Reluctant Capitalists Russias Journey Through Market Transition

Linda M. Randall

Reluctant Capitalists Russias Journey Through Market Transition:

Reluctant Capitalists Linda M. Randall, 2001 This text examines Russia's journey toward a free market The book begins in 1990 with the end of the Perestroika and the transition to Yeltsin's economic policies and continues through the end of the decade and the transfer to Vladimir Putin Reluctant Capitalists Linda M. Randall, 2001-08-06 *Reluctant Capitalists* examines Russia's plodding sometimes painful journey toward a free market Through case studies interviews and first hand observation Randall tells us of Russia's economic troubles and offers suggestions for making market reform work

Encyclopedia of Contemporary Russian Culture Tatiana Smorodinskaya, Karen Evans-Romaine, Helena Goscilo, 2013-10-28 This addition to the highly successful Contemporary Cultures series covers the period from period 1953 with the death of Stalin to the present day Both Russian and Culture are defined broadly Russian refers to the Soviet Union until 1991 and the Russian Federation after 1991 Given the diversity of the Federation in its ethnic composition and regional characteristics questions of national regional and ethnic identity are given special attention There is also coverage of Russian speaking immigrant communities Culture embraces all aspects of culture and lifestyle high and popular artistic and material art fashion literature music cooking transport politics and economics film crime all and much else are covered in order to give a full picture of the Russian way of life and experience throughout the extraordinary changes undergone since the middle of the twentieth century The Encyclopedia of Contemporary Russian Culture is an unbeatable resource on recent and contemporary Russian culture and history for students teachers and researchers across the disciplines Apart from academic libraries the book will also be a valuable acquisition for public libraries Entries include cross references and the larger ones carry short bibliographies There is a full index *Russia's Postcolonial Identity* V. Morozov, 2015-03-04 Pushing postcolonial studies and constructivist International Relations towards an uneasy dialogue this book looks at Russia as a subaltern empire It demonstrates how the dialectic of the subaltern and the imperial has produced a radically anti Western regime which nevertheless remains locked in a Eurocentric outlook *Human Resource Management in Russia* Michel E. Domsch, Tatjana Lidokhover, 2017-11-30 Investigating Human Resource Management issues in Russia this volume looks at the current state of Human Resource practice within Russian enterprises its various problems and possible solutions Following a detailed introduction into the current economic developments taking place in Russia the book examines the new role of the HR department in Russian enterprises and the influence of national politics on HR practice The book also discusses key HRM issues such as recruitment and selection training and development payment and compensation before surveying the various HR problems encountered by multinational companies working in Russia Owning Russia Andrew S. Barnes, 2018-07-05 During and after the breakdown of the Soviet Union a wide range of competitors fought to build new political and economic empires by wresting control over resources from the state and from each other In the only book to examine the evolution of Russian property ownership in both industry and agriculture Andrew Barnes uses interviews archival research and firsthand

observation to document how a new generation of capitalists gained control over key pieces of the Russian economy by acquiring debt ridden factories and farms once owned by the state He argues that although the Russian government made policies that affected how actors battled one another it could never rein in the most destructive aspects of the struggle for property Barnes shows that dividing the spoils of the Soviet economy involved far more than the experiment with voucher privatization or the scandalous behavior of a few Moscow based oligarchs In Russia the control of property yielded benefits beyond mere profits and these high stakes fueled an intense enduring and profound conflict over real assets This fierce competition empowered the Russian executive branch at the expense of the legislature dramatically strengthened managers in relation to workers created a broad array of business conglomerates and fundamentally shaped regional politics not only blurring the line between government and business but often erasing it *The Politics of Equity Finance in Emerging Markets* Department of Political Science Case Western Reserve University Kathryn C. Lavelle Professor, 2004-09-24

Emerging market stock issuance relative to GDP rose in the late twentieth century to levels that roughly matched that of advanced industrial markets Nonetheless the connection between owning shares of emerging market stock and the ability to influence the management of these firms remains fundamentally different from the analogous institutional connection that has evolved in industrial markets The reasons for the differences in emerging markets are both historical and political in nature That is local equity markets have had the objective of providing for some degree of local ownership and control of large economic entities since the late nineteenth century However local markets have operated under different global political structures since that time ranging from imperialism to world wars to sovereign developmental states to neo liberal states Shares issued under these different structures have been reconfigured over time resulting in a lack of convergence along either the Anglo American or Continental models of corporate governance The author uses a political science paradigm to explain the growth of emerging equity markets She departs from conventional economic explanations and examines politics at the micro level of large issues of emerging market stock The second half of the book presents case studies dealing with emerging market countries in Latin America Asia Russia and Eastern Europe Africa and the Middle East The case studies connect the regional state and firm levels to detail the multiple ownership and control arrangements and to dispel the notion that mere quantitative growth of these markets will lead to a convergence in financial institutional structures along the lines of the industrial core of the world economy **IBSS: Economics: 2002 Vol.51** Compiled by the British Library of Political and Economic Science, 2013-05-13 First published in 1952 the International Bibliography of the Social Sciences anthropology economics political science and sociology is well established as a major bibliographic reference for students researchers and librarians in the social sciences worldwide Key features Authority Rigorous standards are applied to make the IBSS the most authoritative selective bibliography ever produced Articles and books are selected on merit by some of the world s most expert librarians and academics Breadth today the IBSS covers over 2000 journals more than any other

Managing Firms and Families Daria Tereshina,2021-01-07 This book investigates the moral dimensions of petty capitalism in Russia Drawing on an ethnographic enquiry into the small scale family based private sector of the city of Smolensk it examines the values moral ideas and sentiments that are entangled in the everyday workings of small businesses The book situates the realm of values within the broader dynamics of Russia s political economy and the global circuits of capital The moral frameworks of entrepreneurs incorporate conflicting values such that moralities associated with the Soviet order are intertwined with market orientations and neoliberal ideologies Daria Tereshina is a postdoctoral fellow at the Laboratory for Studies in Economic Sociology National Research University Higher School of Economics Moscow Russia

Ukraine and the Empire of Capital Yuliya Yurchenko,2017-12-20 Since 1991 nominally independent Ukraine has been in turmoil with the Orange Revolution and the Maidan protests marking its most critical moments Now its borders are threatened and the civil unrest and armed conflict continue to destabilise the country In order to understand these dramatic events Yuliya Yurchenko looks to the country s post Soviet past in this ambitious analysis of contemporary Ukrainian political economy Providing distinctive and unexplored reflections on the origins of the conflict Yurchenko unpacks the four central myths that underlie Ukraine s post Soviet reality the myth of transition the myth of democracy the myth of two Ukraines and the myth of the other In doing so she sheds light on the current intensification of class rivalries in Ukraine the kleptocracy resource wars and analyses existing and potential dangers of the rightwing shift in Ukraine s polity stressing a historic opportunity for change Critiquing the concept of Ukraine as transition space she provides a sweeping analysis which includes the wider neoliberal restructuring of global political economy since the 1970s with particular focus on Ukraine s relations with the US the EU and Russia This is a book for those wanting to understand the current conflict as a dangerous product of neoliberalism of the empire of capital

International Bibliography of Economics ,2003 IBSS is the essential tool for librarians university departments research institutions and any public or private institution whose work requires access to up to date and comprehensive knowledge of the social sciences

Social Justice Fallacies Thomas Sowell,2023-09-19 In this instant New York Times bestseller renowned economist Thomas Sowell demolishes the myths that underpin the social justice movement The quest for social justice is a powerful crusade of our time with an appeal to many different people for many different reasons But those who use the same words do not always present

the same meanings Clarifying those meanings is the first step toward finding out what we agree on and disagree on From there it is largely a question of what the facts are Social Justice Fallacies reveals how many things that are thought to be true simply cannot stand up to documented facts which are often the opposite of what is widely believed However attractive the social justice vision the crucial question is whether the social justice agenda will get us to the fulfillment of that vision History shows that the social justice agenda has often led in the opposite direction sometimes with catastrophic consequences More things are involved besides simply mistakes All human beings are fallible and social justice advocates may not necessarily make any more mistakes than others But crusaders with an utter certainty about their mission are often undeterred by obstacles evidence or even fatal dangers That is where much of the Western world is today The question is whether we will continue on heedlessly past the point of no return *Russia in the Capitalist World* Shoaib Khan, 2020-02-27 The breaking down of the Soviet Union in 1991 and the official statement of the progress from communism to free enterprise Russia both regarding its financial potential and populace and as far as its legacy of a severe centralist framework has an exceptional remaining among transitional economies A long ways past a progress from communism to private enterprise bearing the multi dimensional change in social political and arrangement regions combined with an intricate procedure as a top priority this change was no uncertainty considerably more troublesome and delicate for a country like Russia that had an established communist custom Falácias da justiça social Thomas Sowell, 2024-10-31 NESTE BEST SELLER DO NEW YORK TIMES O RENOMADO ECONOMISTA THOMAS SOWELL DERRUBA OS MITOS QUE EMBASAM O MOVIMENTO PELA JUSTIÇA SOCIAL A busca por justiça social uma poderosa missão de nosso tempo e que por diversos motivos tem um grande apelo a variadas pessoas Mas aqueles que usam as palavras nem sempre apresentam os mesmos conceitos Esclarecer essas concepções é o primeiro passo para descobrir em que concordamos e discordamos A partir daí basicamente uma questão de conhecer os fatos Falácias da Justiça Social revela como muitas afirmações consideradas verdadeiras simplesmente não se sustentam diante de fatos documentados que geralmente são o oposto do que muitas pessoas acreditam Por mais atraente que seja a visão da justiça social a questão fundamental se a agenda da justiça social nos levar concretiza o dessa visão A história nos mostra que essa agenda muitas vezes leva direção oposta e eventualmente com consequências catastróficas Há mais coisas envolvidas além de simples equívocos Todos os seres humanos são falíveis e os defensores da justiça social podem não cometer necessariamente mais erros do que outras pessoas Por motivos que têm certeza de sua missão geralmente não se deixam intimidar por obstáculos evidências ou até mesmo riscos fatais nessa situação que grande parte do mundo ocidental se encontra no momento A questão se continuaremos ultrapassando o limite do impossível sem nenhuma cautela **The British National Bibliography** Arthur James Wells, 2002 **European Spatial Research and Policy**, 2005 *Academy of Management Annual Meeting* Academy of Management, 2001 **Post-Soviet Russia** Roy A. Medvedev, 2000-11-07 Roy Medvedev one of the world's best known Russian scholars and a former consultant to both

Gorbachev and Yeltsin analyzes the main events that have transpired in the Russian federation since late August 1991. He looks at the plans that were meant to restructure a society in crisis but for reasons both complex and obvious were destined to fail. From the drastic liberalization of prices and shock therapy to the privatization of state owned property and Yeltsin's resignation and replacement by Vladimir Putin, this is an intricately fascinating saga of good intentions, philosophical warfare and catastrophic miscalculations. Among the many compelling facts detailed here are Yeltsin's utter surprise and lack of preparation at the failed coup against Gorbachev in 1991 when power fell virtually into his lap, his failure to heed the warnings of learned advisers like Yuri Yaremenko who knew that Western economics could not be applied to Russia and Yeltsin's dramatic and unprecedented decree in 1992 allowing anyone to sell or buy anything they wished. In a sweeping conclusion covering the critical events of 1998 and 1999 as well as a detailed analysis of the 1995 and 1996 elections, Medvedev lays forth an exhaustive survey of recent political shifts, attitudes, statistics and trends. From birth and death rates on the farm and in the city through a number of highly charged campaigns and elections to the new goal of the Communist Youth League to become millionaires, this is a breathtakingly detailed survey of an unforgettable chapter in Russia's history.

Subject Guide to Books in Print, 1993 **Politics and the Ruling Group in Putin's Russia** S. White, 2008-06-11. There is little consensus about the nature of the political system that has emerged during the Putin presidency. This collection considers the issues arising in this connection, focusing more closely on institutions such as the presidency and the security police and on the socioeconomic dimensions of political power.

Reluctant Capitalists Russias Journey Through Market Transition Book Review: Unveiling the Power of Words

In a world driven by information and connectivity, the energy of words has been much more evident than ever. They have the ability to inspire, provoke, and ignite change. Such is the essence of the book **Reluctant Capitalists Russias Journey Through Market Transition**, a literary masterpiece that delves deep to the significance of words and their effect on our lives. Compiled by a renowned author, this captivating work takes readers on a transformative journey, unraveling the secrets and potential behind every word. In this review, we shall explore the book's key themes, examine its writing style, and analyze its overall impact on readers.
