Looking After Minidoka Neil Nakadate, 2018-11-01 A clear eyed carefully researched but nonetheless passionate book that is rich with the closely observed details of internment camp life Lauren Kessler author of *Stubborn Twig* Three Generations in the Life of a Japanese American Family During World War II 110 000 Japanese Americans were removed from their homes and incarcerated by the US government In *Looking After Minidoka* the internment camp years become a prism for understanding three generations of Japanese American life from immigration to the end of the twentieth century Nakadate blends history poetry rescued memory and family stories in an American narrative of hope and disappointment language and education employment and social standing prejudice and pain communal values and personal dreams Poetic yet sharply honest the family story unfolds within the larger context of the national saga You ll wince but read it anyway Your soul will be better for it Nuvo This book is highly readable and contains fascinating details not usually covered in other books on Japanese American history Oregon Historical Quarterly **Commission on Wartime Relocation and Internment of Civilians Act** United States. Congress. Senate. Committee on Governmental Affairs, 1980 **Judgment Without Trial** Tetsuden Kashima, 2011-10-17 2004 Washington State Book Award Finalist *Judgment without Trial* reveals that long before the 1941 attack on Pearl Harbor the U S government began making plans for the eventual internment and later incarceration of the Japanese American population Tetsuden Kashima uses newly obtained records to trace this process back to the 1920s when a nascent imprisonment organization was developed to prepare for a possible war with Japan and follows it in detail through the war years Along with coverage of the well known incarceration camps the author discusses the less familiar and very different experiences of people of Japanese descent in the Justice and War Departments internment camps that held internees from the continental U S and from Alaska Hawaii and Latin America Utilizing extracts from diaries contemporary sources official communications and interviews Kashima brings an array of personalities to life on the pages of his book those whose unbiased assessments of America s Japanese ancestry population were discounted or ignored those whose works and actions were based on misinformed fears and racial animosities those who tried to remedy the inequities of the system and by no means least the prisoners themselves Kashima s interest in this episode began with his own unanswered questions about his father s wartime experiences From this very personal motivation he has produced a panoramic and detailed picture without rhetoric and emotionalism and supported at every step by documented fact of a government that failed to protect a group of people for whom it had forcibly assumed total responsibility *Women and War* Nancy F. Neville, 2009 The essays in this collection start with the premise that although race like class and gender is socially constructed all three categories have been shaped profoundly by their context in a capitalist society Race in other words is a historical category that develops not only in dialectical relation to class and gender but also in relation to the material conditions in which all three are forged In addition to discussing and analyzing various dimensions of the African American experience contributors also consider the ways in which race plays itself out in the experience of Asian Americans and in the very different geopolitical environments of the British Empire and postcolonial Africa Contributors are Pedro Caban Sundiata Keita Cha Jua David Crockett Theodore Koditschek Scott Kurashige Clarence Lang Minkah Makalani Helen A Neville Ibitola O Pearce David Roediger Monica M White and Jeffrey Williams **Gender, Migration and Domestic Work** M. Kilkey, D. Perrons, A. Plomien, 2013-02-21 Based on studies conducted in the UK and USA this book investigates the experiences of suppliers and consumers of masculinized domestic services exploring issues such as increasing inequality migration the rise of commoditized domestic services contemporary masculinities and the gendering of paid work **Japanese American Celebration and Conflict** Lon Kurashige, 2002-06-03 Do racial minorities in the United States assimilate to American values and institutions or do they retain ethnic ties and cultures In exploring the Japanese American experience Lon Kurashige recasts this tangled debate by examining what assimilation and ethnic retention have meant to a particular community over a long period of time This is an inner history in which the group identity of one of America's most noteworthy racial minorities takes shape From the 1930s when Japanese immigrants controlled sizable ethnic enclaves to the tragic wartime internment and postwar decades punctuated by dramatic class mobility racial protest and the influx of economic investment from Japan the story is fraught with conflict The narrative centers on Nisei Week in Los Angeles the largest annual Japanese celebration in the United States The celebration is a critical site of political conflict and the ways it has changed over the years reflect the ongoing competition over what it has meant to be Japanese American Kurashige reveals subtly and with attention to gender issues the tensions that emerged at different moments not only between those who emphasized Japanese ethnicity and those who stressed American orientation but also between generations and classes in this complex community
