Other People's Myths celebrates the universal art of storytelling and the rich diversity of stories that people live by Drawing on Biblical parables Greek myths Hindu epics and the modern mythologies of Woody Allen and soap operas Wendy Doniger O Flaherty encourages us to feel anew the force of myth and tradition in our lives and in the lives of other cultures She shows how the stories of mythology whether of Greek gods Chinese sages or Polish rabbis enable all cultures to define themselves She raises critical questions about the way we interpret mythical stories especially the way different cultures make use of central texts and traditions And she offers a sophisticated way of looking at the roles myths play in all cultures      **A**

**Dictionary of Albanian Religion, Mythology, and Folk Culture** Robert Elsie, 2001 In some senses Albania is a living museum of the past Originally a small herding community in the most inaccessible reaches of the Balkans the presence of Albanians in southeastern Europe has been documented for over a thousand years Albanian traditional folk culture which evolved over centuries of relative isolation is surprisingly rich Yet despite recent events this culture remains little known to the Western world Due to the lasting effects of a half century of Stalinist dictatorship very few individuals even in Albania know much about their own popular traditions The Dictionary of Albanian Religion Mythology and Folk Culture makes available for the first time a wealth of knowledge about Albanian popular belief and folk customs Alphabetical entries shed light on blood feuding figures of Albanian mythology religious beliefs communities and sects calendar feasts and rituals and popular superstitions as well as birth marriage and funeral customs and sexual mores This unique volume will stand as the standard reference work on the subject for years to come      **Bible Myths and their Parallels in other Religions** T. practices Providing extensive documentation Walter shows which major calendar days of the Christian year are founded on pagan rituals and myths including the high holidays of Easter and Christmas Examining hagiographic accounts of the saints he reveals the origin of these symbolic figures in the deities worshipped in pagan Europe for centuries He also explores how the identities of saints and pagan figures became so intermingled that some saints were transformed into pagan incarnations such as Mary Magdalene's conversion into one of the Celtic Ladies of the Lake In revealing the pagan roots of many Christian figures stories and rituals Walter provides a new understanding of the evolution of religious belief
