Bryant, Abel B. Murch, 2001 Indian Massacre in Minnesota was written over 100 years ago by a man whose job was to process claims for property damaged by Sioux raiders after they went on the warpath killing pioneer families and taking many of those who survived into captivity He documented the terrifying tales told by settlers of the horrors they suffered However to properly present this tragic time the book begins by giving a brief account of the Sioux Indians the harsh treatment by our government who ignored a treaty that promised 2 million for their land their living conditions on the reservations and their complaints The resulting account of the massacres and conspiracy by the great chief Little Crow is also described along with the personal accounts of the survivors *A History of the Great Massacre by the Sioux Indians, in Minnesota* Charles S. Pohlsander, 2010 This book looks at the many transatlantic bonds which have linked and still link Germany and the United States German immigrants to the Americas brought with them a good deal of cultural baggage They cultivated their German heritage in their schools churches and clubs They expressed pride in this heritage by erecting monuments to Goethe or Schiller Beethoven or Wagner Alexander von Humboldt or Turnvater Jahn They claimed Friedrich Wilhelm von Steuben Carl Schurz Gustave Koerner and John A Roebling as their own But German born or German trained sculptors did not limit themselves to German subjects They also paid tribute to America by creating sculptures of Benjamin

Franklin George Washington Thomas Jefferson Abraham Lincoln and others who occupy a place of honor in American history While a few German monuments can be found in Canada and in Latin America the number of German monuments in the United States is surprisingly large These monuments illustrate the contribution often overlooked or ignored of the German American community to American society and American cultural life
