Prosperity and Plunder Derek Edward Dawson Beales, 2003-07-24 In the Catholic countries of seventeenth and early eighteenth century Europe communities of monks and nuns were growing in number and wealth By 1750 there were at least 25 000 communities containing at least 350 000 inmates They constructed vast buildings dominated education and played a large

part in the practice and patronage of learning music and the arts They also fulfilled an amazing variety of political economic and social roles notably in providing career opportunities for women Yet many accounts of the period ignore them altogether Prosperity and Plunder recovers this forgotten dimension of European history assesses the importance of monasteries across Catholic Europe and compares their position in different countries It goes on to explain the almost complete destruction of the monasteries between 1750 and 1815 through reforming rulers Enlightenment and the French Revolution and asks how much society gained and lost in the process Meteors that Enlighten the Earth Matthew D. Zarzeczny, 2012-11-16

Napoleon promoted and honored great men throughout his reign In addition to comparing himself to various great men he famously established a Legion of Honor on 19 May 1802 to honor both civilians and soldiers including non ethnically French men Napoleon not only created an Irish Legion in 1803 and later awarded William Lawless and John Tennent the Legion of Honour he also gave them an Eagle with the inscription L Ind pendance d Irlande He awarded twenty six of his generals the marshal s baton from 1804 to 1815 and in 1806 he further memorialized his soldiers by deciding to erect a Temple to the Glory of the Great Army modeled on Ancient designs From 1806 to 1815 Napoleon had more men interred in the Panth on in Paris than any other French leader before or after him In works of art depicting himself Napoleon had his artists allude to Caesar Charlemagne and even Moses Although the Romans had their legions Pantheon and temples in Ancient times and the French monarchy had their marshals since at least 1190 Napoleon blended both Roman and French traditions to compare himself to great men who lived in ancient and medieval times and to recognize the achievements of those who lived alongside him in the nineteenth century Analyzing Napoleon s ever changing personal cult of great men and his recognition of contemporary great men who contributed to European or even human civilization and not just French civilization is original While work does exist on the French cults of Greco Roman antiquity and of great men prior to 1800 Napoleon appears only fleetingly in other discussions of the cult of great men None of the burgeoning historiography adequately takes Napoleon s place in the story of this cult into perspective This book serves as a further exploration of the cult of great men including its place in Napoleonic and European history and the alleged efforts of its members to enlighten the earth **The Early**

Jue, 2006-02-28 This book contributes to the ongoing revision of early modern British history by examining the apocalyptic tradition through the life and writings of Joseph Mede 1586-1638 The history of the British apocalyptic tradition has yet to undergo a thorough revision Past studies followed a historiographical paradigm which associated millenarianism with a revolutionary agenda A careful study of Joseph Mede one

of the key individuals responsible for the rebirth of millenarianism in England suggests a different picture of seventeenth century apocalypticism The roots of Mede s apocalyptic thought are not found in extreme activism but in the detailed study of the Apocalypse with the aid of ancient Christian and Jewish sources Mede s legacy illustrates the geographical prevalence and long term sustainability of his interpretations This volume shows that the continual discussion of millenarian ideas reveals a vibrant tradition that cannot be reconstructed to fit within one simple historiographical narrative **Losing a**

Kingdom, Gaining the World Ambrogio A. Caiani,2023-10-12 Despite its many crises especially in Western Europe there are 1.3 billion Catholics in the world today The Church remains a powerful but controversial institution In *Losing a Kingdom Gaining the World* Ambrogio A Caiani explores the epic history of the Roman Catholic Church Throughout the early modern period the Pope was a secular prince in central Italy Catholicism was not merely a religion but also a political force to be reckoned with After the French Revolution the Church retreated into a fortress of unreason and denounced almost every aspect of modern life The Pope proclaimed his infallibility the cult of the Virgin Mary and her apparitions became articles of faith the Vatican refused all accommodation with the modern state until a disastrous series of concordats with fascist states in the 1930s These dark days threatened the very existence of the Church But as Catholicism lost its temporal power it made significant spiritual strides and expanded across continents Between 1700 and 1903 it lost a kingdom but gained the world Ambitious and authoritative this is an account of the Church s fraught encounter with modernity in all its forms from liberalism socialism and democracy to science literature and the rise of secular culture **Prisoner of the Vatican** David I.
