Lost On Earth Nomads Of The New World:

Lost on Earth Mark Fritz, 2020-08-11 This book is a visit to a misunderstood world a veritable refugee nation a shadowland of outlanders that overlaps uncomfortably with our own world but which exists very much in a different dimension governed by its own rules for survival

Unmasking Administrative Evil Guy Adams, Danny Balfour, 2015-05-18 The modern age with its emphasis on technical rationality has enabled a new and dangerous form of evil administrative evil *Unmasking Administrative Evil* discusses the overlooked relationship between evil and public affairs as well as other fields and professions in public life The authors argue that the tendency toward administrative evil as manifested in acts of dehumanization and genocide is deeply woven into the identity of public affairs The common characteristic of administrative evil is that ordinary people within their normal professional and administrative roles can engage in acts of evil without being aware that they are doing anything wrong Under conditions of moral inversion people may even view their evil activity as good In the face of what is now a clear and present danger in the United States this book seeks to lay the groundwork for a more ethical and democratic public life one that recognizes its potential for evil and thereby creates greater possibilities for avoiding the hidden pathways that lead to state sponsored dehumanization and destruction What's new in the Fourth Edition of *Unmasking Administrative Evil* UAE is updated and revised with new scholarship on administrative ethics evil and contemporary politics The authors include new cases on the dangers of market based governance contracting out and deregulation There is an enhanced focus on the potential for administrative evil in the private sector The authors have written a new Afterword on administrative approaches to the aftermath of evil with the potential for expiation healing and reparations

The Bracelet Roberta Gately, 2012-11-06 Witnessing the murder of a Pakistani woman by a high ranking official Boston nurse Abby Monroe teams up with New York Times reporter Nick Sinclair to reveal what happened and uncover sinister links to a human trafficking operation

Roots & Routes Jacqueline Mosselson, 2006 *Roots and Routes* is a poignant study of the social integration and identity formation of female refugee youth Grounded in the practical experiences of adolescent Bosnian refugees living in New York City the book gives voice to these youths experiences as they develop a sense of self in their newly adopted homes Jacqueline Mosselson explores the tensions of affiliation that this process of identity formation generates as the refugees seek to understand ties that bind them to their past their homeland and their cultural and geographical roots Of central concern is the way the identities of refugee youth are affected by new understandings of cultural capital and social expectations Mosselson's work draws on the theoretical literature of cultural studies and critical psychology to call into question long held beliefs about the ways refugees adapt to the United States In this powerful and moving book the female refugee informants speak back to and reflect on the constraints as well as the possibilities of their transition migration and exile from their homelands

Security Disarmed Barbara Sutton, Sandra Morgen, Julie Novkov, 2008 In *Security Disarmed* scholars policy planners and activists come together to think critically about

the human cost of violence and viable alternatives to armed conflict Arranged in four parts alternative paradigms of security cross national militarization militarism in the United States and pedagogical and cultural concerns the book critically challenges militarization and voices an alternative encompassing vision of human security by analyzing the relationships among gender race and militarization

Bringing the Biosphere Home Mitchell Thomashow, 2001-10-26 A guide for understanding the ecological and existential aspects of global environmental change This book shows how to make global environmental problems more tangible so that they become an integral part of everyday awareness At its core is a simple assumption that the best way to learn to perceive the biosphere is to pay close attention to our immediate surroundings Through local natural history observations imagination and memory and spiritual contemplation we develop a place based environmental view that can be expanded to encompass the biosphere Interweaving global change science personal narrative and commentary on a wide range of scientific and literary works the book explores both the ecological and existential aspects of urgent issues such as the loss of biodiversity and global climate change Written in a warm engaging style Bringing the Biosphere Home considers the perceptual connections between the local and global how the ecological news of the community is of interest to the world and how the global movement of people species and weather systems affects the local community It shows how global environmental change can become the province of numerous educational initiatives from the classroom to the Internet from community forums to international conferences from the backyard to the biosphere It explains important scientific concepts in clear nontechnical language and provides dozens of ideas for learning how to practice biospheric perception

The Oxford Handbook of American Bureaucracy Robert F. Durant, 2012-08-02 One of the major dilemmas facing the administrative state in the United States today is discerning how best to harness for public purposes the dynamism of markets the passion and commitment of nonprofit and volunteer organizations and the public interest oriented expertise of the career civil service Researchers across a variety of disciplines fields and subfields have independently investigated aspects of the formidable challenges choices and opportunities this dilemma poses for governance democratic constitutionalism and theory building This literature is vast affords multiple and conflicting perspectives is methodologically diverse and is fragmented The Oxford Handbook of American Bureaucracy affords readers an uncommon overview and integration of this eclectic body of knowledge as adduced by many of its most respected researchers Each of the chapters identifies major issues and trends critically takes stock of the state of knowledge and ponders where future research is most promising Unprecedented in scope methodological diversity scholarly viewpoint and substantive integration this volume is invaluable for assessing where the study of American bureaucracy stands at the end of the first decade of the 21st century and where leading scholars think it should go in the future The Oxford Handbooks of American Politics are a set of reference books offering authoritative and engaging critical overviews of the state of scholarship on American politics Each volume focuses on a particular aspect of the field The project is under the General

Editorship of George C Edwards III and distinguished specialists in their respective fields edit each volume The Handbooks aim not just to report on the discipline but also to shape it as scholars critically assess the scholarship on a topic and propose directions in which it needs to move The series is an indispensable reference for anyone working in American politics General Editor for The Oxford Handbooks of American Politics George C Edwards III

Populism and the Crisis of Democracy Gregor Fitzi, Juergen Mackert, Bryan Turner, 2018-10-10 There is no threat to Western democracies today comparable to the rise of right wing populism While it has played an increasing role at least since the 1990s only the social consequences of the global financial crises in 2008 have given it its break that led to UK s Brexit and the election of Donald Trump as US President in 2016 as well as promoting what has been called left populism in countries that were hit the hardest by both the banking crisis and consequential neo liberal austerity politics in the EU such as Greece and Portugal In 2017 the French Front National FN attracted many voters in the French Presidential elections we have seen the radicalization of the Alternative f r Deutschland AfD in Germany and the formation of centre right government in Austria Further we have witnessed the consolidation of autocratic regimes as in the EU member states Poland and Greece All these manifestations of right wing populism share a common feature they attack or even compromise the core elements of democratic societies such as the separation of powers protection of minorities or the rule of law Despite a broad debate on the re emergence of populism in the transition from the twentieth to the twenty first century that has brought forth many interesting findings a lack of sociological reasoning cannot be denied as sociology itself withdrew from theorising populism decades ago and largely left the field to political sciences and history In a sense Populism and the Crisis of Democracy considers itself a contribution to begin filling this lacuna Written in a direct and clear style this set of volumes will be an invaluable reference for students and scholars in the field of political theory political sociology and European Studies This volume Concepts and Theory offers new and fresh perspectives on the debate on populism Starting from complaints about

the problems of conceptualising populism that in recent years have begun to revolve around themselves the chapters offer a fundamental critique of the term and concept of populism theoretically inspired typologies and descriptions of currently dominant concepts and ways to elaborate on them With regard to theory the volume offers approaches that exceed the disciplinary horizon of political science that so far has dominated the debate As sociological theory so far has been more or less absent in the debate on populism only few efforts have been made to discuss populism more intensely within different theoretical contexts in order to explain its dynamics and processes Thus this volume offers critical views on the debate on populism from the perspectives of political economy and the analysis of critical historical events the links of analyses of populism with social movement mobilisation the significance of superfluous populations in the rise of populism and an analysis of the exclusionary character of populism from the perspective of the theory of social closure

Tocsin Charles Stewart Goodwin, 2001-04-18 As the twentieth century became the twenty first we inexorably entered the new middle ages The tocsin tolls to awaken us all to a sense of urgency concerning the need for remedial measures If our culture and even our civilization is to withstand the most malevolent of the medieval expressions these measures must be timely and comprehensive In Tocsin Charles Stewart Goodwin discusses the attitudes interactions and institutions that will be required to prevent this from becoming a malignant condition

Chasing the Sea Tom Bissell, 2003 In 1960 the Aral Sea was the size of Lake Michigan a huge body of water in the deserts of Central Asia By 1996 when Tom Bissell arrived in Uzbekistan as a naive Peace Corps volunteer disastrous Soviet irrigation policies had shrunk the sea to a third its size Bissell lasted only a few months before complications forced him to return home but he had already become obsessed with this beautiful brutal land Five years later Bissell convinces a magazine to send him to Central Asia to investigate the Aral Sea's destruction There he joins forces with a high spirited young Uzbek named Rustam and together they make their often wild way through the ancient cities Tashkent Samarkand Bukhara of this fascinating but often misunderstood part of the world Slipping more than once through the clutches of the Uzbek police who suspect them of crimes ranging from Christian evangelism to heroin smuggling the two young men develop an unlikely friendship as they journey to the shores of the devastated sea Along the way Bissell provides a history of the Uzbeks recounting their region's long violent subjugation by despots such as Jenghiz Khan and Joseph Stalin He conjures the people of Uzbekistan with depth and empathy and he captures their contemporary struggles to cope with Islamist terrorism the legacy of totalitarianism and the profound environmental and human damage wrought by the sea's disappearance Sometimes hilarious sometimes powerfully sobering *Chasing the Sea* is a gripping portrait of an unfamiliar land and the debut of a gifted young writer

The Lost Supper Taras Grescoe, 2023-09-19 A New Scientist Globe and Mail and Eater

Best Book of 2023 In the tradition of Michael Pollan Anthony Bourdain and Mark Bittman a surprising flavorsome tour of ancient cuisines Kirkus STARRED from Neolithic bread to ancient Roman fish sauce and why reviving the foods of the past is the key to saving the future A fascinating look at the people who are keeping these ancient food traditions alive against the odds while offering a rough roadmap toward a more sustainable food ecosystem Eater Many of us are worried or at least we should be about the impacts of globalization pollution and biotechnology on our diets Whether it s monoculture crops hormone fed beef or high fructose corn syrup industrially produced foods have troubling consequences for us and the planet But as culinary diversity diminishes many people are looking to a surprising place to safeguard the future into the past The Lost Supper explores an idea that is quickly spreading among restaurateurs food producers scientists and gastronomes around the world that the key to healthy and sustainable eating lies not in looking forward but in looking back to the foods that have sustained us through our half million year existence as a species Acclaimed author Taras Grescoe introduces readers to the surprising and forgotten flavors whose revival is captivating food lovers around the world ancient sourdough bread last baked by Egyptian pharaohs raw milk farmhouse cheese from critically endangered British dairy cattle ham from Spanish pata negra pigs that have been foraging on acorns on a secluded island since before the United States was a nation and olive oil from wild olive trees uniquely capable of resisting quickly evolving pests and modern pathogens From Ancient Roman fish sauce to Aztec caviar to the long thought extinct silphium The Lost Supper is a deep dive into the latest frontier of global gastronomy the archaeology of taste Through vivid writing history and first hand culinary experience Grescoe sets out a provocative case in order to save these foods he argues we ve got to eat them Published in partnership with the David Suzuki Institute

Wonder and Exile in the New World Alex Nava,2013-06-21 In *Wonder and Exile in the New World* Alex Nava explores the border regions between wonder and exile particularly in relation to the New World It traces the preoccupation with the concept of wonder in the history of the Americas beginning with the first European encounters goes on to investigate later representations in the Baroque age and ultimately enters the twentieth century with the emergence of so called magical realism In telling the story of wonder in the New World Nava gives special attention to the part it played in the history of violence and exile either as a force that supported and reinforced the Conquest or as a voice of resistance and decolonization Focusing on the work of New World explorers writers and poets and their literary descendants Nava finds that wonder and exile have been two of the most significant metaphors within Latin American cultural literary and religious representations Beginning with the period of the Conquest especially with Cabeza de Vaca and Las Casas continuing through the Baroque with Cervantes and Sor Juana In s de la Cruz and moving into the twentieth century with Alejo Carpentier and Miguel ngel Asturias Nava produces a historical study of Latin American narrative in which religious and theological perspectives figure prominently
