Los Bajos Del Temor:

After Exile Amy K. Kaminsky, 1999 Can an exiled writer ever really go home again What of the writers of Argentina Uruguay and Chile whose status as exiles in the 1970s and 1980s largely defined their identities and subject matter After Exile takes a critical look at these writers at the effect of exile on their work and at the complexities of homecoming a fraught possibility when democracy was restored to each of these countries Both famous and lesser known writers people this story of dislocation and relocation among them Jose Donoso Ana Vasquez Luisa Valenzuela Cristina Peri Rossi and Mario Benedetti In their work and their predicament Amy K Kaminsky considers the representation of both physical uprootedness and national identity or more precisely an individual's identity as a national subject Here national identity is not the double abstraction of identity and nation but a person's sense of being and belonging that derives from memories and experiences of a particular place Because language is crucial to this connection Kaminsky explores the linguistic isolation miscommunication and multilingualism that mark late exile and post exile writing She also examines how gender difference affects the themes and rhetoric of exile how for example traditional projections of femininity such as the idea of a mother country are used to allegorize exile Describing exile as a process sometimes of acculturation sometimes of alienation this work fosters a new understanding of how writers live and work in relation to space and place particularly the place called home

Trilogía del agua Claudia Aboaf, 2024-03-01 Una trilogía que anticipa las dramáticas consecuencias de la escasez de agua en el planeta Un texto poético e inteligente sobre el cambio climático Pero el hombre nunca entendió al agua cree que la domina cuando la apresa en un vaso La civiliza con diques la disciplina en canales y arroyos entubados olvida que es una sustancia ancestral y sagrada Siguiendo los rastros de futuro que se suceden en la cuenca del río Paraná la explotación abusiva del agua dulce es un signo que evidencia desastres inminentes Juana y Andrea las hermanas protagonistas de esta historia son como dos cursos de agua que parecen no encontrarse jamás El gesto fundacional de dividir sus destinos imita los binarismos brutales que han interrumpido el diálogo con la naturaleza y desnuda nuestra relación con la tecnología Sin embargo los ríos no se bifurcan confluyen y estos diálogos resultan más necesarios que nunca
