Reliving Past Lives The Evidence Under Hypnosis

Stanton Arthur Coblentz

Reliving Past Lives The Evidence Under Hypnosis:

Reliving Past Lives Helen Wambach, 1978 Discusses more than a thousand cases of individuals who under hypnosis recalled former lives in different times and places *MYSTERY OF REINCARNATION* J Danelek, 2007-05-27 What if you found out that the life you are living today is not the only one you will ever live but just one of many How would it change the way you look at the world around you and the people in it In this objective and balanced look at one of the great mysteries of our age you will not only explore reincarnation's western roots and examine the compelling evidence to support it as well as examine the chief objections to it offered by the scientific and religious communities but explore the mechanics of reincarnation as well how it works on a practical level what it is trying to do on a spiritual level and what it all means to you as you go about your day to day life It is sure to not only get you thinking about your past but will force you to consider your present and future in ways you never imagined possible before *Journey to Awareness and Beyond* Liana Mattulich MD, 2008-08-18 An enriched view of personal reality drawing from medical and theoretical sciences as well as the esoteric combining modern experimental science with ancient wisdom which provide keys to the physiology of happiness Anatomy and Physiology of Mind Body concepts and the Body Energy Spectrum Consciousness and the Mind Dimensional reality personal reality and time Spiritual evolution and the soul Happiness as a self regulated mind and physiology A reading experience with an open perspective from human life and mind to matter and energies The book describes for a layman or a professional the weaving of metaphors exercises and scientific procedures which promote joy in life and the realization of inner freedom Comprehensive references of both scientific research and empirical experience are provided Experience proven approaches to joy of well being of body and mind subtle energies and Energy Psychology Meridian physiology in Eastern Understanding the self personal direction goals and change Psychology of success intention High Will imagery inspiration and motivation Learn leadership qualities communication skills assertiveness and Responsible Open Self Expression used in managing personal relationships This is the only book that amalgamates scientific technology with ancient wisdom practices in an integrated system of self transformation going beyond intellectual and philosophical information alone More information www.JourneyToAwareness.org OR www.InnerKeys.info **Knowing the Facts about Hypnosis and Hypnotic Regression** John Ankerberg, John Weldon, 2012-08-13 Hypnosis seems to be one of those subjects that everyone knows about but few know what to do with Widespread claims are made for its application to medicine psychotherapy education and many other fields Self help promoters claim that it can be used to treat or cure an endless variety of physical ailments and personal problems This book explains the moral issues dangers and occult potential that are inherent in hypnosis as well as the biblical warnings [Back to Suburbia](#) Jason Piper, 2011-01-21 Have you ever visited somewhere for the first time yet had the strange feeling you'd been there before Perhaps you have always had an interest in a particular era or location for no obvious reason Or maybe you have had recurring dreams of yourself in a distant time or

faraway place It could just be a coincidence or something much much more In Back to Suburbia Reincarnated in Suburban Chicago Jason Piper offers a glimpse into his life and many of the extraordinary paranormal events that he has experienced He was born with the consciousness of an adult including memories of previous lifetimes Here he presents his own true history along with some of his near death experiences and what he brought back from beyond Its a very long journey packed into a relatively short book presented in this way specifically to encourage readers young and old to experience this journey in a short period of time Unlock old memories bask in the glow of consciousness and discover your true self and souls purpose make the most of this lifetime and every lifetime to come

Trance-Migrations Lee Siegel, 2014-10-08 Part non fiction part short fiction part memoir part essay Trance migrations is both an entertaining and informative read and a thoroughly original and creative experiment in metafiction Combining great erudition with sophisticated word play and bawdy humor it alternates sections containing stories both fictional and non fictional to be read by the reader to her or himself with sections of stories to be read aloud to a listener In the latter cases Siegel intends that the listener actually go into a hypnotic trance out of which the reader will eventually awaken her or him In this way the narrative form of the book performs a hypnotic induction script out of which the listener awakens to find that it is impossible to tell what really happened just as in hypnosis the line between fact and fiction is irremediably blurred Siegel uses hypnosis and the dynamic between hypnotist and hypnosand as a way of exploring other power dynamics between lovers between writer and reader or listener between masculine colonial culture and the feminized East between God or gods and mortals and ultimately between memory historical and personal and constantly shifting meaning The book is above all about reading as a hypnotic experience Through stories based on motifs and characters from both Indian mythology and from real life notably Abbe Faria a Goan Catholic monk who gained notoriety in the early nineteenth century with demonstrations of magnetism in Paris and James Esdaile a Scottish surgeon for the East India Company who experimented with mesmerism as a surgical anesthetic in Calcutta Siegel epitomizes and elucidates the psychological and political dynamics of a fascination with a mysterious Orient and reveals the anxieties embedded in such fascination

Soul Echoes Thelma B. Freedman, Ph. D. Freedman, 2002 This street atlas of London contains a large amount of detail with land use clearly colour coded to aid use It includes thousands of updates and has involved extensive and exhaustive research on the ground It incorporates mapping at four different scales ranging from route planning maps to large scale central area maps

Soul Mates Richard Webster, 2001 Popular metaphysical author Webster explores every aspect of the soul mate phenomenon in his newest release After learning of examples of soul mates from the author s own practice and famous soul mates from history readers will learn how to recall their past lives and strengthen their relationship so it grows stronger and better as time goes by

Marilyn Monroe Returns Adrian Finkelstein, 2025-09-12 A Legend Returns and a Star Is Born Marilyn Monroe Returns reveals provocative new evidence that the reincarnation of Marilyn Monroe is a top of the charts Canadian singer named Sherrie Lea Laird a

woman who shares undeniably remarkable similarities with the legendary icon Stunning photos throughout the book powerfully demonstrate the many characteristics these two ladies share In her own words Sherrie Lea reflects on a lifetime of being Marilyn her childhood as Norma Jean her rise to superstardom as well as her many loves And most dramatically Sherrie Lea answers a question that has plagued Marilyn s fans for more than forty years Was Marilyn s death truly a suicide From the book When I was eleven or twelve I was sitting on my aunt s knee and we were talking about the beauty mark just above my lip I asked what it was It looked stupid to me She began singing A kiss on the hand can be quite continental but diamonds are a girl s best friend The lyrics just echoed in my head as if coming down a long corridor of sound from the past I asked What s that She said it was a song from an old movie sung by someone famous Marilyn Monroe My aunt only said that she was a singer but I had this coy sly feeling and said to myself Why do I feel like she s talking about me **Where After** Mariel Forde Clarke,2021-08-27 A journey that will compel readers to view life after death in a completely different way Where do our loved ones go After they die This is the question that has traversed the universe for centuries and is considered one of life s greatest mysteries While many of the world s renowned philosophers scientists theorists doctors and great mystics endorsed the existence of the afterlife no one book has been available to explore it all until now Mariel Forde Clarke asserts that whether you believe in God or heaven you can be comforted by the sense that an afterlife exists beyond the realm of one s physical comprehension Drawing on the findings of patients who have had neardeath experiences and visions and on those of renowned scientists and doctors Clarke helps the reader chart the journey of the soul and navigate their grief

Windows to the Womb David Chamberlain,2013-01-15 A pioneering birth psychologist combines a lifetime s worth of research with new findings to provide a fascinating look inside the minds of unborn children In the past the invisible physical processes of fetal development were mysterious and largely unexplainable But thanks to breakthroughs in embryology interuterine photography ultrasound and other sensitive instruments of measurement we can now make systematic observations inside the womb and can see that fetuses are fully sentient aware beings In this new climate of appreciation for the surprising dimensions of fetal behavior sensitivity and intelligence *Windows to the Womb* brings a host of new information to light about the transformative journey each one of us undergoes in the womb Birth psychologist Dr David Chamberlain describes the amazing construction of our physical bodies the ultimate architecture and draws parallels with the expansion of our minds as our brains and senses develop and grow He also details new discoveries in embryonic and fetal research that support his own findings on the impact of the mother s emotional and physical state during pregnancy the importance of bonding at the earliest stages and the steps that expectant parents can take to ensure the most nurturing start in life for their children *Personal Spirituality* Daniel J. Benor,2006 Dr Benor addresses his explorations from the standpoint of an advocate but one who is an open minded explorer neither from a religious nor a conventional medical perspective The breadth and depth of the research reports in this volume on the psychic intuitive and spiritual aspects of

healing will engage even the knowledgeable reader This book is destined to take its place among the most influential and controversial in the field of claims reports and experiences of unconventional healing and spiritual awareness **Best Evidence** Michael Schmicker,2002-03-27 a dazzling journey into one of the most important areas of science that has ever existed Dr Larry Dossey MD New York Times best selling author of Reinventing Medicine Best Evidence is indeed one if not the best itself of the major books explaining and offering proof that psi phenomena are here to stay whether we like it or not Fred Alan Wolf Ph D physicist and National Book Award winning author of Mind Into Matter Taking the Quantum Leap My highest recommendation not just one but a half dozen astounding stories any one of which can change the way we think about the nature of reality Dean Radin Ph D author of The Conscious Universe The Scientific Truth of Psychic Phenomena an important book Edgar Mitchell Apollo 14 astronaut and author of Way of the Explorer Psychic Exploration For skeptics and cautious believers alike a splendid introduction to impossible phenomena that refuse to disappear Stanley Krippner Ph D Co Editor Varieties of Anomalous Experience Examining the Scientific Evidence Hard line skeptics won t be pleased but Schmicker has done his homework an excellent survey of the strongest evidence Marcello Truzzi Ph D Center for Scientific Anomalies Research [Create Your Perfect Future](#) Anne Jirsch,Anthea Courtenay,2013-11-07 What s holding you back from the future of your dreams Anne Jirsch psychic and future life progressionist beloved of the stars shows us how to free ourselves from the past and turn our dreams into reality In The Future is Yours Anne showed us how to visualise our future using the techniques she has trained hundreds of clients in across the globe Create Your Perfect Future builds on these successful techniques showing you not only how to visualise alternative futures for yourself and choose the best one but how to clear blockages from your past that are holding you back from past life trauma to childhood problems Using Anne s winning techniques you too can transform your health love life friendships career wealth and ultimately your world [The Haunting of Twentieth-Century America](#) William J. Birnes,Joel Martin,2011-09-13 In this sequel to The Haunting of America national bestselling authors Joel Martin and William J Birnes bring up to the present the story of how paranormal events influenced and sometimes even drove political events In unearthing the roots of America s fascination with the ghosts goblins and demons that possess our imaginations and nightmares Martin and Birnes show how the paranormal has driven America s political public and military policies The authors examine the social history of the United States through the lens of the paranormal and investigate the spiritual events that inspired momentous national decisions UFOs that frightened the nation s military into launching nuclear bomber squadrons toward the Soviet Union out of body experiences used to gather sensitive intelligence on other countries and even spirits summoned to communicate with living politicians The Haunting of Twentieth Century America is a thrilling evidencebased exploration of the often unexpected influences of the paranormal on science medicine law the government the military psychology theology death and dying spirituality and pop culture At the Publisher s request this title is being sold without Digital Rights Management Software DRM applied **God Is Not Dead** Amit

Goswami,2023-06-23 A pioneering physicist shows how quantum reasoning may resolve deep mysteries including the nature of God and evolution Beverly Rubik PhD Biophysicist Institute for Frontier Science Adjunct Professor Saybrook Move over Richard Dawkins and Christopher Hitchens a highly regarded nuclear physicist enters the debate about the existence of God and comes down on the side of the angels Goswami s hypothesis is that quantum physics holds the key to all the unsolved mysteries of biology the nature and origin of life fossil gaps of evolution why evolution proceeds from simple to complex and why biological beings have feeling and consciousness In God is Not Dead Goswami moves beyond theory and shows how a God based science puts ethics and values where it belongs at the center of our lives and societies He provides a scientific model that steers between scientific materialism and religious fundamentalism a model that has implications for how we live both individually and collectively God is Not Dead is a fascinating tour of quantum physics consciousness and the existence and experience of God Psyche's Exile: an empirical odyssey in search of the soul Jerry Kroth,2011 Psyche s Exile an empirical odyssey in search of the soul Psyche means soul in Greek and psychology literally means the study of the soul For over a century American psychology has gone in precisely the opposite direction Soul mind and mind brain with no exceptions This reductionist paradigm is challenged in this book as Professor Kroth reviews eight politically incorrect forbidden databases in his empirical pursuit of the immortal soul of the ages near death experiences deathbed visions precognitive dreams premonitions synchronicity telepathy states of possession just to name a few The journey leads to a fascinating rediscovery of the soul Reviews Psyche s Exile is an absolute treasure trove of carefully collected experiential and experimental data spanning the research areas of anthropology sociology religion spirituality psychology and physics Although we are still some human evolutionary time away from experimentally proving the existence of the human soul there is certainly enough good data available at present to make it a viable working hypothesis Dr Kroth is dedicated to his craft as a professional explorer of nature in its many forms For myself I wouldn t hesitate to recommend this book to my scientific colleagues and my friends William A Tiller Ph D professor of physics Stanford University Author of Science and Human Transformation *E-Mails to My Grandchildren* David Nagle,2011-06-30 Gone are the days of grandchildren growing up next door to or down the street from their grandparents The opportunity for these youngsters to learn from their elders has diminished But author David Nagle found a way to mentor his grandchildren and be a practical source of wisdom He sent them e mails In E mails to My Grandchildren Nagle shares a collection of these e mails that served to inform his grandchildren giving them a sense of their roots Offering a sophisticated spectrum of mentoring advice the e mails contain an entertaining mix of personal stories of growing up in another age grandfatherly advice about living fully and information about how to stay healthy Meant to be savored and read again and again E mails to My Grandchildren challenges Nagles grandchildren to learn new things and to learn new ways of thinking about old things This sampler of warm biographical stories is both timely and timeless *Reincarnation in America* Lee Irwin,2017-07-31 Reincarnation in America An Esoteric

History surveys the complex history of reincarnation theories across multiple fields of discourse in a pre American context ranging from early Greek traditions to Medieval Christian theories Renaissance esotericism and European Kabbalah all of which had adherents that brought those theories to America Rebirth theories are shown in all these groups to be highly complex and often disjunctive with mainstream religions even though members of conventional religions frequently affirm the possibility of rebirth As a history of an idea reincarnation theory is a current vital belief pattern that cuts across a wide spectrum of social cultural and scientific domains in a long complex history not reducible to any specific religious or theoretical explanation This book is cross disciplinary and multicultural linking religious studies perspectives with science based research it draws upon many distinct disciplines and avoids reduction of reincarnation to any specific theory The underlying thesis is to demonstrate the complexity of reincarnation theories what is unique is the historical overview and the gradual shift away from religious theories of rebirth to new theories that are therapeutic and trans traditional Light Beyond Stanton Arthur Coblentz, 1982
