Religious in the 1983 Code Elizabeth McDonough, 1985 **The Reception of Vatican II** Matthew L. Lamb, Matthew Levering, 2017 A sequel to *Vatican II Renewal within Tradition* OUP 2008 The Reception of Vatican II shows how the Council has been received and interpreted over the course of the more than fifty years since it concluded The meaning of the Second Vatican Council has been fiercely contested since before it was even over and since its completion has seen a battle for the soul of the Church waged through the interpretation of Council documents Each essay in this volume looks at how one of those documents has been interpreted in the post Vatican II era and points the way forward for its future reception

Canon Law Explained Fr. Laurence J. Spiteri ,2014-02-25 Not only inefficiency but frustration disorder anger and injustice threaten all human endeavors no matter how pure their motives or high their ideals That s why successful organizations always create employee handbooks and clear procedure manuals that delineate where authority lies how conflicts are to be resolved and above all how each organization s mission is and is not to be accomplished Is it any wonder then that the Catholic Church comprised not of 200 persons but 1 2 billion members in 200 countries also governs itself by means of a handbook which it calls the Code of Canon Law Because handbooks and manuals concern themselves with the day to day inner working of organizations they often reveal more than do news releases about the actual purposes and genuine spirit of organizations a fact that s particularly true in the case of the Catholic Church Indeed if you want to know the Church for who She is you need to be familiar with the Code of Canon Law Unfortunately it contains over 1 752 rules or canons Among them you ll find fascinating canons that lay out the Church s official principles and procedures governing matters as various as abbots and annulments scandals and Sacraments monks and missions bishops and books priests and popes synods and sacraments homeschoolers hostile witnesses baptisms burials parishes penance confessions Councils impotence imprimaturs and even marriages to the person who murdered your spouse Thankfully Vatican expert and veteran author Fr Laurence Spiteri has in the pages of *Canon Law Explained* relieved you of the need to read all 1 752 of them fascinating or not Here he acquaints you with the fundamental canons by which the Church seeks to bring about as it declares in the very last canon the purpose all of them serve The salvation of souls which must always be the supreme law in the Church Fr Spiteri s brief but lucid explanations of the origins and meaning of the canons make sense of much that puzzles non Catholics about our Church and that sometimes frustrates even us Catholics As he relates the Church s laws and procedures directly to Christ s command to go forth and teach all nations and to the role those laws and procedures play in your salvation and mine Fr Spiteri transforms what seem to be dry as dust rules into the sweet waters of salvation If you want to know the Church for who She is and to love Her more *Canon Law Explained* is the book for you *From Trent to Vatican II* Raymond F. Bulman, Frederick J. Parrella, 2006-05-25 The second Vatican Council was convened by Pope John XXIII between 1962 and 1965 It marked a fundamental shift toward the modern Church and its far reaching innovations replaced or radically changed

many of the practices rules and attitudes that had dominated Catholic life and culture since the Council of Trent in the sixteenth century In this book a distinguished team of historians and theologians offers an impartial investigation of the relationship between Vatican II and Trent by examining such issues as Eucharistic theology liturgical change clerical reform the laity the role of women marriage confession devotion to Mary and interfaith understanding As the first book to present such a comprehensive study of the connection between the two great Councils this is an invaluable resource for students theologians and church historians as well as for bishops clergy and religious educators Shattered Faith Sheila Rauch Kennedy,2013-05-15 In 1993 Sheila Rauch Kennedy received a letter from the Boston Catholic Archdiocese announcing that her former husband Congressman Joseph Kennedy was seeking an annulment of their marriage If the Church granted the annulment the marriage which had lasted twelve years would be rendered nonexistent not simply ended as was stated in the divorce decree but invalid from the start And their two sons would be regarded as children of an unsanctified union Joseph Kennedy needed the annulment to remarry within the Church and he encouraged his ex wife to ignore the details Stunned by the hypocrisy of the process and the betrayal of trust it involved Sheila Rauch Kennedy was determined to defend the legitimacy of her former marriage Shattered Faith is the fascinating chronicle of that struggle and of what Kennedy uncovered about the uses and frequency of annulments in the United States Interweaving her own experiences with those of other women whose trust in the Church was shattered by annulment she tells a story that will surprise anger and move readers of every faith

Religious Methods and Resources in Bioethics P.F. Camenisch,2013-03-09 A volume on religious theological methods in biomedical ethics inevitably of whether the methodological dimension can be distin raises the question guished from the various other things that go on in ethical discourse It is difficult to answer this question definitively since many elements in moral conversation can be interpreted in different ways Barbara Hilker Andolsen illustrates this issue in this volume when she defines one of her crucial cate gories gender justice as being both procedural and substantive normative This difficulty of finally separating the methodological from the normative arises in many areas of contemporary ethical writing both feminist and otherwise Nevertheless it seems that in many cases we can separate out the method ological issues with considerable precision Albert Jonsen and James Childress achieve just such a sharp focus in their essays This does not mean that a careful dissecting of their papers would not reveal normative elements lurking about their methodological points It is simply to say that the issues they analyze and the positions they take are at least prima facie overwhelmingly method ological They are much more about how we think about ethical matters than they are about what we think about them The Parish Guide to the New Evangelization Fr.

Robert J. Hater, 2013-03-25 Finally a practical step by step guide to the new evangelization Father Robert J Hater takes the New Evangelization from concept and theory to practical application and shows pastoral leaders and ministers exactly how to implement it parish wide In A Parish Guide to the New Evangelization you will learn How to overcome challenges to the new evangelization How to motivate parishioners to evangelize How to coordinate efforts at the parish level How to effectively reach inactive Catholics How to use the web and other media to promote your evangelization efforts What sets Catholic evangelization apart from Protestant evangelization How to jump start parish evangelization And much more Father Robert J Hater encourages all pastoral leaders to renew their commitment to the new evangelization and subsequently take pride in developing an evangelizing parish

A Theology of the Church for the Third Millennium Kenan B. Osborne, Rev Kenan Osborne, 2009 At the beginning of the new millennium the Christian Churches are in a process of renewal The Roman Catholic Church since Vatican II has been in a major stage of renewal Contemporary globalization multi cultural interrelationships and inter religious dialogues have presented serious challenges to these renewal efforts In this volume I want to offer to the Catholic Renewal and from there to other denominational renewals a view of the church from the rich tradition of Franciscan philosophy and theology To date there are only a few books which include small essays on this theme This volume presents an in depth Franciscan approach to ecclesiology

Banishment in the Later Roman Empire, 284-476 CE Daniel A. Washburn, 2013 This book offers a reconstruction and interpretation of banishment in the final era of a unified Roman Empire 284 476 CE Author Daniel Washburn argues that exile was both a penalty and a symbol It applied to those who committed a misstep or crossed the wrong person it also stood as a marker of affliction or failure Like other punishments it articulated and cemented the power asymmetry between the punisher and the punished Distinctively it maneuvered the body of the banished in order to tell that tale The process of banishment also operated as a form of negotiation between the party that exiled and the one banished In so doing the punishment offered the possibility for pardon an event that glorified the pardoner and signaled submissiveness on the part of the restored In its sources this work employs evidence from legal as well as literary materials to forge a complete picture of exile To harvest all possible information from the period it considers

elements from the arenas of the early church and the Roman Empire Methodologically it situates ancient Christianity within the Roman world while remaining sensitive to the distinct views and roles held by late antique bishops While banishment played a major role in the history of the Later Empire no work of scholarship has treated it as a topic in its own right The Oxford Handbook of Christianity and Law John Witte (Jr.),Rafael Domingo,2024 This volume tells the story of the interaction between Christianity and law historically and today in the traditional heartlands of Christianity and around the globe Sixty new chapters by leading scholars provide authoritative and accessible accounts of foundational Christian teachings on law and legal thought over the past two millennia the current interaction and contestation of law and Christianity on all continents how Christianity shaped and was shaped by core public private penal and procedural laws various old and new forms of Christian canon law natural law theory and religious freedom norms Christian teachings on fundamental principles of law and legal order and Christian contributions to controversial legal issues Together the chapters make clear that Christianity and law have had a perennial and permanent influence on each other over time and across cultures albeit with varying levels of intensity and effectiveness This volume defines Christianity broadly to include Catholic Protestant and Orthodox traditions and various denominations and schools of thought within them It draws on Christian ideas and institutions norms and practices texts and titans to tell the story of Christianity s engagement with the world of law over the past two millennia The volume also defines law broadly as the normative order of justice power and freedom The chapters address natural laws of conscience reason and the Bible and positive laws enacted by states churches and voluntary associations Several chapters focus on Christian engagement with specific types of law canon law family law education law constitutional law criminal law procedural law and laws governing labor tax contracts torts property and beyond Other chapters take up cutting edge legal issues of racial justice environmental care migration euthanasia and bio technology as well as fundamental legal principles of liberty dignity equality justice equity judgment and solidarity **Church Law in Modernity** Judith Hahn,2019-03-28 Discusses natural law as a traditional but highly contested source of canon law The Liturgy Documents Danielle Noe,2012 This pastoral resource assembles the essential and current liturgical documents needed to prepare and learn about liturgical celebrations for Sunday These pastoral overviews explain the theology purpose and authority of each of the included documents *Shattering the Illusion* Tracy J. Trothen,2012-09-01 Shattering the Illusion is the first book to gather and comparatively analyze policies addressing child sexual abuse complaints in a selection of religious institutions in Canada Although there is a substantial body of literature regarding Christianity and sexual abuse very little of it focuses on religious institutions in Canada and their respective policies In the foreword Tracey J Trothen summarizes the Cornwall Inquiry out of which this book arose She then examines the Roman Catholic Church The United Church of Canada the Anglican Church the Mennonite Church Islam and the Canadian Unitarian Council Unitarian Universalist Association describing in detail the evolution and particular content of policies and procedures that address

child sexual abuse complaints directed at paid and volunteer faith community representatives and or leaders She identifies differences and common themes among the approaches taken by the institutions and provides a summary table for an accessible comparative overview Child sexual abuse is not new but the emergence of policies to address abuse complaints within religious institutions is This book identifies significant and shared causal factors behind the emergence of policy and reviews their content carefully This review will serve as a significant tool for furthering the development of such policies
