Remembering Her Angela Offutt Damron, 2024-10-22 Remembering Her is an intimate look into the lives of families that have had to watch someone they love fade into someone they don't recognize Told from different perspectives it details how their relationships and lives changed because of the disease Family members were finally able to share their struggles without fear of judgment No one's point of view was the same This book is for those who feel like they have become isolated and for those who long for someone to walk alongside them during a time they never saw coming Remembering Her is not just about facing this disease but for anyone who has become responsible for taking care of someone who once took care of themselves

Critical Approaches to Genocide Hülya Adak, Fatma Müge Göçek, Ronald Grigor Suny, 2023-09-28 The study of genocide has been appropriate in emphasizing the centrality of the Holocaust yet other preceding episodes of mass violence are of great significance Taking a transnational and transhistorical approach this volume redresses and replaces the silencing of the Armenian Genocide Scholarship relating to the history of denial comparative approaches in the deportations and killings of Greeks and Armenians during the First World War and women's histories during the genocide and post genocide proliferated during the centennial of the Armenian Genocide in 2015 Collectively however these studies have not been enough to offer a comprehensive account of the historical record documentation and interpretation of events during 1915-1916 This study seeks to bridge the gap by unsettling nationalist narratives and addressing areas such as aesthetics gender and sexuality By bringing forward various dimensions of the human experience including the political socioeconomic cultural social gendered and legal contexts within which such silencing occurred the essays address the methodological silences and processes of selectivity and exclusion in scholarship on the Armenian Genocide The interdisciplinary approach makes *Critical Approaches to Genocide* a useful resource for all students and scholars interested in the Armenian Genocide and memory studies

Working Memory Marlene Kadar, 2015-07-31 Working Memory Women and Work in World War II speaks to the work women did during the war the labour of survival resistance and collaboration and the labour of recording representing and memorializing these wartime experiences The contributors follow their subjects tracks and deepen our understanding of the experiences from the imprints left behind These efforts are a part of the making of history and when the process is as personal as many of our contributors research has been it is also the working of memory The implication here is that memory is intimate and that the layering of narrative fragments that recovery involves brings us in touching distance to ourselves These are not the stories of the brave little woman at home they are stories of the woman who calculated the main chance and took up with the Nazi soldier or who eagerly dropped the apron at the door and picked up a paintbrush or who brazenly bargained for her life and her mother's with the most feared of tyrants These are stories of courage and sometimes of compromise not the courage of bravado and hype and big guns but rather the courage of hard choices and sacrifices that make sense of the life given even when that life seems only madness Working Memory brings scholarly attention to the roles of women in World War II that have been hidden masked undervalued or forgotten
