

# Rembrandt Paintings Drawings Etchings

**Ludwig Goldscheider**

## **Rembrandt Paintings Drawings Etchings:**

**Handlist of Works by Rembrandt** Rembrandt Harmenszoon van Rijn, 1918      *A Corpus of Rembrandt Paintings V*  
Ernst van de Wetering, 2013-12-12 This volume is the fifth volume of *A Corpus of Rembrandt Paintings* a project devoted to all Rembrandt's paintings This is the work of The Rembrandt Research Project consisting of a group of scholars led since 1993 by Professor Ernst van de Wetering The project began in 1968 with the aim of separating Rembrandt's own paintings from the vast number of Rembrandtesque paintings made by his many apprentices and followers Having opted for a chronological approach to the cataloguing of Rembrandt's paintings from 1625 till 1642 in the first three volumes it was decided in 1993 to adopt a thematic approach for further volumes This was largely to facilitate the recognition of different hands The new approach yielded much more information not only about Rembrandt's working methods but also about the function and meaning of his works This expanded field of view meant that etchings and drawings with similar themes also needed to be included In 2005 Volume IV appeared devoted to Rembrandt's self portraits in painting etching and drawing Volume V consists of a catalogue and analysis of the so called small scale history and genre paintings That theme was chosen because this type of complex work shows a variety of full length protagonists acting in different narrative settings For this reason in the 17th century painting etching or drawing biblical and mythological scenes was looked upon as an artist's greatest challenge The choice of this theme proved to be highly fruitful in several ways Small scale history pieces reveal Rembrandt's artistic ambitions most clearly They also offer the authors a much more accurate view of the daily routine in Rembrandt's studio his apprentices mostly copied this type of work or used it as a starting point for their own As a result it was easier to distinguish the works by the master himself from those of his pupils All aspects of the skills necessary to create a pictorial illusion play a part in the creation of small figured history paintings These aspects were referred to as the basis of the noble art of painting in Rembrandt's days Two seventeenth century painter theoreticians discussed these principles systematically in two books which up till now have only sporadically been consulted in the context of 17th century studio practice Karel van Mander wrote his *Grond der edel vry schilder const* Basis of the Art of Painting in 1604 and Samuel van Hoogstraten produced his *Inleyding tot de hooge schoole der schilder konst* Academy of Painting in 1678 Van Hoogstraten was a pupil of Rembrandt between 1642 and 48 Comparing the two books and considering them in relation to Rembrandt's oeuvre gradually reveals his original views on painting and how these had developed during his career Thus the authors of this new Volume of *A Corpus* have gained an unexpected and profound insight into Rembrandt's ideas and approach to his art The basic aspects of painting included the following topics function and methods of drawing human proportions various positions poses and gestures of figures ways of arranging a scene's protagonists in a composition facial expressions of a variety of emotions light shadows and reflected light landscape and animals draperies and articles of clothing methods of painting and various characteristics and uses of colours The way these basic aspects were selected and dealt with presumed

that the more practical side to the art of painting would be learned by the apprentice in the daily routine of his master's studio. With the development of art history in the nineteenth century the basic aspects of the art of painting listed above acquired the vague label of style. However the seventeenth century categorization of the basic aspects provides a much more acute means of probing the views and criteria for judging a painting by Rembrandt and his contemporaries than the concept of style. Volume V in the series *A Corpus of Rembrandt Paintings* breaks new ground from the point of view of art history not only in its approach to Rembrandt as an artist but more particularly to his thinking about painting. Moreover a detailed comparison of Rembrandt's works and those by his apprentices who based their works on his led to a profound and detailed understanding of Rembrandt's views on pictorial quality. In art historical literature quality usually does not feature prominently since it is regarded as being too subjective. This comparative approach together with the analysis of seventeenth century categories of thought about painting have given the research on Rembrandt a new impetus at the same time allowing us to see more clearly through seventeenth century eyes. That is why the new volume of the *Corpus* is an important publication not only for art historians but also for all who want to fully enjoy the numerous works of art that date back to the Dutch Golden Age now scattered in museums around the world. *Rembrandt-paintings, drawings, etchings* Ludwig Goldscheider, 1964

**Rembrandt** Jaco Rutgers, Timothy J. Standring, 2018-10-23 A compelling reconsideration of Rembrandt's printed oeuvre based on new research into the artist's life and work. As a pioneering printmaker Rembrandt van Rijn 1606-1669 stood apart from his contemporaries thanks to his innovative approach to composition and his skillful rendering of space and light. He worked with the medium as a vehicle for artistic expression and experimentation causing many to proclaim him the greatest etcher of all time. Moreover the dissemination of the artist's prints outside of the Dutch Republic during his lifetime contributed greatly to establishing Rembrandt's reputation throughout Europe. Sumptuously illustrated with comparative paintings and drawings as well as prints this important volume draws on exciting new scholarship on Rembrandt's etchings. Authors Jaco Rutgers and Timothy J. Standring examine the artist's prints from many angles. They reveal how Rembrandt intentionally varied the states of his etchings printed them on exotic papers and retouched prints by hand to create rarities for a clientele that valued unique impressions. *Rembrandt* Rembrandt Harmenszoon van Rijn, Ludwig Goldscheider, 1960 An introduction to his work both graphic and painted. Text consists primarily of the three earliest biographies of Rembrandt. 128 plates 35 in color

**Rembrandt: Paintings, Drawings, and Etchings** Rembrandt Harmenszoon van Rijn, 1967

**Loan Exhibition of Paintings, Drawings and Etchings by Rembrandt and His Circle** Daniel Catton Rich, Art Institute of Chicago, 1935

**Paintings, Drawings and Etchings [of] (Rembrandt.)** Rembrandt Harmenszoon van Rijn, 1960

*Rembrandt* Ludwig Goldscheider, 1967

**Rembrandt Drawings** Seymour Slive, 2009 Examines Rembrandt's achievements as a draftsman and surveys more than 150 his drawings grouped into sixteen categories including self-portraits, nudes, copies, animals, landscapes, historical subjects and more.

*Rembrandt. the Complete Drawings and Etchings* Erik Hinterding, Peter Schatborn, 2019 Rembrandt's drawings display his emotional state with a candor unseen in other works. They function as a repository for his unfiltered feelings and perspectives of the world that surrounded him. Be it through haunting sketches of his first wife in the grips of a fatal case of tuberculosis, simple scenes of street life or studies of elephants and tigers, Rembrandt communicates his feverish thirst for images and his ability to represent these through the lens of his immediate emotional state. Commemorating the 350th anniversary of the artist's death and published in tandem with an exhibition at the Rijksmuseum of unprecedented scale, this stunning XXL monograph is the complete collection of Rembrandt's works on paper. Through the 700 drawings brilliantly printed in color for the first time and 313 etchings in pristine reproduction, we explore Rembrandt's keen eye, deft hand, and boundless depth of feeling like never before. And above all, we witness that he was far more than just a painter. Rembrandt as an Etcher Christopher White, 1999 To study Rembrandt's etchings, one must do more than read dates and signatures, classify subject matter, and enumerate states; one has to consider the whole man and his unique talent in the context of his life and milieu. This book surveys Rembrandt's prints both individually and generally. Though an overall pattern in his work can be discovered, Rembrandt was essentially an artist of variety, and each print, at least in his maturity, represented a unique experience. Rembrandt was one of the first artists to experiment with the media of etching and drypoint, submitting his plates to numerous reworkings, drawing on impressions, varying the inking of his plates and the papers on which he printed. Detailed study reveals that in many cases the changes and variations he introduced provide a unique opportunity not afforded by the paintings and drawings of observing the artist at work. Enthusiasm for Rembrandt's prints has not been confined to scholars. Even during the artist's lifetime and ever since, there has hardly been a time when his prints were not sought after, collected, and cherished somewhere. There are numerous catalogues raisonnés as well as catalogues of individual collections and exhibitions, but little has been written that sets Rembrandt's prints in the context of his whole life and work. This book, first published thirty years ago, fills that gap, surveying Rembrandt's prints thematically and in comparison to his paintings and drawings. The new edition, which has been considerably revised and expanded to take account of recent research, is particularly informative about working methods and the techniques of printmaking. Rembrandt, the Master & His Workshop Christopher Brown, 1991 Because of the world's veneration for Rembrandt and the lack of documentary evidence about his work, scholars have vastly overestimated his productivity. By the middle of this century, more paintings, drawings, and etchings were attributed to this beloved artist than one man could possibly have created. Recently, research has been done to establish a body of work that can be securely attributed to Rembrandt and to identify other paintings and drawings previously associated with Rembrandt as the work of artists who studied in his studio. Drawing on this research, these books on Rembrandt's paintings, drawings, and etchings provide for the first time a clear picture of the division of work that was done in Rembrandt's workshop. **A Corpus of Rembrandt Paintings** J. Bruyn, B. Haak, S.H. Levie, P.J.J. van

Thiel,1982-11-30 Since the second half of the last century art historians realizing that the image of Rembrandt's work had become blurred with time have attempted to redefine the artist's significance both as a source of inspiration to other artists and as a great artist in his own right In order to carry on the work started by previous generations a group of leading Dutch art historians from the university and museum world joined forces in the late 1960s in order to study afresh the paintings usually ascribed to the artist The researchers came together in the Rembrandt Research Project which was established to provide the art world with a new standard reference work which would serve the community of art historians for the nearby and long future They examined the originals of all works attributed to Rembrandt taking full advantage of today's sophisticated techniques including radiography neutron activation autoradiography dendrochronology and paint sample analysis thereby gaining valuable insight into the genesis and condition of the paintings The result of this meticulous research is laid down chronologically in the following Volumes THIS VOLUME A Corpus of Rembrandt Paintings Volume I which deals with works from Rembrandt's early years in Leiden 1629 1631 published in 1982 A Corpus of Rembrandt Paintings Volume II covering his first years in Amsterdam 1631 1634 published in 1986 A Corpus of Rembrandt Paintings Volume III goes into his later years of reputation 1635 1642 published in 1990 Each Volume consists of a number of Introductory Chapters as well as the full Catalogue of all paintings from the given time period attributed to Rembrandt In this catalogue each painting is discussed and examined in a detailed way comprising a descriptive an interpretative and a documentary section For the authenticity evaluation of the paintings three different categories are used to divide the works in A Paintings by Rembrandt B Paintings of which Rembrandt's authorship cannot be positively either accepted or rejected and C Paintings of which Rembrandt's authorship cannot be accepted This volume Volume I contains 730 pages starting of with four introductory chapters and discussing 93 paintings In clear and accessible explanatory text all different paintings are discussed larded with immaculate images of each painting Details are shown where possible as well as the results of modern day technical imaging In this volume the first ever works by Rembrandt are discussed also using his etchings as comparison *Catalogue of the Loan Exhibition of Drawings & Etchings by Rembrandt from the J. Pierpont Morgan Collections* John Pierpont Morgan,1920 Rembrandt? Lene Bøgh Rønberg,Eva de la Fuente Pedersen,Ernst van de Wetering,Statens museum for kunst (Denmark),2006 *Rembrandt's Themes* Richard Verdi,2014 Rembrandt van Rijn 1606 1669 was among the few celebrated old masters who enjoyed considerable freedom in his choice of subject matter Living and working in the Protestant Netherlands he painted largely for private patrons and the open market selecting his own subjects in the hope of finding buyers This illuminating study explores some of the central themes of Rembrandt's paintings drawings and etchings grand love sin repentance and forgiveness adultery fatherhood and the conflict between the generations as well as mundane and idiosyncratic It demonstrates how Rembrandt's subjects can offer new revelations about this complex artist

**Rembrandt [Stech].** V.V. Stech,1966 *Rembrandt Etchings* Michiel Kersten,Liesbeth Heenk,Malin

Lnnberg,2014-06-25 Rembrandt Etchings Looking at Rembrandt s PrintsIn his day Rembrandt was better known as an etcher than a painter Looking at his prints requires a little time and patience from the viewer but the rewards are well worth the effort Rembrandt moved expertly between genres demonstrating his ingenuity insight into human emotion and mastery of the medium in every image The compositions are beautifully balanced despite a wealth of narrative detail Every line has a purpose nothing is accidental or left to chance The book Rembrandt Etchings will guide you on your visual journey of discovery and allow you to see why Rembrandt was the greatest of all seventeenth century printmakers Because the book is all about looking and enjoying Rembrandt Etchings Looking at Rembrandt s Prints is lavishly illustrated **Rembrandt**  
Elizabeth Ripley,1955

### **Rembrandt Paintings Drawings Etchings Introduction**

In today's digital age, the availability of Rembrandt Paintings Drawings Etchings books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Rembrandt Paintings Drawings Etchings books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Rembrandt Paintings Drawings Etchings books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Rembrandt Paintings Drawings Etchings versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Rembrandt Paintings Drawings Etchings books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Rembrandt Paintings Drawings Etchings books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Rembrandt Paintings Drawings Etchings books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions

have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Rembrandt Paintings Drawings Etchings books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Rembrandt Paintings Drawings Etchings books and manuals for download and embark on your journey of knowledge?

### **FAQs About Rembrandt Paintings Drawings Etchings Books**

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer webbased readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Rembrandt Paintings Drawings Etchings is one of the best book in our library for free trial. We provide copy of Rembrandt Paintings Drawings Etchings in digital format, so the resources that you find are reliable. There are also many Ebooks of related with Rembrandt Paintings Drawings Etchings. Where to download Rembrandt Paintings Drawings Etchings online for free? Are you looking for Rembrandt Paintings Drawings Etchings PDF? This is definitely going to save you time and cash in something you should think about. If you trying to find then search around for online. Without a doubt there are numerous these available and many of them have the freedom. However without doubt you receive whatever you purchase. An alternate way to get ideas is always to check another Rembrandt Paintings Drawings Etchings. This method for see exactly what may be included and

adopt these ideas to your book. This site will almost certainly help you save time and effort, money and stress. If you are looking for free books then you really should consider finding to assist you try this. Several of Rembrandt Paintings Drawings Etchings are for sale to free while some are payable. If you arent sure if the books you would like to download works with for usage along with your computer, it is possible to download free trials. The free guides make it easy for someone to free access online library for download books to your device. You can get free download on free trial for lots of books categories. Our library is the biggest of these that have literally hundreds of thousands of different products categories represented. You will also see that there are specific sites catered to different product types or categories, brands or niches related with Rembrandt Paintings Drawings Etchings. So depending on what exactly you are searching, you will be able to choose e books to suit your own need. Need to access completely for Campbell Biology Seventh Edition book? Access Ebook without any digging. And by having access to our ebook online or by storing it on your computer, you have convenient answers with Rembrandt Paintings Drawings Etchings To get started finding Rembrandt Paintings Drawings Etchings, you are right to find our website which has a comprehensive collection of books online. Our library is the biggest of these that have literally hundreds of thousands of different products represented. You will also see that there are specific sites catered to different categories or niches related with Rembrandt Paintings Drawings Etchings So depending on what exactly you are searching, you will be able to choose ebook to suit your own need. Thank you for reading Rembrandt Paintings Drawings Etchings. Maybe you have knowledge that, people have search numerous times for their favorite readings like this Rembrandt Paintings Drawings Etchings, but end up in harmful downloads. Rather than reading a good book with a cup of coffee in the afternoon, instead they juggled with some harmful bugs inside their laptop. Rembrandt Paintings Drawings Etchings is available in our book collection an online access to it is set as public so you can download it instantly. Our digital library spans in multiple locations, allowing you to get the most less latency time to download any of our books like this one. Merely said, Rembrandt Paintings Drawings Etchings is universally compatible with any devices to read.
