm sanity of our linguistic and other practices According to both it is not living human knowledge but a mistaken philosophical tradition that demands foundations and thus creates intellectual homelessness and displacement Both thought that to get our house in order we have to rethink our social religious philosophical and moral practices outside the context of the search for certainty This insight and the projects that flowed from it define their philosophical kinship *Thinking in the Ruins* will enhance our understanding of these monumental thinkers intellectual accomplishments and show how each influenced subsequent American philosophers The book also serves as a call to philosophers to look beyond traditional classifications to the substance of philosophical thought Dialogues in the Philosophy of Religion J. Hick, 2010-04-07 This is a collection of John Hick's essays on the understanding of the world's religions as different human responses to the same ultimate transcendent reality He is in dialogue with contemporary philosophers some of whom contribute new responses with Evangelicals with the Vatican and other both Catholic and Protestant theologians **The Cambridge Companion to the First Amendment and Religious Liberty** Michael D. Breidenbach, Owen Anderson, 2020-01-09 Offers historical

philosophical legal and political insights into the First Amendment religious liberty and church state relations

Transcendence in Philosophy and Religion James E. Faulconer, 2003-04-16 Can transcendence be both philosophical and religious Do philosophers and theologians conceive of the same thing when they think and talk about transcendence Philosophy and religion have understood transcendence and other matters of faith differently but both the language and concepts of religion including transcendence reside at the core of postmodern philosophy Transcendence in Philosophy and Religion considers whether it is possible to analyze religious transcendence in a philosophical manner and if so whether there is a way for phenomenology to think transcendence directly Attention is devoted to the role of French philosophy particularly the work of Levinas Ricoeur Derrida and Marion in defining recent debates in the philosophy of religion and posing new ways of thinking about religious experience in a postmodern world *Ricoeur's Hermeneutics of Religion* Brian Gregor, 2018-11-29 Religion was a constant theme throughout Paul Ricoeur's long career and yet he never wrote a full length treatment of the topic In this important new book Brian Gregor draws on the full scope of Ricoeur's writings to lay out the essential features of his philosophical interpretation of religion from his earliest to his last work Ricoeur's central claim is that religion aims at the regeneration of human capability in his words the rebirth of the capable self This book provides a rich thematic account of Ricoeur's hermeneutics of religion showing how the theme of capability informs his changing interpretations of religion from his early work on French reflexive philosophy and the philosophy of the will to his late work on forgiveness mourning and living up to death Gregor exhibits Ricoeur's original contribution to philosophical reflection on such themes as evil suffering and violence as well as imagination embodiment and spiritual exercise He also presents a critical reconsideration of Ricoeur's separation of philosophy from theology and his philosophical interpretation of Christian theological ideas of revelation divine transcendence and personhood atonement and eschatology Additionally Gregor provides an expansive look at Ricoeur's interlocutors including Marcel Jaspers Kant Hegel Levinas and Girard Theologically inclined readers will be particularly interested in the book's treatment of Karl Barth and the Protestant theology of the Word which was a vital influence on Ricoeur The result is a study of Ricoeur that is both sympathetic and critical provocative and original inviting the reader into a deeper engagement with Ricoeur's philosophical interpretation of religion William L. Rowe on Philosophy of Religion William L. Rowe, Nick Trakakis, 2017-05-15 William Rowe is one of the leading thinkers in contemporary philosophy of religion Although he is best known for his contributions to the problem of evil he has produced innovative and influential work across a wide array of subjects at the interface between philosophy and religion He has for example written extensively on the existentialist theologian Paul Tillich on the challenging problem of divine freedom and on the traditional arguments in support of the existence of God His work in these areas is distinguished by its clarity rigour originality and sensitivity towards the claims of his theistic opponents Indeed Rowe's work has played a pivotal role in the remarkable revival of analytic philosophy of religion since the 1970s The present collection brings together for the first time

Rowe's most significant contributions to the philosophy of religion. This diverse but representative selection of Rowe's writings will provide students, professional scholars as well as general readers with stimulating and accessible discussions on such topics as the philosophical theology of Paul Tillich, the problem of evil, divine freedom, arguments for the existence of God, religious experience, life after death, and religious pluralism.

Debating Otherness with Richard Kearney: Perspectives from South Africa Daniël P. Veldsman, Yolande Steenkamp, 2018-12-31 Richard Kearney is one of the leading global thinkers in both Continental philosophy and post-metaphysical philosophy of religion as well as an esteemed Irish professor in philosophy currently teaching at Boston College, Massachusetts, USA. Professor Kearney first visited South Africa in May as a joint visiting academic of the Universities of Stellenbosch, Pretoria, and North West. The visit prompted the publication of this scholarly collected work authored by South African and international scholars. These specialists in philosophy and religious studies analysed Kearney's influential work and brought his scholarly perspectives into dialogue with other leading thinkers in the field, both from Africa and abroad. This publication will be the first collective attempt to engage his work from the perspective of the African continent. This collected work contributes significantly in an interdisciplinary way to Ricoeurian studies. The target audience of the book is peers and specialists in the field of Continental philosophy and philosophy of religion.

*Multiculturalism and the Nation in Germany* Paul Carls, 2022-08-31 *Multiculturalism and the Nation in Germany: A Study in Moral Conflict* examines the new debates surrounding matters of multiculturalism, immigration, and national identity in Germany in the wake of the 2015 Refugee Crisis. Arguing that contemporary disputes are centered around four moral ideals or ideal visions of the German community, it draws upon the thought of Émile Durkheim to identify the role of the sacred in political conflict. The book argues that at the heart of each moral ideal is a sacred object that legitimates specific policies and behaviors, and that attempts to realize moral ideals lead to conflicts involving free speech, German Memory Culture, inner-party rivalries, and political violence that go to the very essence of what it means to be German. The book includes a ground-breaking theoretical reworking of Durkheim's sociology, which it applies to the study of power and politics as well as to debates in political philosophy. This volume will appeal to scholars across disciplines with interests in political sociology, comparative politics, social and political theory, and questions of citizenship, national identity, and belonging.

Deep Change and Emergent Structures in Global Society Andrea M. Maccarini, 2019-03-01 This book addresses the problem of the transition to new forms of social order in the global world. As a haunting sense of historical discontinuity pervades Western societies, it offers a fresh perspective on the issue, focusing on two basic coordinates to pinpoint the developmental path of rapidly changing societies: one is the mechanism of unfettered social morphogenesis, and the other is the specific kind of societal unification brought about by globalization with the related closure of the world. The book draws on the theoretical work produced in the five volumes of the Springer series *Social Morphogenesis* and applies it in a sustained and concerted approach to the empirical examination of macro-social change. The first part of the book presents

the social ontology of the morphogenetic approach and discusses its capacity to interpret macrosocial transitions The second part then draws a prospective outline of the social formation known as the morphogenic society showing how unbound morphogenesis in a globalized world shapes such crucial phenomena as social norms war and violence openness and closure as adaptive responses from social organizations Lastly the third part examines the anthropological consequences of these societal trends focusing on self and character as well as on human fulfillment and the good life Religions and Religions Panikkar, Raimon ,2015-05-31 Mysticism, Ineffability and Silence in Philosophy of Religion Laura E. Weed,2023-01-13

The authors in this volume explore a wide variety of the contemporary approaches to mystical and religious experience to elucidate what religious experience is in its own terms and how its practitioners understand it This anthology features contributions that point out that contemporary studies of consciousness sociology hermeneutics neuroscience medicine and other fields are revealing that there is much more to be said for the inner life of a human s consciousness than reductionists and behaviorists will allow This book is one of very few that primarily takes the stance of academic practitioners explaining their own experience rather than that of academics trying to explain the phenomena away as really politics or sociology or delusion or psychological pathology or literary flights of fancy or an aberration of any of the other academic fields Most of the authors in this volume embrace the task of explaining and analyzing religious experience mysticism and the healing power of silence and presence using the resources of all of the academic disciplines as appropriate The essays contained analyze religious and non religious mystical and profoundly personal experiences across several world religions and in areas such as art and music as well as in solving personal crises such as family disruption and patriarchal oppression The authors address the subject matter through analyses of the frequent and destructive failures of language or just noise to capture or express the nuances of the inner life of a person It is this very ineffability of self that renders the spiritual emotional and interior life of individuals beyond cognition and perception of the straightforward sorts embraced by most cognitive disciplines The contributors come from a variety of cross disciplinary fields to bring forth the possibilities for an intuitive and creative rich and growing inner life for a human This text appeals to students researchers and practitioners **Ludwig Wittgenstein between Analytic Philosophy and Apophaticism** Sotiris Mitralaxis,2015-10-13 This volume initiates an inquiry into the relationship between Ludwig Wittgenstein s analytic stance towards philosophy and the inherently apophatic nature of his epistemology a subject that has been repeatedly hinted at but hitherto never thoroughly researched through this particular hermeneutical lens In using the term apophaticism the book is not merely referring to the theological via negativa or to tendencies towards mysticism but rather to a comprehensive epistemological stance that refuses to identify truth with its formulation and to identify the understanding of the signifier with the knowledge of its signified reality to use Christos Yannaras definition The question of whether Ludwig Wittgenstein s work can be approached as a particularly efflorescent case of the implementation of an implicitly and at times explicitly apophatic epistemology is herewith addressed

As such this volume contends that such an approach would not merely provide elucidations on apophatic epistemologies but rather shed potentially valuable hermeneutical light on Wittgenstein's work functioning as an epistemological thread running through it. Consequently the focal points here consist of questions concerning knowledge and its disclosure, ineffability, non-discursivity, the function of language, the limits of one's language as the limits of one's world and the language of religion among others. In addition the volume's contribution to shedding more light on the apophatic aspects of Ludwig Wittgenstein's philosophy is enhanced by its inclusion of a broad spectrum of different approaches with contributors ranging from Wittgenstein scholars to Patristics scholars and beyond.

*John Hick's Pluralist Philosophy of World Religions* Paul Rhodes Eddy, 2020-08-26 This title was first published in 2002. One of the most fascinating and controversial interpretations of religious diversity is religious pluralism. According to John Hick's model of religious pluralism, all the world's great religions are equally valid ways of understanding and responding to the ultimate spiritual reality. This book offers an exposition of and critical response to John Hick's model. Introducing the various interpretations of religious diversity being discussed today, this book presents constructive suggestions as to how things could be further developed to offer a more accurate, less confusing presentation of the various options in the theology of religions. The standard threefold typology of responses to religious diversity—exclusivism, inclusivism, and pluralism—are explained and defended. Hick's pluralist interpretation of religious diversity is traced, culminating in a critical assessment of Hick's pluralistic model and an up-to-date summary of a variety of critiques directed toward Hick's proposal. Paul Rhodes Eddy concludes that Hick's present model is ultimately unsuccessful in retaining both of his long-cherished goals: a robust religious realism and a consistent religious pluralism, whilst overcoming the most difficult problem for the pluralist: the fact that the world's religions understand the divine in often contradictory ways.

*Dialogue in the Global World* Janez Juhant, Vojko Strahovnik, 2014 Since contemporary societies and cultures can be characterized by growing conflicts, loss of trust, globalized interdependence, the fragility of certain individual identities, and the prevalence of select collective identities, questions concerning dialogue are of crucial importance. From a philosophical, theological, anthropological, and sociological perspective, this book addresses the challenges and opportunities of dialogue in today's world. The book's contributions look into topics such as intercultural and interreligious dialogue, the challenges for dialogue in post-communist societies in the context of modernity, the relationship between various philosophical and theological outlooks, Christian feminist theology, American pragmatism, Vattimo and dialogue, the role of dialogue in a quest for universalism and global justice. Series: Philosophy in Dialogue / Philosophie im Dialog Vol. 1.

*Foucault, Christianity and Interfaith Dialogue* Henrique Pinto, 2020-11-25 Foucault, Christianity and Interfaith Dialogue develops a new model for interfaith dialogue using the work of the French historian of ideas Michel Foucault. The author argues that it is the injustice done to the Other by Roman Catholic, Protestant, and other centred and unitary models of religious pluralism that allows the introduction of Foucault's de-centring of transcendence and human reason as an alternative model for understanding

religious diversity and the role it ought to play in the constitution of the self and the making of society This Foucaultian approach provides a new direction for interfaith dialogue in the modern world and leads to an ethical rather than a nihilistic position while fostering a non unitary theology of religious pluralism and an open textured process of self transformation The author s original and imaginative application and expansion of Foucault s concept of the More from *The Archaeology of Knowledge* 1969 makes important and original contributions to academic work on Foucault and contemporary theology

**Ninian Smart on World Religions: Traditions and the challenges of modernity. I. Individual traditions.**

**Buddhism. 'Mysticism and scripture in Theravāda Buddhism'** Ninian Smart, 2009 Ninian Smart came to public prominence as the founding Professor of the first British university Department of Religious Studies in the late 1960s His pioneering views on education in religion proved hugely influential at all levels from primary schools to academic teaching and research An unending string of publications many of them accessible to the general public sustained a reputation that became worldwide Here for the first time a selection of Ninian Smart s wide ranging writings is organised systematically under a set of categories which both comprehend and also illuminate his varied output over a career spanning half a century The editor John Shepherd was Principal Lecturer in Religion and Philosophy at the University of Cumbria He first met Smart as a postgraduate student and recently helped establish the Ninian Smart Archive at the University of Lancaster

**Transcendence** Regina Schwartz, 2007-11-13 First published in 2004 Routledge is an imprint of Taylor Francis an informa company *Nature's Primal Self* Nam T. Nguyen, 2011-12-28 *Nature s Primal Self* examines Corrington s thought called ecstatic naturalism in juxtaposition to both C S Peirce s pragmatic and semiotic concept of the self and Karl Jaspers existential elucidation of Existenz Peirce s and Jaspers anthropocentrism is thus corrected by Corrington s ecstatic naturalism Ecstatic naturalism as a new movement is both a semiotic theoretical method and a metaphysics that probes deeply into the ontological divide between nature naturing and nature natured Author Nam T Nguyen attempts to achieve three goals first to present and elucidate the underlying philosophical concepts of Charles Peirce Karl Jaspers and Robert Corrington second to critique the anthropocentric self of Peirce s semiotic pragmatism and of Jaspers existential anthropology periechontology from the standpoint of ecstatic naturalism and third to introduce the concept of nature s primal self radically grounded in the perspective of ecstatic naturalism as a judicious more encompassing and richer framework compared to Peirce s semiotic construction of the self and Jaspers existential concept of Existenz

Right here, we have countless books **Religion Without Transcendence** and collections to check out. We additionally present variant types and also type of the books to browse. The welcome book, fiction, history, novel, scientific research, as skillfully as various additional sorts of books are readily nearby here.

As this Religion Without Transcendence, it ends going on living thing one of the favored books Religion Without Transcendence collections that we have. This is why you remain in the best website to look the incredible book to have.

#### **Religion Without Transcendence Introduction**

Religion Without Transcendence Offers over 60,000 free eBooks, including many classics that are in the public domain. Open Library: Provides access to over 1 million free eBooks, including classic literature and contemporary works. Religion Without Transcendence Offers a vast collection of books, some of which are available for free as PDF downloads, particularly older books in the public domain. Religion Without Transcendence : This website hosts a vast collection of scientific articles, books, and textbooks. While it operates in a legal gray area due to copyright issues, its a popular resource for finding various publications. Internet Archive for Religion Without Transcendence : Has an extensive collection of digital content, including books, articles, videos, and more. It has a massive library of free downloadable books. Free-eBooks Religion Without Transcendence Offers a diverse range of free eBooks across various genres. Religion Without Transcendence Focuses mainly on educational books, textbooks, and business books. It offers free PDF downloads for educational purposes. Religion Without Transcendence Provides a large selection of free eBooks in different genres, which are available for download in various formats, including PDF. Finding specific Religion Without Transcendence, especially related to Religion Without Transcendence, might be challenging as theyre often artistic creations rather than practical blueprints. However, you can explore the following steps to search for or create your own Online Searches: Look for websites, forums, or blogs dedicated to Religion Without Transcendence, Sometimes enthusiasts share their designs or concepts in PDF format. Books and Magazines Some Religion Without Transcendence books or magazines might include. Look for these in online stores or libraries. Remember that while Religion Without Transcendence, sharing copyrighted material without permission is not legal. Always ensure youre either creating your own or obtaining them from legitimate sources that allow sharing and downloading. Library Check if your local library offers eBook lending services. Many libraries have digital catalogs where you can borrow Religion Without Transcendence eBooks for free, including popular titles. Online Retailers: Websites like Amazon, Google Books, or Apple Books often sell eBooks. Sometimes, authors or publishers offer promotions or free periods for certain books. Authors Website Occasionally, authors provide excerpts or short stories for free on their websites. While this might not be the Religion Without Transcendence full book , it can give you a taste of the authors writing style. Subscription Services Platforms like Kindle Unlimited or Scribd offer subscription-based access to a wide range of Religion Without Transcendence eBooks, including some popular titles.

## FAQs About Religion Without Transcendence Books

**What is a Religion Without Transcendence PDF?** A PDF (Portable Document Format) is a file format developed by Adobe that preserves the layout and formatting of a document, regardless of the software, hardware, or operating system used to view or print it. **How do I create a Religion Without Transcendence PDF?** There are several ways to create a PDF: Use software like Adobe Acrobat, Microsoft Word, or Google Docs, which often have built-in PDF creation tools. Print to PDF: Many applications and operating systems have a "Print to PDF" option that allows you to save a document as a PDF file instead of printing it on paper. Online converters: There are various online tools that can convert different file types to PDF. **How do I edit a Religion Without Transcendence PDF?** Editing a PDF can be done with software like Adobe Acrobat, which allows direct editing of text, images, and other elements within the PDF. Some free tools, like PDFescape or Smallpdf, also offer basic editing capabilities. **How do I convert a Religion Without Transcendence PDF to another file format?** There are multiple ways to convert a PDF to another format: Use online converters like Smallpdf, Zamzar, or Adobe Acrobat's export feature to convert PDFs to formats like Word, Excel, JPEG, etc. Software like Adobe Acrobat, Microsoft Word, or other PDF editors may have options to export or save PDFs in different formats. **How do I password-protect a Religion Without Transcendence PDF?** Most PDF editing software allows you to add password protection. In Adobe Acrobat, for instance, you can go to "File" -> "Properties" -> "Security" to set a password to restrict access or editing capabilities. Are there any free alternatives to Adobe Acrobat for working with PDFs? Yes, there are many free alternatives for working with PDFs, such as: LibreOffice: Offers PDF editing features. PDFsam: Allows splitting, merging, and editing PDFs. Foxit Reader: Provides basic PDF viewing and editing capabilities. How do I compress a PDF file? You can use online tools like Smallpdf, ILovePDF, or desktop software like Adobe Acrobat to compress PDF files without significant quality loss. Compression reduces the file size, making it easier to share and download. Can I fill out forms in a PDF file? Yes, most PDF viewers/editors like Adobe Acrobat, Preview (on Mac), or various online tools allow you to fill out forms in PDF files by selecting text fields and entering information. Are there any restrictions when working with PDFs? Some PDFs might have restrictions set by their creator, such as password protection, editing restrictions, or print restrictions. Breaking these restrictions might require specific software or tools, which may or may not be legal depending on the circumstances and local laws.
