Wartime Standard Ships Nick Robins, 2017-08-30 In both World Wars there arose a pressing need for merchant tonnage both to supplement existing ships but more importantly to replace ships that had been sunk by enemy action and the key to the Allied strategy in both wars was a massive programme of merchant shipbuilding This need gave rise to a series of standard designs with increasing emphasis on prefabrication and a progression towards welded hulls This new book tells the remarkable story of the design and construction of the many types that not only contributed to their country's war efforts but were also responsible for a cultural change in world shipbuilding that would lay the foundations for the post war industry The story begins in the First World War with the National type cargo ships which were the first examples of prefabricated construction The best known of all types of wartime standard ships of course were the Liberty ships and their successor the better equipped Victory ships both built in the United States Some 2 700 Liberty ships were built and this incredible

achievement undoubtedly saved the Allies from losing the War In Canada the Ocean and Park ships made a further major contribution Germany and Japan also introduced standard merchant shipbuilding programmes during the Second World War and these are covered in detail The many different types and designs are all reviewed and their roles explained while the design criteria innovative building techniques and the human element of their successful operation is covered Some of the story has been told piecemeal in a range of diverse books and articles a few with extensive fleet lists However the complete history of the twentieth century wartime built standard merchant ship has not previously been written so this new volume recording that history within its appropriate technical political and military background will be hugely welcomed **From Wheel House to Counting House** Lewis R. Fischer, 2017-10-18 This volume is dedicated to Maritime Business History by means of commemorating the career of Professor Peter Neville Davies a prominent member of the Economic and Social History department of the University of Liverpool a career spanning the dates 1964 1992 The volume is divided into four sections The first is a tribute and appreciation of Professor Davies which also acts as an introduction to his work for unfamiliar readers The second section focuses on business aspects of British maritime history with particular attention to the impact of British shipping overseas and the rise and decline of shipbuilding industries The third section is specific to Liverpool and Merseyside and explores the local maritime history of the area including trade with the Mediterranean local shipbuilding the Mersey port system and nautical archaeology The final section explores subjects within international maritime history particularly within Norway and America All essays and topics covered aim to collectively and significantly develop the field of maritime business history and all are directly related to Professor Davies academic interests as a means of celebrating Professor Davies own accomplishments during his career The journal concludes with a comprehensive bibliography of Professor Davies work **Pirates** Charles active 1724-1731 Johnson, 2022-05-28 In *Pirates* Charles Johnson masterfully narrates the thrilling adventures of notorious buccaneers intertwining vivid dramatic prose with biographical sketches that reveal the complex lives of these maritime outlaws The book is both an engaging work of popular literature and a significant historical account providing insights into the socio political landscape of early 18th century England and the Caribbean Utilizing a journalistic style infused with romanticism Johnson delves into the allure of piracy exploring themes of freedom rebellion and morality while shedding light on the brutal realities of life at sea Charles Johnson a contemporary of Daniel Defoe has often been hypothesized to have derived inspiration from his own experiences in the tumultuous maritime world or a desire to present a different perspective on piracy than was common in his day His background in writing for the emerging periodical press aligns with the popular fascination with adventure and crime during the Age of Enlightenment reflecting a society grappling with issues of authority and personal autonomy This context amplifies the significance of Johnson's work as it grapples with both romantic ideals and harsh truths of pirate existence *Pirates* is a must read for anyone interested in maritime history literature or the enduring allure of rebellion against authority Johnson's compelling

storytelling combined with historical authenticity offers readers not only excitement and adventure but also deeper reflections on the nature of freedom and lawlessness on the high seas **Seaboard** ,1921 *The Untouchables* Jeff Goulding,2021-09-20 *The Untouchables* Anfield's Band of Brothers chronicles the rise and fall of one of the greatest Liverpool teams ever In 1918 an enlisted man Tom Bromilow stepped off the streets of Liverpool and straight into the team Still in uniform he was one of tens of thousands of Liverpudlians who fought in World War One His signing completed a jigsaw that eventually revealed an image of footballing perfection a team so great they were called The Untouchables The book brings to life a host of incredible characters uncovers friendships and rivalries and reveals amazing backstories Meet men like Bootle born Walter Wadsworth tough talking Irishman Elisha Scott champion boxer Jock McNab and many other fascinating figures The Untouchables reveals previously unknown detail and sheds new light on old controversies including the real reason behind the departure of the club's manager Dave Ashworth Meticulously researched and lovingly told the book breathes new life into a fascinating and long forgotten story **The Nautical Gazette** ,1921 **The Mercantile Marine** Edward Keble Chatterton,1923 *Some Reminiscences* William Michael Rossetti,2013-06-06 This 1906 two volume memoir provides an unparalleled glimpse into the Rossetti family and its friendships with many Victorian cultural figures
