Loss Of Faith:

The Mid-Victorian Literature and Loss of Faith Krishan Lal Kalla,1989 **Loss** Lucinda Mosher,2007 A book to help Christians understand the complex attitudes toward illness and death among the many faiths of their neighbors It includes quick guides to various religions glossary recommended reading list It is intended for interfaith education in both parish and classroom **Living Faith** Susan Crawford Sullivan,2012-03-15 Scholars have made urban mothers living in poverty a focus of their research for decades These women s lives can be difficult as they go about searching for housing and decent jobs and struggling to care for their children while surviving on welfare or working at low wage service jobs and sometimes facing physical or mental health problems But until now little attention has been paid to an important force in these women s lives religion Based on in depth interviews with women and pastors Susan Crawford Sullivan presents poor mothers often overlooked views Recruited from a variety of social service programs most of the women do not attend religious services due to logistical challenges or because they feel stigmatized and unwanted at church Yet she discovers religious faith often plays a strong role in their lives as they contend with and try to make sense of the challenges they face Supportive religious congregations prove important for women who are involved she finds but understanding everyday religion entails exploring beyond formal religious organizations Offering a sophisticated analysis of how faith both motivates and at times constrains poor mothers actions Living Faith reveals the ways it serves as a lens through which many view and interpret their worlds

Faith Lost: Faith Regained James Atkinson,2019-05-21 A holistic positive answer to modernist and post modernist challenges to Christian faith Recent trends in theology have adapted to what has been assumed to be universally valid scientific thinking thereby contributing to the erosion of traditional protestant belief Pointing to parable as a tool of understanding and appealing to aesthetic appreciation as an analogy the author makes an impassioned call for a return to an assured biblical faith The answer lies in a fuller epistemology and a profounder ontology to explain the universe and man s place in it **The Life of Irony and the Ethics of Belief** David Wisdo,1993-01-01 Wisdo concludes that the fragility of religious belief is due to the unavoidable irony intrinsic to the religious life *Rebuilding a Lost Faith [microform]* John L (John Lawson) 1850 Stoddard,2023-07-18 This book is a compelling exploration of how to rebuild a lost faith John L Stoddard catalogs his journey of recovery and shares insights on how he was able to regain his faith An essential read for anyone struggling with losing faith or seeking spiritual guidance This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it This work is in the public domain in the United States of America and possibly other nations Within the United States you may freely copy and distribute this work as no entity individual or corporate has a copyright on the body of the work Scholars believe and we concur that this work is important enough to be preserved reproduced and made generally available to the public We appreciate your support of the preservation process and thank you for being an important part of keeping this knowledge alive and relevant Walking

Away from Faith Ruth Tucker, 2002 Why do some people lose their faith Why do some choose to abandon religious beliefs that were once meaningful to them And what happens when they do In this no holds barred book Ruth Tucker tackles the tough questions about losing faith Providing historical perspective she looks at the stories of prominent Christians like Chuck Templeton and Billy Graham who have struggled with faith She grapples with difficult philosophical and theological issues exploring the intractable questions that bring people to the point of losing faith suffering science answer to prayer hypocrisy in the church and more Throughout the book she explores the testimonies of some who have made the choice to walk away and some who have returned Tucker writes not just as a detached observer but as one who has also struggled with doubt and disappointment In Walking Away from Faith she shares her from her experience and tells you why she continues to choose faith Reading her story and her interviews of others you will find help for working through your own questions and doubts You will also find insight for ministering to your friends family coworkers and neighbors who stumble between belief and unbelief

Repair My House Michael H. Crosby, 2012 Repair my house From a crucifix in a ruined chapel St Francis heard this instruction which set him on a mission of evangelical renewal In the light of unprecedented crisis afflicting the Catholic church Michael Crosby calls us all to undertake a wholesale project of repair and renewal The crisis is visible in the sex abuse scandal and the questions it has raised about internal structures of authority and clerical culture Meanwhile a spate of new atheists has challenged traditional worldviews The percentage of those identifying themselves as former Catholics grows at an alarming rate In response Fr Crosby sees a challenge to return to the core evangelical message of Jesus Christ This message is supported not contradicted by discoveries in science and cosmology He envisions a new way of being Catholic and a set of practices that draws on the contemplative compassionate and life giving spirit of the Kingdom that God s will may be realized on earth as it is in heaven

Nietzsche, Religion, and Mood Sampsa Andrei Saarinen, 2019-05-20 How does Nietzsche as psychologist envision the future of religion and atheism While there has been no lack of psychological studies that have sought to illuminate Nietzsche's philosophy of religion by interpreting his biography this monograph is the first comprehensive study to approach the topic through the philosopher's own psychological thinking The author shows how Nietzsche's critical writings on religion and especially on religious decline and future possibilities are informed by his psychological thinking about moods The author furthermore argues that the clarification of this aspect of the philosopher's work is essential to interpreting some of the most ambiguous words found in his writings the words that God is dead Instead of merely denying the existence of God in a way that leaves a melancholic need for religion or a futile search for replacements intact Nietzsche arguably envisions the possibility of a radical atheism which is characterized by a mood of joyful doubt The examination of this vision should be of great interest to scholars of Nietzsche and of the history of philosophy but also of relevance to all those who take an interest in the interdisciplinary discourse on secularization

The War That Never Was Kenneth W. Kemp, 2020-05-29 One of the prevailing myths of modern intellectual and cultural history is that there has been a long running war between science and religion particularly over evolution This book argues that what is mistaken as a war between science and religion is actually a pair of wars between other belligerents one between evolutionists and anti evolutionists and another between atheists and Christians In neither of those wars can one align science with one side and religion or theology with the other This book includes a review of the encounter of Christian theology with the pre Darwinian rise of historical geology an account of the origins of the warfare myth and a careful discussion of the salient historical events on which the myth makers rely the Huxley Wilberforce exchange the Scopes Trial and the larger anti evolutionist campaign in which it was embedded and the more recent curriculum wars precipitated by the proponents of Creation Science and of Intelligent Design Theory
