critical element in forming that frame of mind and the frame of mind was itself critical in deciding the fate of Liberalism in the post war years What emerges from this study is the paradox that the Liberal mind was the greatest single obstacle in the way of a Liberal revival *The Walls Have Ears* Helen Fry,2019-09-10 A history of the elaborate and brilliantly sustained World War II intelligence operation by which Hitler s generals were tricked into giving away vital Nazi secretsAt the outbreak of World War II MI6 spymaster Thomas Kendrick arrived at the Tower of London to set up a top secret operation German prisoners cells were to be bugged and listeners installed behind the walls to record and transcribe their private conversations This mission proved so effective that it would go on to be set up at three further sites and provide the Allies with crucial insight into new technology being developed by the Nazis In this astonishing history Helen Fry uncovers the inner workings of the bugging operation On arrival at stately homes turned prisons like Trent Park high ranking German generals and commanders were given a phony interrogation then treated as guests wined and dined at exclusive clubs and encouraged to talk And so it was that the Allies got access to some of Hitler s most closely guarded secrets and from those most entrusted to protect them Memoir and Letters of Jenny C.
