Remembered Prisoners of a Forgotten War: An Oral History of Korean War POWs Lewis H. Carlson, 2003-03-01 The Korean War POW remains the most maligned victim of all American wars For nearly half a century the media general public and even scholars have described hundreds of these prisoners as brainwashed victims of a heinous enemy who had uncharacteristically caved in to their Communist captors or even worse as turncoats who betrayed their fellow soldiers In either case these boys apparently lacked the right stuff required of our brave sons Dr Carlson debunks these popular myths in this captivating oral history From the Tiger Death March to the paranoia here at home Korean War POWs suffered injustices on a scale few can comprehend Here at long last is a chance to hear the true story of these brave men in their own words a story that until now has gone largely untold

Sacrifices for Patriotism Helen Greene Leigh, 2012 *Sacrifices for Patriotism* A Korean POW Remembers the Forgotten War is a narrative nonfiction recollection of the thirty seven months Pharis Greene spent in captivity during the Korean War His story includes his childhood memories and continues to his life today In Korea Pharis experienced horrific events He witnessed his new commander Colonel Martin being cut in half by a Russian tank after engaging in a street fight with only a bazooka to defend himself Less than forty yards separated Pharis from his higher ranking officer Second Lieutenant Thornton when a North Korean madman dubbed The Tiger shot him in the back of the head on the infamous Death March On numerous occasions Pharis feared his life was over including the three times he stood in front of a firing squad Some fellow POWs have been quoted in *Remembered Prisoners of a Forgotten War* by Lewis H Carlson and *In Mortal Combat* by John Toland In contrast Pharis shares his personal experiences from the beginning to the end of the Korean War and recalls how he endured the challenges and miraculously survived

In the Shadow of the Greatest Generation Melinda L. Pash, 2014-05-22 Largely overshadowed by World War II s greatest generation and the more vocal veterans of the Vietnam era Korean War veterans remain relatively invisible in the narratives of both war and its aftermath Yet just as the beaches of Normandy and the jungles of Vietnam worked profound changes on conflict participants the Korean Peninsula chipped away at the beliefs physical and mental well being and fortitude of Americans completing wartime tours of duty there Upon returning home Korean War veterans struggled with home front attitudes toward the war faced employment and family dilemmas and wrestled with readjustment Not unlike other wars Korea proved a formative and defining influence on the men and women stationed in theater on their loved ones and in some measure on American culture In the Shadow of the Greatest Generation not only gives voice to those Americans who served in the forgotten war but chronicles the larger personal and collective consequences of waging war the American way

The Instability of Truth Rebecca Lemov, 2025-03-25 An acclaimed historian of science uncovers the hidden history of brainwashing and its troubling implications for today Because brainwashing affects both the world and our observation of the world we often don t

recognize it while it's happening unless we know where to look As Rebecca Lemov writes in *The Instability of Truth* Brainwashing erases itself What we call brainwashing is more common than we think it is not so much what happens to other people as what can happen to anyone *The Instability of Truth* exposes the myriad ways our minds can be controlled against our will from the brainwashing techniques used against American POWs in North Korea to the soft brainwashing of social media doomscrolling and behavior shaping In our increasingly data driven world anyone can fall victim to mind control Lemov identifies invasive forms of emotional engineering that exploit trauma and addiction to coerce and persuade in everyday life Tracing the word brainwashing from deep in the files of an operative of the U S Office of Strategic Services in the 1950s to the pioneering research of Robert Jay Lifton to the public trials of cult leaders and the case of Patty Hearst Lemov also studies how the idea of mind control has spread across the globe and penetrated courtrooms secret labs military schools and today's digital sites *The Instability of Truth* offers lessons from mind control episodes past and present Truth is always subject to question in more mundane walks of life than most people believe and Lemov equips us for the increasing challenges we face from social media AI and an unprecedented global form of surveillance capitalism *The Instability of Truth* develops a rigorous new understanding of both brainwashing's paradoxes and its emotional roots by giving voice to

brainwashers the brainwashed and third party observers alike **Dissenting POWs** Tom Wilber, Jerry Lembcke, 2021-04-22 Looking into the underlying factional divide between pro war hardliners and anti war dissidents among the POWs authors Wilber and Lembcke delve into the postwar American culture that created the myths of the Hero POW and the dissidents blamed for the loss of the war What they found was that it was the class backgrounds of the captives and their pre captive experience that drew the lines After the war the hardcore hero holdouts like John McCain moved on to careers in politics and business while the dissidents faded from view as the antiwar movement that might otherwise have championed them disbanded [Cold Days in Hell](#) William Clark Latham, 2013-01-31 Prisoners suffer in every conflict but American servicemen captured during the Korean War faced a unique ordeal Like prisoners in other wars these men endured harsh conditions and brutal mistreatment at the hands of their captors In Korea however they faced something new a deliberate enemy program of indoctrination and coercion designed to manipulate them for propaganda purposes Most Americans rejected their captors promise of a Marxist paradise yet after the cease fire in 1953 American prisoners came home to face a second wave of attacks Exploiting popular American fears of communist infiltration critics portrayed the returning prisoners as weak willed pawns who had been brainwashed into betraying their country The truth was far more complicated Following the North Korean assault on the Republic of Korea in June of 1950 the invaders captured more than a thousand American soldiers and brutally executed hundreds more American prisoners who survived their initial moments of captivity faced months of neglect starvation and brutal treatment as their captors marched them north toward prison camps in the Yalu River Valley Counterattacks by United Nations forces soon drove the North Koreans back across the 38th Parallel but the unexpected

intervention of Communist Chinese forces in November of 1950 led to the capture of several thousand more American prisoners. Neither the North Koreans nor their Chinese allies were prepared to house or feed the thousands of prisoners in their custody and half of the Americans captured that winter perished for lack of food, shelter and medicine. Subsequent communist efforts to indoctrinate and coerce propaganda statements from their prisoners sowed suspicion and doubt among those who survived. Relying on memoirs, trial transcripts, debriefings, declassified government reports, published analysis and media coverage, plus conversations, interviews and correspondence with several dozen former prisoners, William Clark Latham Jr. seeks to correct misperceptions that still linger six decades after the prisoners came home. Through careful research and solid historical narrative, *Cold Days in Hell* provides a detailed account of their captivity and offers valuable insights into an ongoing issue: the conduct of prisoners in the hands of enemy captors and the rules that should govern their treatment.

I Cannot Forget John Wilson Moore, Judith Fenner Gentry, 2013-08-08 Eighteen year old Johnny Moore was an energetic, self-confident private first class when he entered combat with a heavy weapons platoon in Korea. Four and a half months later, after surviving heavy attacks on the Pusan Perimeter and in one of the forward units of the western column advancing on the Yalu River, he was captured by the Chinese infantry. Moore and other American POWs suffered from starvation, rations, bitter cold and mental torment. Although the intense Chinese efforts to change the prisoners' ideologies were largely unsuccessful, they were very effective in engendering distrust among the prisoners and abandonment of duty by the officers. Encouraged by an American sergeant, Moore worked with his captors to obtain better sanitation, a fairer distribution of food and, on two occasions, medicine for the sick. Twice he tried to escape from imprisonment. Just four days after his twenty-first birthday in 1953, the Chinese released him. Moore cooperated fully with US military interrogators, giving as much information as he could on the prison camp and the methods his captors had used. But two years later, army officers arrested him at his home and charged him with treason. Although the charge was dropped and a Field Board of Inquiry returned him to regular duty, the army's treatment of him left Moore further traumatized. He eventually went AWOL and turned to drinking, gambling and other self

destructive behaviors Military historian Judith Fenner Gentry has worked with Moore s memoirs of his experiences during and after the war to corroborate clarify elaborate and situate his story within the larger events in Korea and in the Cold War She has consulted records from courts martial newspaper interviews with returning POWs and Freedom of Information Act documents on the Army Criminal Investigation Division and the Army Counter Intelligence Corps *Food in the American Military* John C.
