Remembrance Past And Present:

Prophetic Remembrance Erica Still, 2014-12-17 Using the term prophetic remembrance to articulate the expression of a constituent faith in the performative capacity of language Erica Still shows how black subjectivity is born of and interprets cultural trauma She brings together African American neo slave narratives and Black South African postapartheid narratives to reveal the processes by which black subjectivity accounts for its traumatic origins names the therapeutic work of the present and inscribes the possibility of the future The author draws on trauma studies black theology and literary criticism as she considers how writers such as Toni Morrison Charles Johnson John Edgar Wideman David Bradley Sindiwe Magona K Sello Duiker and Zakes Mda explore the possibilities for rehearsing a traumatic past without being overcome by it Although both African American and South African literary studies have addressed questions of memory narrative and trauma little comparative work has been done Prophetic Remembrance offers this comparative focus in reading these literatures together to address the question of what it means to remember and to recover from racial oppression **The Time of Our Lives**

institutions and laws Still we wonder what to make of memory and its gifts though sometimes we are hardly even certain that they are gifts Of the many chambers in this vast palace I mean to ask particularly after the place of memory in politics in the identity of political communities and in their practices of doing justice from the Preface W James Booth seeks to understand the place of memory in the identity ethics and practices of justice of political communities Identity is he believes a particular kind of continuity across time one central to the possibility of agency and responsibility and memory plays a central role in grounding that continuity Memory identity takes two forms a habitlike form the deep presence of the past that is part of a life led in common and a more fragile vulnerable form in which memory struggles to preserve identity through time notably in bearing witness a form of memory work deeply bound up with the identity of political communities Booth argues that memory holds a defining place in determining how justice is administered Memory is tied to the very possibility of an ethical community one responsible for its own past able to make commitments for the future and driven to seek justice Underneath and motivating the politics of memory understood as contests over the writing of history over memorials museums and canons he writes there lies an intertwining of memory identity and justice Communities of Memory both argues for and maps out that intertwining

The Eschatological Person Andrew T. J. Kaethler, 2022-07-12 Both Alexander Schmemmann and Joseph Ratzinger insist that the human person remains shrouded in mystery without God's self disclosure in the person of Jesus Christ Like us Jesus lived in a particular time and location and therefore time and temporality must be part of the ontological question of what it means to be a human person Yet Jesus the one who has time for us ascended to the Father and the bride of Christ awaits his return and therefore time and temporality are conditioned by the eschatological With this in mind the ontological question of personhood and temporality is a question that concerns eschatology how does eschatology shape personhood Bringing together Schmemmann and Ratzinger in a theological dialogue for the first time this book explores their respective approaches and answers to the aforementioned question While the two theologians share much in common it is only Ratzinger's relational ontological approach that by being consistently relational from top to bottom consistently preserves the meaningfulness of temporal existence
