*Renaissance Literature and its Formal Engagements* M. Rasmussen, 2016-04-30 What might a self conscious turn to formal analysis look like in Renaissance literary studies today after theory and the new historicism The essays collected here address this question from a variety of critical perspectives as part of a renewed willingness within literary and cultural studies to engage questions of form Essays by Paul Alpers Douglas Bruster Stephen Cohen Heather Dubrow William Flesch Joseph Loewenstein Elizabeth Harris Sagaser and Mark Womack together with an introduction of Mark David Rasmussen and an afterword by Richard Strier

*Forms of Engagement* Elizabeth Scott-Baumann, 2013-06-13 What does it mean for a woman to write an elegy ode epic or blazon in the seventeenth century How does their reading affect women's use of particular poetic forms and what can the physical appearance of a poem in print and manuscript reveal about how that poem in turn was read *Forms of Engagement* shows how the aesthetic qualities of early modern women's poetry emerge from the culture in which they write It reveals previously unrecognized patterns of influence between women poets Katherine Philips Lucy Hutchinson and Margaret Cavendish and their peers and predecessors how Lucy Hutchinson responded to Ben Jonson and John Milton how Margaret Cavendish responded to Thomas Hobbes and the scientists of the early Royal Society and how Katherine Philips reworked Donne's lyrics and may herself have influenced Abraham Cowley and Andrew Marvell This book places analysis of form at the centre of an historical study of women writers arguing that reading for form is reading for influence Hutchinson Philips and Cavendish were immersed in mid seventeenth century cultural developments from the birth of experimental philosophy to the local and state politics of civil war and the rapid expansion of women's print publication For women poets reworking poetic forms such as elegy ode epic and couplet was a fundamental engagement with the culture in which they wrote By focusing on these interactions rather than statements of exclusion and rejection a formalist reading of these women can actually provide a more nuanced historical view of their participation in literary culture

*New Formalist Criticism* F. Bogel, 2013-11-19 *New Formalist Criticism* defines and theorizes a mode of formalist criticism that is theoretically compatible with current thinking about literature and theory New formalism anticipates a move in literary studies back towards the text and in so doing establishes itself as one of the most exciting areas of contemporary critical theory

*Women's Work in Early Modern English Literature and Culture* Michelle M. Dowd, 2009-04-13 Dowd investigates literature's engagement with the gendered conflicts of early modern England by examining the narratives that seventeenth century dramatists created to describe the lives of working women

*Staging the Superstitions of Early Modern Europe* Andrew D. McCarthy, 2016-04-01 Engaging with fiction and history and reading both genres as texts permeated with early modern anxieties desires and apprehensions this collection scrutinizes the historical intersection of early modern European superstitions and English stage literature Contributors analyze the cultural mechanisms that shape preserve and transmit beliefs They investigate where superstitions come from and how they are sustained and communicated within early modern

European society It has been proposed by scholars that once enacted on stage and thus brought into contact with the literary dramatic perspective belief systems that had been preserved and reinforced by historical literary texts underwent a drastic change By highlighting the connection between historical literary and literary dramatic culture this volume tests and explores the theory that performance of superstitions opened the way to disbelief *Beyond the Cloister* Jenna Lay, 2016-07-12 Representations of Catholic women appear with surprising frequency in the literature of post Reformation England Playwrights and poets from William Shakespeare to Andrew Marvell invoke the figure of the nun to powerful and often perplexing effect and works that never directly address female Catholicism such as Christopher Marlowe's *Hero and Leander* share a discourse with contemporary debates regarding the status of recusant women Catholic Englishwomen whether living in convents on the European continent or as recusants in their own country contributed to these debates but even as their writings addressed the central religious and political issues of their time their contributions were effaced and now are largely forgotten Exploring the writings of Catholic women in conversation with those of Shakespeare Marvell Marlowe Donne and other canonical authors *Beyond the Cloister* shows that nuns and recusants were centrally important to the development of English literature The defining narratives of early modern England cast nuns as the relics of an unenlightened past and equated Catholic femininity with the dangerous charms of the Whore of Babylon With careful attention to literary figurations of Catholic femininity and to the vibrant manuscript culture in the English convents Jenna Lay reveals a far more complex reality Through their use of tropes figures generic patterns and literary allusions Catholic women produced politically incendiary and rhetorically powerful lyrics prayers polemics and hagiographies Drawing on the insights of religious studies historical formalism and feminist criticism *Beyond the Cloister* offers a reassessment of crucial decades in the development of English literary history **New Formalisms and Literary Theory** V. Theile, L. Tredennick, 2013-04-11 Bringing together scholars who have critically followed New Formalism's journey through time space and learning environment this collection of essays both solidifies and consolidates New Formalism as a burgeoning field of literary criticism and explicates its potential as a varied but viable methodology of contemporary critical theory **Islam and Early Modern English Literature** Benedict S. Robinson, 2015-12-17 This book traces the process through which authors like Spenser Shakespeare and Milton adapted rewrote or resisted romance mapping a world in which new cross cultural contacts and religious conflicts demanded a rethinking of some of the most fundamental terms of early modern identity *The Poetics of Conversion in Early Modern English Literature* Molly Murray, 2009-10-15 Christians in post Reformation England inhabited a culture of conversion Required to choose among rival forms of worship many would cross and often recross the boundary between Protestantism and Catholicism This study considers the poetry written by such converts from the reign of Elizabeth I to that of James II concentrating on four figures John Donne William Alabaster Richard Crashaw and John Dryden Murray offers a context for each poet's conversion within the era's polemical and controversial literature She also elaborates

on the formal features of the poems themselves demonstrating how the language of poetry could express both spiritual and ecclesiastical change with particular vividness and power Proposing conversion as a catalyst for some of the most innovative devotional poetry of the period both canonical and uncanonical this study will be of interest to all specialists in early modern English literature **The Arden Research Handbook of Contemporary Shakespeare Criticism** Evelyn

Gajowski,2020-10-15 The Arden Research Handbook of Contemporary Shakespeare Criticism is a wide ranging authoritative guide to research on critical approaches to Shakespeare by an international team of leading scholars It contains chapters on 20 specific critical practices each grounded in analysis of a Shakespeare play These practices range from foundational approaches including character studies close reading and genre studies through those that emerged in the 1970s and 1980s that challenged the preconceptions on which traditional liberal humanism is based including feminism cultural materialism and new historicism Perspectives drawn from postcolonial queer studies and critical race studies besides more recent critical practices including presentism ecofeminism and cognitive ethology all receive detailed treatment In addition to its coverage of distinct critical approaches the handbook contains various sections that provide non specialists with practical help an A Z glossary of key terms and concepts a chronology of major publications and events an introduction to resources for study of the field and a substantial annotated bibliography *Shakespeare and Historical Formalism* Stephen Cohen,2016-04-01

Located at the intersection of new historicism and the new formalism historical formalism is one of the most rapidly growing and important movements in early modern studies taking seriously the theoretical issues raised by both history and form it challenges the anti formalist orthodoxies of new historicism and expands the scope of historicist criticism Shakespeare and Historical Formalism is the first volume devoted exclusively to collecting and assessing work of this kind With essays on a broad range of Shakespeare s works and engaging topics from performance theory to the emergence of the literary and from historiography to pedagogy the volume demonstrates the value of historical formalism for Shakespeare studies and for literary criticism as a whole Shakespeare and Historical Formalism begins with an introduction that describes the nature and potential of historical formalism and traces its roots in early modern literary theory and its troubled relationship with new historicism The volume is then divided into two sections corresponding to the two chief objectives of historical formalism a historically informed and politically astute formalism and a historicist criticism revitalized by attention to issues of form The first section Historicizing Form explores from a variety of perspectives the historical and political sources meanings and functions of Shakespeare s dramatic forms The second section Re Forming History uses questions of form to rethink our understanding of historicism and of history itself and in doing so challenges some of our fundamental literary critical pedagogical and epistemological assumptions Concluding with suggestions for further reading on historical formalism and related work Shakespeare and Historical Formalism invites scholars to rethink the familiar categories and principles of formal and historical criticism **Temporality, Genre and Experience in the Age of Shakespeare** Lauren

Shohet,2018-02-22 Focusing on Shakespeare and his contemporaries these original essays by leading scholars explore how theatrical aesthetic and linguistic forms engage early modern experiences of temporality Encompassing comedy tragedy history and romance some contributions consider how different models of pastness presentness sequentiality memory and historical meaning underwrite particular representational practices Others conversely investigate how aesthetic forms afforded diverse ways for early modern people to understand or experience time and how this can impact us today **The Matter of Song in Early Modern England** Katherine Rebecca Larson,2019 This volume treats early modern song as a musical and embodied practice and considers the implications of reading song not just as lyric text but as a musical phenomenon that is the product of the singing body It draws on a variety of genres from theatre to psalm translations sonnets and lyrics and household drama to courtly masques **Of Bondage** Amanda Bailey,2013-04-22 The late sixteenth century penal debt bond which allowed an unsatisfied creditor to seize the body of his debtor set in motion a series of precedents that would shape the legal philosophical and moral issue of property in person in England and America for centuries Focusing on this historical juncture at which debt litigation was not merely an aspect of society but seemed to engulf it completely *Of Bondage* examines a culture that understood money and the body of the borrower as comparable forms of property that impinged on one another at the moment of default Amanda Bailey shows that the early modern theater itself dependent on debt bonds was well positioned to stage the complex ethical issues raised by a system of forfeiture that registered as a bodily event While plays about debt like *The Merchant of Venice* and *The Custom of the Country* did not use the language of political philosophy they were artistically and financially invested in exploring freedom as a function of possession By revealing dramatic literature's heretofore unacknowledged contribution to the developing narrative of possessed persons Amanda Bailey not only deepens our understanding of creditor debtor relations in the period but also sheds new light on the conceptual conditions for the institutions of indentured servitude and African slavery *Of Bondage* is vital not only for students and scholars of English literature but also for those interested in British and colonial legal history the history of human rights and the sociology of economics *Imagining Time in the English Chronicle Play* Marissa Nicosia,2023-09-15 *Imagining Time in the English Chronicle Play* Historical Futures 1590 1660 argues that dramatic narratives about monarchy and succession codified speculative futures in the early modern English cultural imaginary This book considers chronicle plays plays written for the public stage and play pamphlets composed when the playhouses were closed during the civil wars in order to examine the formal and material ways that playwrights imagined futures in dramatic works that were purportedly about the past Through close readings of William Shakespeare's 1 2 Henry IV Richard III Shakespeare's and John Fletcher's *All is True* Samuel Rowley's *When You See Me You Know Me* John Ford's *Perkin Warbeck* and the anonymous play pamphlets *The Leveller's Levelled* 1 2 *Craftie Cromwell* *Charles I and Cromwell's Conspiracy* the volume shows that imaginative treatments of history in plays that are usually associated with the past also had purchase on

the future While plays about the nation s past retell history these plays are not restricted by their subject matter to merely document what happened Playwrights projected possible futures in their accounts of verifiable historical events      **Paper and the Making of Early Modern Literature** Georgina Wilson,2025-09-30 Paper and the Making of Early Modern Literature explores the crucial role of paper in the early history of books and of English literature Taking up four paradigms of literary scholarship authorship composition form and reuse Georgina Wilson shows how the material affordances of paper shaped the work of readers writers and critics of the seventeenth and eighteenth centuries Looking past the surface of printed texts to less legible forms of labor Wilson models literary critical readings of paper s physical aspects from watermarks to rotatable paper dials in Ben Jonson s *Sejanus His Fall* and George Wither s emblems sheets and fragments Turning from paper s specific physical attributes to authors who were preoccupied with its imaginative potential Wilson explores how paper s tangible qualities intervened in what readers and writers did with it tracing formalist legal and political debates on the textual and nontextual uses of paper through the works of John Taylor and eighteenth century it narratives Drawing upon examples from early modern drama poetry and prose to consider the real and imagined women and men who made and used paper Wilson demonstrates how early modern paper was both the product of embodied labor and of the early modern imagination Bringing together close reading critical bibliography archival research and literary theory *Paper and the Making of Early Modern Literature* shows how paper makes literature not only as a physical object but also as a discipline

**Economies of Literature and Knowledge in Early Modern Europe** Subha Mukherji,Dunstan Roberts,Rebecca Tomlin,George Oppitz-Trotman,2020-09-22 Placing literature at the centre of Renaissance economic knowledge this book offers a distinct intervention in the history of early modern epistemology It is premised on the belief that early modern practices of change and exchange produced a range of epistemic shifts and crises which nonetheless lacked a systematic vocabulary These essays collectively tap into the imaginative kernel at the core of economic experience to grasp and give expression to some of its more elusive experiential dimensions The essays gathered here probe the early modern interface between imaginative and mercantile knowledge between technologies of change in the field of commerce and transactions in the sphere of cultural production and between forms of transaction and representation In the process they go beyond the specific interrelation of economic life and literary work to bring back into view the thresholds between economics on the one hand and religious legal and natural philosophical epistemologies on the other      *The Oxford History of Poetry in English* ,2024-08-08 The Oxford History of Poetry in English OHOPE is designed to offer a fresh multi voiced and comprehensive analysis of poetry from Anglo Saxon culture through contemporary British Irish American and Global culture including English Scottish and Welsh poetry Anglo American colonial and post colonial poetry and poetry in Canada Australia New Zealand the Caribbean India Africa Asia and other international locales OHOPE both synthesizes existing scholarship and presents cutting edge research employing a global team of expert contributors for each of the fourteen volumes By taking as

its purview the full seventeenth century 1603 1700 this volume re draws the existing literary historical map and expands upon recent rethinking of the canon Placing the revolutionary years at the centre of a century of poetic transformation and putting the Restoration back into the seventeenth century the volume registers the transformative effects on poetic forms of a century of social political and religious upheaval It considers the achievements of a number of women poets not yet fully integrated into traditional literary histories It assimilates the vibrant literature of the English Revolution to what came before and after registering its long term impact It traces the development of print culture and of the literary marketplace alongside the continued circulation of poetry in manuscript It places John Milton Andrew Marvell Margaret Cavendish and Katherine Philips and other mid century poets into the full century of specifically literary development It traces continuity and change imitation and innovation in the full century trajectory of such poetic genres as sonnet elegy satire georgic epigram ode devotional lyric and epic The volume s attention to poetic form builds on the current upswing in historicist formalism allowing a close focus on poetry as an intensely aesthetic and social literary mode Designed for maximum classroom utility the organization is both thematic and in the authors section chronological After a comprehensive Introduction organizational sections focus on Transitions Materiality Production and Circulation Poetics and Form Genres and Poets **Gathering**
