Remaking The Chinese Leviathan Market Transition And The Politics Of Governance In China:

Remaking the Chinese Leviathan Dali L. Yang, 2004 This book examines a wide range of governance reforms in the People's Republic of China including administrative rationalization divestiture of businesses operated by the military and the building of anticorruption mechanisms to analyze how China's leaders have reformed existing institutions and constructed new ones to cope with unruly markets curb corrupt practices and bring about a regulated economic order Remaking the Chinese Leviathan Dali L. Yang, 2022 In this provocative important study Dali L Yang examines a wide range of governance reforms in the People's Republic of China including administrative rationalization divestiture of businesses operated by the military and the building of anticorruption mechanisms The author also analyzes how China's leaders have reformed existing institutions and constructed new ones to cope with unruly markets curb corrupt practices and bring about a regulated economic order Though still a work in progress Yang argues taken together these reforms have improved the institutional environment for economic development and altered the landscape for China's ongoing struggle against rampant corruption These measures are also likely to have important implications for the exercise of governmental authority and for China's future political development As China's role on the world stage expands the way the State conducts itself assumes increasing importance not just for those concerned about the welfare of the Chinese people but also for those interested in China's role in regional and world affairs

China's Transition from Communism - New Perspectives Guoguang Wu, Helen Lansdowne, 2015-11-06 As China moved from a planned to a market economy many people expected that China's political system would similarly move from authoritarianism to democracy It is now clear however that political liberalisation does not necessarily follow economic liberalisation This book explores this apparent contradiction presenting many new perspectives and new thinking on the subject It considers the path of transition in China historically makes comparisons with other countries and examines how political culture and the political outlook in China are developing at present A key feature of the book is the fact that most of the contributors are China born Western trained scholars who bring deep knowledge and well informed views to the study

Politics and Government in China Guoli Liu, 2011-07-22 This concise thought provoking analysis explores the political changes and economic development emblematic of a rapidly rising China Politics and Government in China is an introduction to Chinese government and politics The book provides analysis of China's political history its key leaders and leadership transitions and its political party state institutions and party policies Moving beyond a strict definition of politics the book also explores the nation's economic development social policy law and order and foreign relations Throughout these analyses the book's primary focus is on modern China a nation poised to become an economic superpower It thus explores themes such as China's transition from a traditional society to a modern society from a less developed to a rapidly growing economy from a revolutionary regime to a modernizing state and from the rule of man to the rule of law Although the transitions are incomplete and the future still uncertain this book will help readers understand

China as it is and as it may become **Chinese Foreign Policy** Marc Lanteigne,2015-12-22 This updated and expanded 3rd edition of Chinese Foreign Policy seeks to explain the processes actors and current history behind China's international relations as well as offering an in depth look at the key areas of China's modern global relations Among the key issues are The expansion of Chinese foreign policy from regional to international interests China's growing economic power in an era of global financial uncertainty Modern security challenges including maritime security counter terrorism and protection of overseas economic interests The shifting power relationship with the United States as well as with the European Union Russia and Japan China's engagement with a growing number of international and regional institutions and legal affairs The developing great power diplomacy of China New chapters address not only China's evolving foreign policy interests but also recent changes in the international system and the effects of China's domestic reforms In response to current events sections addressing Chinese trade bilateral relations and China's developing strategic interest in Russia and the Polar Regions have been extensively revised and updated This book will be essential reading for students of Chinese foreign policy and Asian international relations and highly recommended for students of diplomacy international security and IR in general

China's Automotive Modernization G. Chin,2010-01-29 As a window for understanding the relationship between globalization and the state's pursuit of national industrial development this book examines how and why the Chinese government succeeded in leveraging China's international competitive advantages to modernize the country's automotive industry **Dams, Migration and Authoritarianism in China** Sabrina Habich,2015-12-22 Past studies on the Chinese state point towards the inherent adaptability effectiveness and overall stability of authoritarian rule in China The key question addressed here is how this adaptive capacity plays out at the local level in China clarifying the extent to which local state actors are able to shape local processes of policy implementation This book studies the evolution of dam induced resettlement policy in China based on extensive fieldwork conducted in Yunnan province It shows that local governments at the lowest administrative levels are caught in a double bind facing strong top down pressures in the important policy field of hydropower development while simultaneously having to handle growing social pressure from local communities affected by resettlement policies In doing so the book questions the widespread assumption that the observed longevity and resilience of China's authoritarian regime is to a large extent due to the high degree of flexibility that has been granted to local governments in the course of the reform period The research extends beyond previous analyses of policy implementation by focusing on the state on society and the ways in which they interact as well as by examining what happens when policy implementation is interrupted Analysing the application of resettlement policies in contemporary China with a focus on the multiple constraints that Chinese local states face this book will be of interest to students and scholars of Political Science Chinese Studies and Sociology **Allies of the State** Jie Chen,Bruce J. Dickson,2010-06-15 *Allies of the State* is a finely tuned laser of a book With a rigorous yet elegant research design deployed with great dexterity the argument unfolds in

tantalizing layers as Chen and Dickson get us closer than ever to understanding the political attitudes and behavior of China's private entrepreneurs Scott Kennedy author of *The Business of Lobbying in China* Political Booms Lynn T. White, 2009 Why have Taiwan rich parts of China and Thailand boomed famously while the Philippines has long remained stagnant both economically and politically Do booms abet democracy Does the rise of middle OC classes OCO promise future liberalization Why has Philippine democracy brought no boom and barely served the Filipino people This book unlike most previous studies shows that both the roots and results of growth are largely political rather than economic Specifically it pays attention to local not just national power networks that caused or prevented growth in the four places under consideration Violence has been common in these polities along with money Elections have contributed to socio political problems that are also obvious in Leninist or junta regimes because elections are surprisingly easy to buy with corrupt money from government contracts Liberals should pay more serious theoretical attention to the effects of money on justice and Western political science should focus more clearly on the ways non state local power affects elections By considering the effects on fair justice of local money and power largely from small and medium sized firms that emerge after agrarian reforms this book asks democrats to face squarely the extent to which electoral procedures fail to help ordinary citizens Students and scholars of Asia will all need this book OCo as will students of the West whose methods have become parochial Living with Reform Timothy Cheek, 2008-02-29 China is huge China is growing more powerful Yet China remains a great mystery to most people in the West This contemporary history based on the latest scholarly research offers a balanced perspective of the continuing legacy of Maoism in the lives not only of China's leaders but China's working people It outlines the ambitious economic reforms taken since the 1980s and shows the complex responses to the consequences of reform in China today Cheek shows the domestic concerns and social forces that shape the foreign policy of one of the world's great powers His analysis will equip the reader to judge media reports independently and to consider the experience and values not only of the Chinese government but China's workers women and minorities *Consultative Democracy or Consultative Authoritarianism?* Rongxin Li, 2022-08-11 This book theorizes Chinese politics specifically about China's deliberative democracy xieshang minzhu Creating a China West comparative framework the author interrogates China's government's claims to give representation to citizens allowing readers to see how all of these concepts interact within Chinese ideology democratic discourse and governance and their relationship with Chinese authoritarianism Above all this book represents a sustained hybridization of political theory one which is neither a simple democratic authoritarian dichotomy nor a reinterpretation of the official propaganda This study will interest scholars of Chinese politics and statecraft shedding light on an emergent discourse of the state Chinese xieshang minzhu More importantly this book goes beyond a simple rhetorical and linguistic use of deliberative democracy in the Western sense and rather emphasizes the very consultative nature of Chinese politics which facilitates and reconsolidates Chinese authoritarianism *China's Global Quest for Resources* Fengshi Wu, Hongzhou

Zhang,2016-11-18 The world's key resources of energy food and water which are closely connected and interdependent on each other are coming under increasing pressure as a result of increasing population development and climate change In the case of China following its recent economic surge energy food and water are already nearing the point of shortage This book considers how China is working to avoid shortages of energy food and water and the effect this is having internationally Subjects covered include domestic policy debates on China's resource strategies challenges for managing transboundary waters related to China responses from various regions and countries to China's Go Out strategy and China's increasing energy links with Russia and declining agricultural trade with the United States The book concludes by discussing in comparative perspective China's outward resource acquisition activities and the consequent policy implications **OECD**

Reviews of Regulatory Reform: China 2009 Defining the Boundary between the Market and the State

OECD,2009-05-05 This review of China's regulatory system focuses on the overall economic context for regulatory reform the government's capacity to manage regulatory reform competition policy and enforcement and market openness The

Routledge Handbook of Chinese Studies Chris Shei, Weixiao Wei,2021-05-30 This Handbook approaches Chinese Studies from an interdisciplinary perspective while attempting to establish a fundamental set of core values and tenets for the subject in relation to the further development of Chinese Studies as an academic discipline It aims to consolidate the current findings in Chinese Studies extract the essence from each affiliated discipline formulate a concrete set of ideas to represent the Chineseness of the subject establish a clear identity for the discipline and provide clear guidelines for further research and practice Topics included in this Handbook cover a wide spectrum of traditional and newly added concerns in Chinese Studies ranging from the Chinese political system and domestic governance to international relations Chinese culture literature and history Chinese sociology gender middle class nationalism home ownership dating and Chinese opposition and activism The Handbook also looks at widening the scope of Chinese Studies Chinese psychology postcolonialism and China Chinese science and climate change and some illustrations of innovative Chinese Studies research methods The Routledge Handbook of Chinese Studies is an essential reference for researchers and scholars in Chinese Studies as well as students in the discipline The China Reader David L. Shambaugh,2016 The rise of China is the most significant development in world

affairs in this generation No nation in history has risen as quickly or modernized as rapidly as has China over the four decades This sixth edition of The China Reader chronicles the diverse aspects of this transition since the late 1990s It is comprehensive in scope and draws upon both primary Chinese sources and secondary Western analyses written by the world's leading experts on contemporary China Perfectly suited as both a textbook for students as well as for specialists and the public alike the volume covers the full range of China's internal and external developments During the past three decades China dramatically modernized its economy and taken a position as one of the two major powers in the world Its mega economy has skyrocketed to being the second largest in the world and will soon surpass the United States on aggregate The

physical transformation of the country has been extraordinary to witness with infrastructure development unparalleled in human history Modern cities featuring futuristic architecture have literally risen from farmland across the country As China has developed domestically it has also taken its place as a major power on the world stage Whether in its relations with other powers the United States Russia and European Union with its neighbors in Asia or other countries across the world China is now a major factor in international relations Its businesses are going global and its people are establishing their footprint from Antarctica to outer space For all its newfound prowess China's rise has not been a smooth process Domestically the nation's juggernaut economy has produced numerous negative social and environmental side effects Its political system remains anachronistic and authoritarian with substantial repression Externally Beijing's rapid military modernization and regional territorial claims have alarmed China's neighbors Its relationship with the United States is complex and increasingly strained And its soft power remains limited Still the rise of China is the story of the current era The China Reader is a perfect window into the complexities of this historic process

[The Chinese Worker After Socialism](#) William Hurst, 2009-03-05 This fascinating study considers the fate of 35 million workers laid off from the state owned sector in China

Handbook of the Politics of China David S.G. Goodman, 2015-11-27 The Handbook of the Politics of China is a comprehensive resource introducing readers to the very latest in research on Chinese politics David Goodman provides an introduction to the key structures and issues providing the foundations on which later learning can be built Including a comprehensive bibliography it is an ideal reference work for undergraduate and postgraduate students and academics The Handbook contains four sections of new and original research dealing with leadership and institutions public policy political economy and social change and international relations Each of the 26 chapters has been written by a leading internationally established authority in the field and each reviews the literature on the topic and presents the latest findings of research Presenting the state of the art of the field this reader oriented Handbook is an essential primer for the study of China's politics

Knowing China Frank N. Pieke, 2016-07-28 Contemporary China appears both deceptively familiar and inexplicably different China is a cauldron of forms of entrepreneurship social organization ways of life and governance that are at once new and unique recognizably Chinese and generically modern In analyzing and interpreting these developments Frank N Pieke adopts a China centric perspective to move beyond western preoccupations desires or fears Each chapter starts with a key question about China showing that such questions and assumptions are often based on a misunderstanding or misconstruction of what China is today Pieke explores twenty first century China as a unique kind of neo socialist society combining features of state socialism neoliberal governance capitalism and rapid globalization Understanding this society not only helps us to know China better but takes us beyond the old dichotomies of West versus East developed versus developing tradition versus modernity democracy versus dictatorship and capitalism versus socialism

Globalization and Public Sector Reform in China Kjeld Erik Brødsgaard, 2014-04-24 This book analyses public sector reform comprehensively in all parts of China's

public sector government bureaucracy public service units and state owned enterprises It argues that reform of the public sector has become an issue of great concern to the Chinese leaders who realize that efficient public administration is key to securing the regime's governing capacity and its future survival The book shows how thinking about public sector reform has shifted in recent decades from a quantitative emphasis on small government which involved the reduction in size of what was perceived as a bloated bureaucracy to an emphasis on the quality of governance which may result in an increase in public sector personnel The book shows how although Western ideas about public sector reform have had an impact Chinese government continues to be best characterized as state capitalism with the large state owned enterprises continuing to play an important and increasing role in the economy and in business However state owned enterprises no longer provide care for large numbers of people from the cradle to the grave finding an alternative efficient way of delivering basic welfare and health care is the big challenge facing China's public sector

China and Transboundary Water Politics in Asia

Hongzhou Zhang, Mingjiang Li, 2017-12-14 Water related conflicts have a long history and will continue to be a global and regional problem Asia with 1.5 billion of its people living in shared river basins and with very few transboundary rivers governed by treaties is especially prone to such conflicts The key to mitigating transboundary water conflicts and advancing cooperation in Asia is largely in the hands of China the upstream country for most of Asia's major transboundary rivers To avert the looming water crisis apart from spending billions of dollars on domestic water transfer projects such as the South North Water Diversion Megaproject as well as on water conservancy and pollution abatement China has sought to utilize the water resources of the major rivers that run across borders with neighbouring countries On these transboundary rivers China has built or plans to build large dams for hydroelectricity and major water diversion facilities which has triggered anxiety and complaints from downstream countries and criticism from the international society This book aims to systematically examine the complex reality of water contestations between China and its neighbouring countries It provides a discussion on transboundary hydropolitics beyond the state centric geopolitical perspective to dig into various political institutional legal historical geographical and demographic factors that affect China's policies and practices towards transboundary water issues This book also provides a collection of comparative case studies on China's water resources management on the Mekong River with other five riparian states in the Lower Mekong region the Salween River with Myanmar the Brahmaputra River with India the Amur River with Russia and Mongolia the Illy and Irtysh Rivers with Kazakhstan and the Yalu and Tumen Rivers with North Korea Furthermore this book sheds light on China's future role in global water governance

Remaking The Chinese Leviathan Market Transition And The Politics Of Governance In China Introduction

In the digital age, access to information has become easier than ever before. The ability to download Remaking The Chinese Leviathan Market Transition And The Politics Of Governance In China has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Remaking The Chinese Leviathan Market Transition And The Politics Of Governance In China has opened up a world of possibilities. Downloading Remaking The Chinese Leviathan Market Transition And The Politics Of Governance In China provides numerous advantages over physical copies of books and

documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Remaking The Chinese Leviathan Market Transition And The Politics Of Governance In China has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Remaking The Chinese Leviathan Market Transition And The Politics Of Governance In China. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Remaking The Chinese Leviathan Market Transition And The Politics Of Governance In China. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Remaking The Chinese Leviathan Market Transition And The Politics Of Governance In China, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Remaking The Chinese Leviathan Market Transition And The Politics Of Governance In China has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

1. Where can I buy Remaking The Chinese Leviathan Market Transition And The Politics Of Governance In China books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
2. What are the different book formats available? Hardcover: Sturdy and durable, usually more expensive. Paperback: Cheaper, lighter, and more portable than hardcovers. E-books: Digital books available for e-readers like Kindle or software like Apple Books, Kindle, and Google Play Books.
3. How do I choose a Remaking The Chinese Leviathan Market Transition And The Politics Of Governance In China book to read? Genres: Consider the genre you enjoy (fiction, non-fiction, mystery, sci-fi, etc.). Recommendations: Ask friends, join book clubs, or explore online reviews and recommendations. Author: If you like a particular author, you might enjoy more of their work.
4. How do I take care of Remaking The Chinese Leviathan Market Transition And The Politics Of Governance In China books? Storage: Keep them away from direct sunlight and in a dry environment. Handling: Avoid folding pages, use bookmarks, and handle them with clean hands. Cleaning: Gently dust the covers and pages occasionally.
5. Can I borrow books without buying them? Public Libraries: Local libraries offer a wide range of books for borrowing. Book Swaps: Community book exchanges or online platforms where people exchange books.
6. How can I track my reading progress or manage my book collection? Book Tracking Apps: Goodreads, LibraryThing, and Book Catalogue are popular apps for tracking your reading progress and managing book collections. Spreadsheets: You can create your own spreadsheet to track books read, ratings, and other details.
