

Remaking New York

Michael I. J. Bennett, Robert P. Giloth

Remaking New York:

Remaking New York William Sites, 2003 Inequality increases instability grows communities fragment this is the fate of a city in the wake of globalization but is globalization really the cause Proposing a new perspective on politics globalization and the city this provocative book argues that such urban problems result in part from U S policies that can be changed William Sites develops the concept of primitive globalization identifying a pattern of reactive politics ad hoc measures to subsidize business displace the urban poor and dismantle the welfare state that uproots social actors corporations citizens urban residents and facilitates a damaging short term oriented type of international integration In light of this theory Sites examines the transformation of New York City since the 1970s focusing on the logic of political action at national local and neighborhood levels In the process the story of late twentieth century New York and its Lower East Side community emerges as something different not a tale of globalist transformation or of local resurgence but a distinctly American case one in which urban politics and the state in their own right exacerbate inequality and community fragmentation within the city

Ed Koch and the Rebuilding of New York City Jonathan Soffer, 2012-01-31 In 1978 Ed Koch assumed control of a city plagued by filth crime bankruptcy and racial tensions By the end of his mayoral run in 1989 and despite the Wall Street crash of 1987 his administration had begun rebuilding neighborhoods and infrastructure Unlike many American cities Koch's New York was growing not shrinking Gentrification brought new businesses to neglected corners and converted low end rental housing to coops and condos Nevertheless not all the changes were positive AIDS crime homelessness and violent racial conflict increased marking a time of great if somewhat uneven transition For better or worse Koch's efforts convinced many New Yorkers to embrace a new political order subsidizing business particularly finance insurance and real estate and privatizing public space Each phase of the city's recovery required a difficult choice between moneyed interests and social services forcing Koch to be both a moderate and a pragmatist as he tried to mitigate growing economic inequality Throughout Koch's rough rhetoric attacking his opponents as crazy wackos and radicals prompted charges of being racially divisive The first book to recast Koch's legacy through personal and mayoral papers authorized interviews and oral histories this volume plots a history of New York City through two rarely studied yet crucial decades the bankruptcy of the 1970s and the recovery and crash of the 1980s

Remaking New York City Brad Lander, Laura Wolf-Powers, Pratt Institute, 2004

The Suburbanization of New York Jerilou Hammett, Kingsley Hammett, 2012-03-20 The city that never sleeps also never stops changing And while New Yorkers are renowned for their trendsetting this thought provoking book argues that New York City itself has become a follower rather than a leader Once distinctive streets and neighborhoods have become awash in generic stores apartment boxes and garish signs and billboards Legendary neighborhoods Little Italy Hell's Kitchen Harlem the Lower East Side have been smoothed over with cute monikers remade for real estate investment and for sale to the highest bidder

Bloomberg's New York Julian Brash, 2011-01-15 New York mayor Michael Bloomberg claims to run the

city like a business In Bloomberg's New York Julian Brash applies methods from anthropology geography and other social science disciplines to examine what that means He describes the mayor's attitude toward governance as the Bloomberg Way a philosophy that holds up the mayor as CEO government as a private corporation desirable residents and businesses as customers and clients and the city itself as a product to be branded and marketed as a luxury good Commonly represented as pragmatic and nonideological the Bloomberg Way Brash argues is in fact an ambitious reformulation of neoliberal governance that advances specific class interests He considers the implications of this in a blow by blow account of the debate over the Hudson Yards plan which aimed to transform Manhattan's far west side into the city's next great high end district Bringing this plan to fruition proved surprisingly difficult as activists and entrenched interests pushed back against the Bloomberg administration suggesting that despite Bloomberg's success in redrawing the rules of urban governance older political arrangements and opportunities for social justice remain

Inequality, Crime, and Resistance in New York City Timothy P. R. Weaver, 2025-03-07 Uses New York City as a case study to show that urban politics and political development are driven by clashes among multiple political orders

Principles of Psychotherapy with Children John M. Reisman, Sheila Ribordy, 1993

The Global City 2.0 Kristin Ljungkvist, 2015-08-27 Global cities all over the world are taking on new roles as they increasingly participate directly and independently in international affairs and global politics So far surprisingly few studies have analyzed the role of the Global City beyond its already well explicated role in the globalized economy How is it that local governments of Global Cities claim international political authority and develop what appears to be their own independent foreign and security policies despite the fact that such policy areas have traditionally been considered to be the core function of nation states and central governments What does it mean to be and to govern the contemporary Global City In this book Kristin Ljungkvist claims that we can better understand why local governments find it to be in their Global City's interest to claim international political authority by exploring how the city's role in the globalized world is constructed and narrated locally A core claim is that Global City hood as a specific type of collective identity can play a constitutive part in such interest formation Combining insights from International Relations and Urban Studies scholarship and with the help of a case study on New York City Ljungkvist develops a new analytical framework for studying the Global City as an international political actor The Global City 2.0 shows that even as the Global City engages in various global issues such as global environmental governance or counterterrorism such pursuit will be framed and rationalized in terms of the city's economic growth The quest for growth and global competitiveness are not necessarily the only available meanings attached to the being and governing of the contemporary Global City However there seems to be a remarkable persistency and attraction in economistic ideas and an economistic conception of the Global City

Democracy, States, and the Struggle for Social Justice Heather D. Gautney, Neil Smith, Omar Dahbour, Ashley Dawson, 2009-04-24 Using understandable and interesting case studies Democracy States and the Struggle for Social Justice analyzes the impact of

neoliberal globalization on governance and explores the new forms of participatory democracy that have emerged from the global justice movement

Play, Creativity, and Social Movements Benjamin Shepard, 2012-05-23 As we play we step away from stark reality to conjure up new possibilities for the present and our common future Today a new cohort of social activists are using it to create social change and reinvent democratic social relations In contrast to work or routine play must be free To the extent that it is it infuses a high octane burst of innovation into any number of organizational practices and contexts and invites social actors to participate in a low threshold highly democratic process of collaboration based on pleasure and convivial social relations Despite the contention that such activities are counterproductive movements continue to put the right to party on the table as a part of a larger process of social change as humor and pleasure disrupt monotony while disarming systems of power Through this book Shepard explores notions of play as a social movement activity considering some of the meanings applications and history of the concept in relation to social movement groups ranging from Dada and Surrealism to Situationism the Yippies to the Young Lords ACT UP to the Global Justice anti gentrification community and anti war movements of recent years

True Faith and Allegiance Noah Pickus, 2009-04-11 True Faith and Allegiance is a provocative account of nationalism and the politics of turning immigrants into citizens and Americans Noah Pickus offers an alternative to the wild swings between emotionally fraught positions on immigration and citizenship of the past two decades Drawing on political theory history and law he argues for a renewed civic nationalism that melds principles and peoplehood This tradition of civic nationalism held sway at America's founding and in the Progressive Era Pickus explores how from James Madison to Teddy Roosevelt its proponents sought to combine reason and reverence and to balance inclusion and exclusion He takes us through controversies over citizenship for blacks and the rights of aliens at the nation's founding examines the interplay of ideas and institutions in the Americanization movement in the 1910s and 1920s and charts how both left and right promoted a policy of neglect toward immigrants and toward citizenship in the second half of the twentieth century True Faith and Allegiance shows that contemporary debates over a range of immigration and citizenship policies cannot be resolved by appeals to fixed notions of creed or culture but require a supple civic nationalism that bridges the gap between immigrants needs and American principles and practices It is critical reading for scholars policy makers and all who care about immigrants and about America

The Development of the American Presidency Richard J. Ellis, 2015-06-26 A full understanding of the institution of the American presidency requires us to examine how it developed from the founding to the present This developmental lens analyzing how historical turns have shaped the modern institution allows for a richer more nuanced understanding beyond the current newspaper headlines The Development of the American Presidency pays great attention to that historical weight but is organized by the topics and concepts relevant to political science with the constitutional origins and political development of the presidency its central focus Through comprehensive and in depth coverage this text looks at how the presidency has evolved in relation to the public to Congress

to the Executive branch and to the law showing at every step how different aspects of the presidency have followed distinct trajectories of change All the while Ellis illustrates the institutional relationships and tensions through stories about particular individuals and specific political conflicts Ellis s own classroom pedagogy of promoting active learning and critical thinking is well reflected in these pages Each chapter begins with a narrative account of some illustrative puzzle that brings to life a central concept A wealth of photos figures and tables allow for the visual presentations of concepts A companion website not only acts as a further resources base directing students to primary documents newspapers and data sources but also presents interactive timelines and practice quizzes to help students master the book s lessons The second edition a new chapter on unilateral powers that brings greater attention to domestic policymaking

Introduction to Cities Xiangming Chen,Anthony M. Orum,Krista E. Paulsen,2012-06-25 A complete introduction to the history evolution and future of the modern city this book covers a wide range of theory including the significance of space and place to provide a balanced account of why cities are an essential part of the global human experience Covers a wide range of theoretical approaches to the city from the historical to the cutting edge Emphasizes the important themes of space and place Offers a balanced account of cities and offers extensive coverage including urban inequality environment and sustainability and methods for studying the city Takes a global approach with examples from Berlin and Chicago to Shanghai and Mumbai Includes a range of pedagogical features such as a substantial glossary of key terms critical thinking questions suggestions for further reading and a range of innovative textboxes which follow the themes of Exploring Further Studying the City and Making the City Better Extensively illustrated with maps charts tables and over 80 photographs Accompanied by a comprehensive student companion site featuring a list of relevant journals a guide to useful web resources and an annotated documentary film guide alongside a useful instructor companion site with further examples case studies and discussion and essay questions instructors will find a link to the instructor website on the student website at www.wiley.com/go/cities

In Defense of Housing Peter Marcuse,David Madden,2024-08-27 In every major city in the world there is a housing crisis How did this happen and what can we do about it Everyone needs and deserves housing But today our homes are being transformed into commodities making the inequalities of the city ever more acute Profit has become more important than social need The poor are forced to pay more for worse housing Communities are faced with the violence of displacement and gentrification And the benefits of decent housing are only available for those who can afford it In Defense of Housing is the definitive statement on this crisis from leading urban planner Peter Marcuse and sociologist David Madden They look at the causes and consequences of the housing problem and detail the need for progressive alternatives The housing crisis cannot be solved by minor policy shifts they argue Rather the housing crisis has deep political and economic roots and therefore requires a radical response

Economic Development in American Cities Michael I. J. Bennett,Robert P. Giloth,2008-06-05 Evaluates the impact of equity investments in five cities during the 1990s

Making a Global Immigrant Neighborhood

Tarry Hum,2014-06-13 Based on more than a decade of research Making a Global Immigrant Neighborhood charts the evolution of Sunset Park with a densely concentrated working poor and racially diverse immigrant population from the late 1960s to its current status as one of New York City s most vibrant neighborhoods Tarry Hum shows how processes of globalization such as shifts in low wage labor markets and immigration patterns shaped the neighborhood She explains why Sunset Park s future now depends on Asian and Latino immigrant collaborations in advancing common interests in community building civic engagement entrepreneurialism and sustainability planning She shows too how residents responses to urban development policies and projects and the capital represented by local institutions and banks foster community activism Hum pays close attention to the complex social political and spatial dynamics that forge a community and create new models of leadership as well as coalitions The evolution of Sunset Park so astutely depicted in this book suggests new avenues for studying urban change and community development **Soul, Self, and Society** Michael

Rynkiewicz,2012-01-05 Globalization and urbanization are twin forces that are powerfully shaping economics politics and religion in the world today Traditional anthropological theories are inadequate to recognize and analyze trends such as global migration diasporas and transnationalism New departures in anthropology and the social sciences seeking to address these and other phenomena can help us critique and reshape the theology and practice of Christian mission Today most societies are no longer monocultural In such multicultural contexts any given individual may be competent in several cultures several languages several social networks What does it mean to be in mission with people on the move people who present themselves in one social identity language and culture within a particular setting and then in another setting even on the very same day present themselves in another social identity language and culture In the face of widespread rapid movement of peoples and their increasingly fluid and multifaceted identities will the missionary settle down somewhere or be itinerant along with the people How are perplexing new questions in particular contexts to be addressed such as In what ways is the Nigerian who is founding an AIC congregation near Houston a missionary too How will Brazilians and Koreans be trained for cross cultural ministry The world is changing faster than missionaries can be retrained for service And yet ethnographic tools are still crucial to missionary practice This important work seeks to draw on recent developments in anthropology to bring valuable perspective and tools to bear on equipping missionaries for work amidst the rapid shifting and complex shaping of peoples by the forces of today s globalized world **The Metropolitan Revolution** Jon C. Teaford,2006-05-16 In this

absorbing history Jon C Teaford traces the dramatic evolution of American metropolitan life At the end of World War II the cities of the Northeast and the Midwest were bustling racially and economically integrated areas frequented by suburban and urban dwellers alike Yet since 1945 these cities have become peripheral to the lives of most Americans Edge cities are now the dominant centers of production and consumption in post suburban America Characterized by sprawling freeways corporate parks and homogeneous malls and shopping centers edge cities have transformed the urban landscape of the

United States Teaford surveys metropolitan areas from the Rust Belt to the Sun Belt and the way in which postwar social racial and cultural shifts contributed to the decline of the central city as a hub of work shopping transportation and entertainment He analyzes the effects of urban flight in the 1950s and 1960s the subsequent growth of the suburbs and the impact of financial crises and racial tensions He then brings the discussion into the present by showing how the recent wave of immigration from Latin America and Asia has further altered metropolitan life and complicated the black white divide Engaging in original research and interpretation Teaford tells the story of this fascinating metamorphosis **Sells like Teen Spirit** Ryan Moore,2009-12-01 This account of modern rock music skillfully articulates the brutal social truths that compel young people to create meaning and subculture out of chaos Donna Gaines author of Teenage Wasteland In Sells Like Teen Spirit Ryan Moore tells the story of how music and youth culture have changed along with the economic political and cultural transformations of American society over four decades By attending concerts hanging out in dance clubs and after hour bars and examining the do it yourself music scene Moore gives a riveting first hand account of the sights sounds and smells of teen spirit Moore traces the histories of punk hardcore heavy metal glam thrash alternative rock grunge and riot grrrl music and relates them to wider social changes that have taken place Alongside the thirty images of concert photos zines flyers and album covers in the book Moore offers original interpretations of the music of a wide range of bands including Black Sabbath Black Flag Metallica Nirvana and Sleater Kinney Written in a lively witty style Sells Like Teen Spirit suggests a more hopeful attitude about the ways that music can be used as a counter to an overly commercialized culture showcasing recent musical innovations by youth that emphasize democratic participation and creative self expression even at the cost of potential copyright infringement Brilliantly situates the histories of several musical styles within the political economic and social changes that led to the development of an assortment of rock subgenres engaging Journal of Youth and Adolescence Proceedings ,1913

Remaking New York Introduction

Free PDF Books and Manuals for Download: Unlocking Knowledge at Your Fingertips In today's fast-paced digital age, obtaining valuable knowledge has become easier than ever. Thanks to the internet, a vast array of books and manuals are now available for free download in PDF format. Whether you are a student, professional, or simply an avid reader, this treasure trove of downloadable resources offers a wealth of information, conveniently accessible anytime, anywhere. The advent of online libraries and platforms dedicated to sharing knowledge has revolutionized the way we consume information. No longer confined to physical libraries or bookstores, readers can now access an extensive collection of digital books and manuals with just a few clicks. These resources, available in PDF, Microsoft Word, and PowerPoint formats, cater to a wide range of interests, including literature, technology, science, history, and much more. One notable platform where you can explore and download free Remaking New York PDF books and manuals is the internet's largest free library. Hosted online, this catalog compiles a vast assortment of documents, making it a veritable goldmine of knowledge. With its easy-to-use website interface and customizable PDF generator, this platform offers a user-friendly experience, allowing individuals to effortlessly navigate and access the information they seek. The availability of free PDF books and manuals on this platform demonstrates its commitment to democratizing education and empowering individuals with the tools needed to succeed in their chosen fields. It allows anyone, regardless of their background or financial limitations, to expand their horizons and gain insights from experts in various disciplines. One of the most significant advantages of downloading PDF books and manuals lies in their portability. Unlike physical copies, digital books can be stored and carried on a single device, such as a tablet or smartphone, saving valuable space and weight. This convenience makes it possible for readers to have their entire library at their fingertips, whether they are commuting, traveling, or simply enjoying a lazy afternoon at home. Additionally, digital files are easily searchable, enabling readers to locate specific information within seconds. With a few keystrokes, users can search for keywords, topics, or phrases, making research and finding relevant information a breeze. This efficiency saves time and effort, streamlining the learning process and allowing individuals to focus on extracting the information they need. Furthermore, the availability of free PDF books and manuals fosters a culture of continuous learning. By removing financial barriers, more people can access educational resources and pursue lifelong learning, contributing to personal growth and professional development. This democratization of knowledge promotes intellectual curiosity and empowers individuals to become lifelong learners, promoting progress and innovation in various fields. It is worth noting that while accessing free Remaking New York PDF books and manuals is convenient and cost-effective, it is vital to respect copyright laws and intellectual property rights. Platforms offering free downloads often operate within legal boundaries, ensuring that

the materials they provide are either in the public domain or authorized for distribution. By adhering to copyright laws, users can enjoy the benefits of free access to knowledge while supporting the authors and publishers who make these resources available. In conclusion, the availability of Remaking New York free PDF books and manuals for download has revolutionized the way we access and consume knowledge. With just a few clicks, individuals can explore a vast collection of resources across different disciplines, all free of charge. This accessibility empowers individuals to become lifelong learners, contributing to personal growth, professional development, and the advancement of society as a whole. So why not unlock a world of knowledge today? Start exploring the vast sea of free PDF books and manuals waiting to be discovered right at your fingertips.

FAQs About Remaking New York Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Remaking New York is one of the best book in our library for free trial. We provide copy of Remaking New York in digital format, so the resources that you find are reliable. There are also many Ebooks of related with Remaking New York. Where to download Remaking New York online for free? Are you looking for Remaking New York PDF? This is definitely going to save you time and cash in something you should think about.
