**Religious Fundamentalisms and Global Conflict** R. Scott Appleby, 1994      Religion in World Conflict Jonathan Fox, Shmuel Sandler, 2014-02-04 This new book tackles two crucial questions First how does religion in its various forms and manifestations influence world politics Second how will adding religion to the discourse on international relations modify our theoretical understanding Each of these leading authors addresses different aspects of these questions in different contexts providing a diverse and multifaceted view of the topic Susanna Pearce and Tanja Ellingsen examine the religious causes of conflict on the macro level Several of the contributors focus on specific conflicts The Gaurav Ghose and Patrick James examine the Kashmir conflict from the Pakistani perspective and Carolyn James and Ozgur Ozdamar examine it from the Indian perspective Similarly Hillel Frisch examines the Palestinian Israeli conflict from the Palestinian perspective and Jonathan Rynhold examines it from the Israeli perspective Finally two of the authors examine other important issues Stuart Cohen examines the evolution of the religious view of war in the Jewish tradition and Yehudit Auerbach examines whether can play a role in conflict resolution and reconciliation These assessments deliver fascinating conclusions This book was previously published as a Special Issue of Terrorism and Violence      Religion & Identity Politics: Global Trends And Local Realities Mathews Mathew, Melvin Tay, 2021-06-18 Discourse on fundamentalism has gained much attention in recent years particularly in a post 9 11 context where extremist or terrorist threats are more prominent perilous and pervasive This edited volume seeks to spotlight the perspectives of academics and practitioners vis vis global trends in religious fundamentalism and right wing extremism over the past decade It presents a collection of works from notable academics and practitioners including a selection of case studies from Asia to illustrate the contemporary interplay of religion politics and identity alongside broader global trends of religious fundamentalism The chapters that follow attempt to trace the sources and factors that led to the dramatic rise in these powerful forces of faith which influence societies and politics around the world Together they present a carefully curated narrative of the interplay of religion and identity politics globally and across Asia The prevailing differences in demographics history and the extent of ethno religious diversity across country contexts are perused across each chapter and the ensuing circumstances deliberated upon As these circumstances change the ways people interpret their identities engage in politics and navigate their religion will also evolve How we manage the effects of religious fundamentalism must hence begin with an understanding of how religion identity and politics interact and this is what the upcoming chapters seek to illustrate      **The Wiley-Blackwell Companion to Inter-Religious Dialogue** Catherine Cornille, 2020-06-08 This comprehensive volume brings together a distinguished editorial team including some of the field s pioneers to explore the aims practice and historical context of interfaith collaboration Explores in full the background history objectives and discourse between the leaders and practitioners of the world s major religions Examines relations between religions from around the world moving well beyond the common focus on Christianity to also cover over

12 major religions Features a wealth of case studies on contemporary interreligious dialogue Charts a long term shift away from a competitive rivalry between belief systems and a change in focus towards the more respectful cooperative approach reflected in institutions such as the World Council of Churches Includes up to date commentary on the growing dialogue of recent years written by some of the leading figures working in the field of interfaith discourse The SAGE Handbook of Conflict Resolution Jacob Bercovitch, Victor Kremenyuk, I William Zartman, 2008-12-03 The SAGE Handbook of Conflict Resolution demonstrates the range of themes that constitute modern conflict resolution It brings out its key issues methods and dilemmas through original contributions by leading scholars in a dynamic and expanding field of inquiry This handbook is exactly what it sets out to be an indispensable tool for teaching research and practice in conflict resolution Peter Wallensteen Professor of Peace and Conflict Research Uppsala University and University of Notre Dame Bercovitch Kremenyuk and Zartman are among the most important figures in the conflict resolution field They have pieced together with the help of more than 35 colleagues from numerous countries a state of the art review of the sources of international conflict available methods of conflict management and the most difficult challenges facing the individuals and organizations trying to guide us through these conflict ridden times The collection is brimming with penetrating insights trenchant analyses compelling cases and disciplined speculation They help us understand both the promise of as well as the obstacles to theory building in the new field of conflict resolution Lawrence Susskind Professor and Director of the MIT Harvard Public Disputes Program The last three sentences of this persuasive book We conclude this volume more than ever convinced that conflict resolution is not just possible or desirable in the current international environment It is absolutely necessary Resolving conflicts and making peace is no longer an option it is an intellectual and practical skill that we must all possess If you are part of that we intellectually or professionally you will find this book a superb companion Thomas C Schelling Professor Emeritus Harvard University and University of Maryland Conflict resolution is one of the fastest growing academic fields in the world today Although it is a relatively young discipline having emerged as a specialized field in the 1950 s it has rapidly grown into a self contained vibrant interdisciplinary field The SAGE Handbook of Conflict Resolution brings together all the conceptual methodological and substantive elements of conflict resolution into one volume of over 35 specially commissioned chapters The Handbook is designed to reflect where the field is today by drawing on the contributions of experts from different fields presenting in a systematic way the most recent research and practice Jacob Bercovitch is Professor of International Relations and Fellow of the Royal Society at the University of Canterbury in Christchurch New Zealand Victor Kremenyuk is deputy director of the Institute for USA and Canada Studies Russian Academy of Sciences Moscow He is also a research associate at IIASA I William Zartman is Jacob Blaustein Professor of Conflict Resolution and International Organization at the Nitze School of Advanced International Studies of Johns Hopkins University *An Introduction to Religion and Politics* Jonathan Fox, 2018-02-13 This fully revised edition offers a comprehensive overview of the many

**The Challenge of Politics** Douglas W. Simon, Joseph Romance, Neal Riemer, 2018-12-27 This updated Sixth Edition of *The Challenge of Politics* enables you to see how the subfields of political science converge around a set of crucial questions such as Can we as citizens and students articulate and defend a view of the good political life and its guiding political values Can we bring political wisdom to bear on judgments about politics and public issues and Can we develop a science of politics to help us understand significant political phenomena the empirical realities of politics Balancing lessons of classic and contemporary theory with contemporary politics and empirical study the book equips you with the tools you need to explore the impact of philosophy and ideology recognize major forms of government evaluate empirical findings and understand how policy issues directly affect people s lives This Sixth Edition includes a brand new chapter on American Politics and Government and updated content on recent international events

**Ethnoreligious Conflict in the Late Twentieth Century** Jonathan Fox, 2002-01-01 Jonathan Fox s new work provides the first systematic empirical study of the role that religion plays in ethnic violence *Ethnoreligious Conflict in the Late Twentieth Century* critiques the existing literature on religion and ethnic conflict then presents and analyzes original quantitative data gathered from a variety of sources Fox draws upon the Minorities at Risk model of ethnic conflict to develop and test a dynamic and comprehensive theory of religion and conflict He applies this theory to resurgent conflicts between ethnic groups of different religions from the Iranian revolution and the Afghan struggle against the Soviets in the 1980s to the ongoing Middle East conflict to pinpoint the ways in which religion has become intertwined in and lent legitimacy to conflicts in the contemporary world

Palestine's Christians and the Nationalist Cause Erik Freas, 2024-12-23 This book provides an historical overview of Palestine s Christian communities and their role in the Palestinian nationalist movement during the late Ottoman and British mandatory periods More than being a history of Palestine s Christian Arabs the book focuses on Palestine s Christians during the formative period of Palestinian Arab national identity attentive to the broader topic of the relationship between nationalism and religion in this case between Arab identity and Islam Whereas until recently historians have tended to assume that national and religious identities are distinct and mostly mutually exclusive things more recent scholarship has

addressed the fact that often there exists considerable overlap between the two though it should be noted often in ways that are not by any means inherently exclusive of those not belonging to the majority faith as is the case here The relationship is also an ever changing one hence the final chapter of the book which functions as something of an epilogue regarding the current status of Palestine s Christians vis vis their place in the nationalist cause and relationship with the broader Muslim population The book will be of interest to historians and scholars focused on the modern Middle East Palestinian history Muslim Christian inter communal relations and the relationship between nationalism and religion      **Political Secularism, Religion, and the State** Jonathan Fox,2015-04-27 This book examines how the competition between religious and secular forces influenced state religion policy between 1990 and 2008 While both sides were active the religious side had considerably more success The book examines how states supported religion as well as how they restricted it      *Headline Series* James F. Larson,2004      *The Encyclopedia of Politics and Religion* Robert Wuthnow,2013-12-04 Containing over 200 articles from prominent scholars The Encyclopedia of Politics and Religion examines ways in which politics and religion have combined to affect social attitudes spark collective action and influence policy over the last two hundred years With a focus that covers broad themes like millenarian movements and pluralism and a scope that takes in religious and political systems throughout the world the Encyclopedia is essential for its contemporary as well as historical coverage Special Features Encompasses religions individuals geographical regions institutions and events Describes the history of relations between religion and politics Longer articles contain brief bibliographies Attractively designed and produced The Encyclopedia of Politics and Religion will be invaluable for any library public and academic which serves those interested in politics sociology religious studies international affairs and history Contents include Abortion Algeria Anabaptists China Christian Democracy Ethnic Cleansing Gandhi Israel Italy Jesuits Jihad Just War Missionaries Moral Majority Muslim Brethren Temperance Movements Unification Church War Zionism      *The Challenge of Politics* Neal Riemer,Douglas W. Simon,Joseph Romance,2015-12-17 The Challenge of Politics introduces students to the fundamental questions of political science With a distinctive normative approach that portrays politics as a potentially humanizing enterprise authors Neal Riemer Douglas W. Simon and Joseph Romance equip readers to recognize major forms of government evaluate research findings and understand how policy issues directly affect people s lives This comprehensive text balances classic and contemporary political theory with current events and empirical study The Fifth Edition is fully revised to reflect recent national and international developments including a new chapter on American Politics and Government      *Resources in Education* ,1998

**Muslim Identities and Political Strategies** Heinrich Matthee,2008      **The Broken Crescent** Fereydoun Hoveyda,1998-06-25 Militant Islamic fundamentalists blame the ills of their societies on the West calling for the overthrow of local governments and the resumption of Jihad against the Infidels Ambassador Hoveyda explores the historical and contemporary causes of the current wave of militant Islamic fundamentalism If Western colonization and economic

domination of the 19th and 20th centuries are to be blamed for the predicament of Muslim countries Hoveyda asserts that Muslims also bear a great responsibility for their situation This book shows how the triumph of fundamentalist interpretations of the Koran in the 12th century triggered the gradual decline of Islamic civilization and chronicles the history of militant Islamic movements from the Assassins of the late 11th century to the reign of Ayatollah Khomeini It shows why despite their terrorist attacks in the West fundamentalists are even more dangerous for Muslim countries that are desperately trying to catch up with the global economy to alleviate their accumulated social and economic problems Hoveyda draws upon a lifetime of experience as well as scholarship and the experiences of others to provide an important insider outsider examination of a worldwide concern **Bringing Religion Into International Relations** J. Fox,S.

Sandler,2004-06-18 This book has several main themes and arguments International Relations has been westerncentric which has contributed to its ignoring religion while religion is not the main driving force behind IR international politics cannot be understood without taking religion into account the role of religion is related to the fact that IR has evolved to become more than just interstate relations and now included elements of domestic politics The book proceeds in three stages First it looks at why religion was ignored by IR theory and theorists Second it examines the multiple ways religion influences IR including through religious legitimacy and the many ways domestic religious issues can cross borders In this discussion a number of topics including but not limited to international intervention international organizations religious fundamentalism political Islam Samuel Huntington s clash of civilizations theory and terrorism are addressed Third these factors are examined empirically using both quantitative and case study methodology *Nationalism and the Haram al-Sharif/Temple Mount* Erik Freas,2017-07-12 This book examines the manner in which the Haram al Sharif Temple Mount has been appropriated by both Palestinians and Israelis as a nationalist symbol legitimizing respective claims to the land From the late nineteenth century onward the site s significance became reconfigured within the context of modern nationalist discourses yet despite the originally secular nature of Palestinian and Israeli nationalisms the holy site s importance to Islam and Judaism respectively has gradually altered the character of both in a manner blurring the line between religious and national identities Transnational Terrorism in the World System Perspective A. L. Adamishin,2002 Contents Terrorism and world system theory Terrorism the weapon of the organisationally weak Terrorism in the world system Hypotheses for core and periphery When security reigns supreme post modern world system via a vis globalised terrorism and organised crime Religion and terrorism in the world system Globalisation and terrorism Terrorism as the factor destabilising international community Is it possible to rescue our civilisation Reflections about terrorism old and new A History of Christian, Jewish, Hindu, Buddhist, and Muslim Perspectives on War and Peace: A century of wars Jerry William Frost,2004 Frost Swarthmore College has written widely about peace and Quakers Here he compiles perspectives from the major world religions on war and peace for general readers who are not specialists in the history of religions the evolution of wars the relationship

between the two but are interested in how faith communities in the past dealt with issues similar to those in effect now In addition he says particular chapters could be used in undergraduate courses and seminars Volume two focuses on what it calls a century of wars from World War I into the post Cold War era The two volumes are paged together and the index and bibliography for both are contained in each Amazon
