Religious Philosophy of Tagore & Radhakrishnan Harendra Prasad Sinha, 2025-08-01 This work presents an exposition of the religious philosophies of Rabindranath Tagore and Sarvepalli Radhakrishnan comparing their views on various religious topics It identifies both the commonalities and differences in their perspectives Through this comparative study key religious concepts in each chapter are clarified The author asserts that Tagore and Radhakrishnan s views on God the world the problem of evil humanism mysticism and self realization offer profound insights into important religious concepts The book combines a traditional approach to the philosophy of religion with modern perspectives found in contemporary religious philosophy By conducting a comparative and analytical study the author hopes to provide new directions for the development of contemporary Indian religious philosophy *Radhakrishnan* Robert N. Minor, 1987-09-30 It is the thought of Sarvepalli Radhakrishnan that is most often presented in the West as Hinduism He was a remarkable man In addition to having been President of India while Nehru was Prime Minister and the Indian Ambassador to the Soviet Union he held the Spaulding Chair of Comparative Religion and Ethics at Oxford University And he continues to be a culture hero of India Radhakrishnan s thought developed in the context of his full life Robert Minor places his thought in that context His book traces the influences on him and the growth of his thought from his birth in Tirutani to his retirement to Madras The book contains a complete bibliography of Radhakrishnan s writings and of the secondary literature *Journeys East* Harry Oldmeadow, 2004-04-28 This is the first book to treat the impact of religious philosophical and psychological traditions of the East on Western intellectuals artists travellers and spiritual seekers in the twentieth century Addressed to both general readers and scholars of religion it is especially valuable for its penetrating and inter religious analysis of two of the most compelling themes now facing the world the emergence of cross cultural religious understanding of the natural order and ecological crisis and the metaphysical basis for both the formal diversity and essential unity of religious traditions of both East and West The West has long romanticized the mysterious East but it has also judged its traditions as uncivilized Our notions about Eastern spirituality have been formed by a succession of travellers scientists artists intellectuals poets philosophers and missionaries as well as by Eastern travellers who have spent time in the West This book helps us to recognize the influence of Eastern ideas upon modern Western thought by tracing the history of engagements between East and West up until the present day It concludes with a section that helps us to perceive the timeless value of the many Eastern contributions to the West s current intellectual and spiritual state **World Philosophies** Ninian Smart, 1999 World Philosophies is a comprehensive survey of the world s philosophical and religious traditions by one of our foremost religious thinkers Ninian Smart discusses notable figures such as Plato and Kierkegaard in the West the Buddha and Mao Zedong in Asia Tempels and Knibanga in Africa and Rodo and Royce in America Covering a wide range of topics including Indian ideas of testimony and evidence Chinese notions of moral development Buddhist concepts of cosmology and Latin American
