Innovation and the Arts Piero Formica,John Edmondson,2020-02-19 By dwelling on the need for the convergence of business innovation and the arts this book highlights the value of lowering the psychological organizational and institutional barriers that keep them apart For educators and practitioners this is an in depth discussion designed to stimulate awareness of the issues facing business education **Balthus** Nicholas Fox Weber,2013-09-25 The first full scale biography of one of the most elusive and enigmatic painters of our time the self proclaimed Count Balthus Klossowski de Rola whose brilliantly rendered markedly sexualized portraits especially of young girls are among the most memorable images in contemporary art The story of Balthus s life has been shrouded by contradiction and hearsay most of it his own invention over the years he created for himself a persona of mystery aristocracy and glamour Now in Nicholas Fox Weber s superb biography Balthus the man and the artist stands revealed as never before He was born in Paris in 1908 to Polish parents At age twelve he first stepped into the spotlight with the publication of forty of his drawings illustrating a story about a cat by Rainer Maria Rilke who was then Balthus s mother s lover and a crucial influence on the young boy From that moment Balthus has never been out of the public eye In 1934 his first exhibition in Paris stunned the art world The seven canvases drew attention to his extraordinary technique a mix of tradition and imagination informed by the work of Piero della Francesca Courbet and Joseph Reinhardt but unique to the twenty six year old artist and to their provocative content one of the paintings The Guitar Lesson was so powerful in its sadomasochistic imagery that it was deemed necessary to remove it from public display Continuously since then Balthus s work has provoked both great opprobrium and profound admiration as has the artist himself whether collaborating with Antonin Artaud on his Theater of Cruelty transforming the Villa Medici into the social center of Fellini s Rome in the 1950s or competing for the artistic limelight with his friends Picasso and Andr Derain The artist s complexities are clarified and his genius understood in a book that derives its particular immediacy from Weber s long and intense conversations with Balthus who never previously consented to discuss his life and work with a biographer as well as his

interviews with the painter's closest friends, members of his family and many of the subjects of his controversial canvases. Weber's critical and human grasp as he acutely analyzes the paintings in terms of both their aesthetic achievement and what they reveal of their maker's psyche combined with his rich knowledge of Balthus's life and his insight into the ideas and forces that have helped to shape Balthus's work over the past seven decades gives us a striking, illuminating portrait of one of the most admired and outrageous artists of our time.

Riviera Dreaming Maureen Emerson, 2018-04-12

In 1926 Barry Dierks, a young American architect, arrived in Paris and fell in love with France. With his partner, an ex-officer in the British Army, he built a white, flat-roofed Modernist masterpiece that rested on the rocks below the Esterel with views across the Mediterranean. They called it Le Trident. From the moment it was built, it captivated the Riviera. As commissions for more villas flooded in, Barry Dierks and Eric Sawyer, those two charmers, flourished at the heart of Riviera society. Over the years Dierks would design and build over 70 of the Riviera's most recognizable villas for clients ranging from Somerset Maugham's Villa Mauresque and Jack Warner's Villa Aujourd'hui to the Marquess of Cholmondeley's Villa Le Roc and Maxine Elliott's Chateau de l'Horizon, later the home of Aly Khan and Rita Hayworth. *Riviera Dreaming* tells the dazzling story of the lives, loves and adventures that played out behind the walls of these glamorous houses and provides an unparalleled portrait of life on the Cote d'Azur at the height of the Jazz Age.

The Drama of Marriage J. Clum, 2012-01-02

In studying performances of marriage in modern and contemporary British and American drama, Clum highlights the fact that paradoxically, at a time when theatre was both popular entertainment and high culture, many of the most commercially and artistically successful plays about marriage were written by homosexual men. Beginning with Oscar Wilde and focusing on some of the most successful British and American playwrights of the past century, including Somerset Maugham, Noël Coward, Terence Rattigan and E. M. Williams in England, and Clyde Fitch, George Kelly, Tennessee Williams, William Inge and Edward Albee in the US, *The Drama of Marriage* looks at how the plays they wrote about heterosexual marriage continue to impact contemporary gay playwrights and the depiction of marriage today.
