Self and Story in Russian History Laura Engelstein, Stephanie Sandler, 2018-08-06 Russians have often been characterized as people with souls rather than selves Self and Story in Russian History challenges the portrayal of the Russian character as selfless self effacing or self torturing by exploring the texts through which Russians have defined themselves as private persons and shaped their relation to the cultural community The stories of self under consideration here reflect the perspectives of men and women from the last two hundred years ranging from westernized nobles to simple peasants from such famous people as Tolstoy Dostoyevsky Akhmatova and Nicholas II to lowly religious sectarians Fifteen distinguished historians and literary scholars situate the narratives of self in their historical context and show how since the eighteenth century Russians have used expressive genres including diaries novels medical case studies films letters and theater to make political and moral statements The first book to examine the narration of self as idea and ideal in Russia this vital work contemplates the shifting historical manifestations of identity the strategies of self creation and the diversity of narrative forms Its authors establish that there is a history of the individual in Russian culture roughly analogous to the one Conversations with Joseph Brodsky Solomon Volkov, 2002-01-15 Brodsky describes his post associated with the West Russian life in New York and reveals for the first time his active participation in one of the cold war s most noted cultural confrontations the famous defection of the Bolshoi Ballet star Alexander Godunov In this and all his tales recounted here we meet a Brodsky his readers have not heard before both contentious and gracious breaking all the rules never succumbing to the straitjacketing of literary or political cliques in New York or anywhere else In these raw Russian conversations superbly translated by Marian Schwartz is the journey of a poet hero around the world and through this century s most troubling and sensational times One Less Hope Constantin V. Ponomareff, 2006-01-01 This collection of essays which should appeal both to Slavists and students of comparative literature deals with twelve major twentieth century Russian poets who for varied reasons became estranged from the Soviet state Some stayed in Russia to become inner migr s others chose to go into exile in the West One less hope one more song Akhmatova s words stands both for their suffering and often their deaths but also for their humanity and poetic achievement The poets in question are Anna Akhmatova Osip Mandelshtam Vladimir Mayakovsky Alexander Blok Sergey Esenin Nikolay Gumilev Vyacheslav Ivanov Marina Tsvetaeva Vladislav Khodasevich Boris Poplavsky Boris Pasternak and Joseph Brodsky The whole collection is followed by a cultural perspective of the Russian

19th and 20th centuries Under the Sky of My Africa Catharine Theimer Nepomnyashchy, Nicole Syobodny, Ludmilla A. Trigos, 2006-05-30 A wide ranging consideration of the nature and significance of Pushkin's African heritage Roughly in the year 1705 a young African boy acquired from the seraglio of the Turkish sultan was transported to Russia as a gift to Peter the Great This child later known as Abram Petrovich Gannibal was to become Peter's godson and to live to a ripe old age having attained the rank of general and the status of Russian nobility More important he was to become the great grandfather of Russia's greatest national poet Alexander Pushkin It is the contention of the editors of this book borne out by the essays in the collection that Pushkin's African ancestry has played the role of a wild card of sorts as a formative element in Russian cultural mythology and that the ways in which Gannibal's legacy has been included in or excluded from Pushkin's biography over the last two hundred years can serve as a shifting marker of Russia's self definition. The first single volume in English on this rich topic Under the Sky of My Africa addresses the wide variety of interests implicated in the question of Pushkin s blackness race studies politics American studies music mythopoetic criticism mainstream Pushkin studies In essays that are by turns biographical iconographical cultural and sociological in focus the authors representing a broad range of disciplines and perspectives take us from the complex attitudes toward race in Russia during Pushkin's era to the surge of racism in late Soviet and post Soviet contemporary Russia In sum Under the Sky of My Africa provides a wealth of basic material on the subject as well as a series of provocative readings and interpretations that will influence future considerations of Pushkin and race in Russian culture Russian Classical Literature Today Yordan Ljutskanov, Hristo Manolakev, Radostin Rusev, 2014-06-19 This book explores a range of mis uses of the Russian classical literature canon and its symbolic capital by contemporary Russian literature cinema literary scholarship and mass culture It outlines processes of current canon formation in a situation of the expiration of a literature centric culture that has been imbued with specific messianism and its doubles The book implements Pierre Bourdieu s theory of the cultural field focussing on a field s constitutive pursuit of autonomy and on its flexible resistance to the double pressure of the political field and the economic field It provides material for elaborating this theory through postulating the principal presence of a third factor of heteronomy the strong neighbour within the cultural field Furthermore this volume demonstrates the heuristic of comparing the current Russian mis uses of classical literature to prior Russian and current foreign ones As such it also discusses such issues as the historical relativity of a literary field s notion of autonomy and the geo cultural variability of the Russian literary Reference Guide to Russian Literature Neil Cornwell, 2013-12-02 First Published in 1998 This volume will surely be canon regarded as the standard guide to Russian literature for some considerable time to come It is therefore confidently recommended for addition to reference libraries be they academic or public Gender and Russian Literature Rosalind J. Marsh,1996-03-28 A 1996 overview of key issues in Russian women's writing and of important representations of women by men from 1600 onwards The Unsung Hero of the Russian Avant-Garde Natalia Murray, 2012-06-27 The first

biography of Nikolay Punin this book offers a comprehensive analisys of his life in the context of Russian political social and cultural history in the first half of the XX century Lyric Poetry and Modern Politics Clare Cavanagh, 2009-01-01 This work explores the intersection of poetry national life and national identity in Poland and Russia from 1917 to the present It also provides a comparative study of modern poetry from the perspective of the Eastern and Western sides of the Iron Curtain

Twentieth-Century Russian Poetry Katharine Hodgson, Joanne Shelton, Alexandra Smith, 2017-04-21 The canon of Russian poetry has been reshaped since the fall of the Soviet Union A multi authored study of changing cultural memory and identity this revisionary work charts Russia's shifting relationship to its own literature in the face of social upheaval Literary canon and national identity are inextricably tied together the composition of a canon being the attempt to single out those literary works that best express a nation s culture This process is of course fluid and subject to significant shifts particularly at times of epochal change This volume explores changes in the canon of twentieth century Russian poetry from the 1991 collapse of the Soviet Union to the end of Putin's second term as Russian President in 2008 In the wake of major institutional changes such as the abolition of state censorship and the introduction of a market economy the way was open for wholesale reinterpretation of twentieth century poets such as Iosif Brodskii Anna Akhmatova and Osip Mandel shtam their works and their lives In the last twenty years many critics have discussed the possibility of various coexisting canons rooted in official and non official literature and suggested replacing the term Soviet literature with a new definition Russian literature of the Soviet period Contributions to this volume explore the multiple factors involved in reshaping the canon understood as a body of literary texts given exemplary or representative status as classics Among factors which may influence the composition of the canon are educational institutions competing views of scholars and critics including figures outside Russia and the self canonising activity of poets themselves Canon revision further reflects contemporary concerns with the destabilising effects of emigration and the internet and the desire to reconnect with pre revolutionary cultural traditions through a narrative of the past which foregrounds continuity Despite persistent nostalgic yearnings in some quarters for a single canon the current situation is defiantly diverse balancing both the Soviet literary tradition and the parallel contemporaneous literary worlds of the emigration and the underground Required reading for students teachers and lovers of Russian literature Twentieth Century Russian Poetry brings our understanding of post Soviet Russia up to date The American Bibliography of Slavic and East European Studies Patt Leonard, Rebecca Routh, 2020-02-27 This bibliography first published in 1957 provides citations to North American academic literature on Europe Central Europe the Balkans the Baltic States and the former Soviet Union Organised by discipline it covers the arts humanities social sciences life sciences and technology

Into the Heart of European Poetry John Taylor, 2017-07-05 John Taylor s brilliant new book examines the work of many of the major poets who have deeply marked modern and contemporary European literature Venturing far and wide from the France in which he has lived since the late 1970s the polyglot writer critic not only delves into the more widely translated

literatures of Italy Greece Germany and Austria but also discovers impressive and overlooked work in Slovenia Bosnia Hungary Finland Norway and the Netherlands in this book that ranges over nearly all of Europe including Russia While providing this stimulating and far ranging critical panorama Taylor brings to light key themes of European writing the depth of everyday life the quest of the thing in itself metaphysical aspiration and anxiety the dialectics of negativity and affirmation subjectivity and self effacement and uprootedness as a category that is as ontological as it is geographical historical political or cultural The book pays careful attention to the intersection of writing and history or politics as several poets featured here have faced the Second World War the Holocaust Communism the fall of Communism or the war in the former Yugoslavia Taylor gives the work of renowned upcoming and still little known poets a thorough look all the while scrutinizing recent translations of their verse He highlights several poets who are also masters of the prose poem He includes a few novelists who have fashioned a particularly original kind of poetic prose that stylistic category that has proved so difficult for critics to define Into the Heart of European Poetry should be of immediate interest to any reader curious about the aesthetic and philosophical ideas underlying major trends of contemporary European writing In a day and age when much too little is translated and thus known about foreign literature and when Europeans themselves are pondering the common denominators of their own culture this book is a The Russian Prospero Robert Bird, 2007-01-10 Viacheslav Ivanov 1866 1949 the central intellectual force in Russian modernism achieved through his work an original synthesis of Christianity Platonism and the philosophy of Friedrich Nietzsche His powerful intellect exerted an immeasurable influence in modernist Russia and the early Soviet Union and after emigrating to Italy in 1924 he played an important role in intellectual debates in Western Europe between the wars In recent years Ivanov s manifold contributions have been recognized in all major aspects of Russian culture including poetry literary theory philosophy and theology In The Russian Prospero Robert Bird uncovers the foundations of Ivanov s poetic and theoretical universe traces its evolution and explores its connections to cultural and intellectual currents in international modernism Blending a close reading of Ivanov s work with a thoughtful analysis of his place within twentieth century thought Bird finds that Ivanov s ecstatic creative psychology leads directly to a consideration of history as a continuum of human interpretive activity and to a conception of art as a historical force He emphasizes and dramatizes Ivanov s quest to harness the power of art and apply it to concrete life situations It is the dilemma of Prospero who must liberate his attendant spirit Ariel in order to restore full sovereignty over his own creative self and to regain ethical agency The productive tension that resulted from Ivanov s struggle was a remarkable force in Russian modernism and remains a powerful spur for our own reflections on modernity Outstanding Academic Title Choice Magazine Bird's clear explanations of Ivanov s ideas and his informed insightful astute readings of the poetic works make this book required reading for anyone interested in modern poetry intellectual history cultural studies and philosophy of early 20th century Russian and European thought Essential Choice Bird makes a welcome contribution to our understanding of Russian

modernism in its broader European context In this undertaking he has not only succeeded admirably but will undoubtedly inspire others to follow him Pamela Davidson The Russian Review The most comprehensive overall treatment of Ivanov s work to date David N Wells The Slavic and East European Journal Remembering and Imagining the Holocaust Christopher Bigsby, 2006-10-19 This is a meditation on memory and on the ways in which memory has operated in the work of writers for whom the Holocaust was a defining event It is also an exploration of the ways in which fiction and drama have attempted to approach a subject so resistant to the imagination Beginning with W G Sebald for whom memory and the Holocaust were the roots of a special fascination Bigsby moves on to consider those writers Sebald himself valued including Arthur Miller Anne Frank Primo Levi and Peter Weiss and those whose lives crossed in the bleak world of the camps in fact or fiction The book offers a chain of memories It sets witness against fiction truth against wilful deceit It asks the question who owns the Holocaust those who died those who survived to bear witness those who appropriated its victims to shape their own necessities Imitations of Life Louise McReynolds, Joan Neuberger, 2002-03-29 Uses the under studied genre of melodrama as a critical prism for understanding Russian Soviet history politics and culture in particular the uses to which popular culture was put in the Soviet period **Flint on a Bright Stone** Kirsten Blythe Painter, 2006 Flint on a Bright Stone closes a significant gap in the history of Modernist poetry by identifying the existence of Tempered Modernism an international phenomenon exemplified by Akhmatova Rilke H D and Williams and characterized by small poems written with precision restraint simplicity equilibrium and hardness
