Minneapolis and St. Paul in Vintage Postcards Christopher S. Clay, 2002 During the first half of the 20th century communication by postcard was an inexpensive and popular means of exchanging travel stories news and gossip across the United States The postcard for just a few cents connected friends and loved ones separated by hundreds of miles Today we treasure these little correspondences of yesteryear as unique glimpses into the long lost places of a long gone era Minneapolis and St Paul in *Vintage Postcards*

captures this historic era of Minnesota's twin cities through 200 classic postcard images. Inside will be found views of St. Paul's Hotel Ryan providing a rare glimpse into a once famous landmark that no longer stands. A picture of a solitary 1911 automobile traveling along Minneapolis popular Lake Calhoun Drive will remind us of how one may have gone to and fro at the start of the last century. And the scene of a well-dressed Minnesota family at Minnehaha Falls shows us that this site was as popular among tourists in 1908 when the image was taken as it is today. Joined at the Hip Jay Goetting, 2011. Quan, 2024-06-14. Drawing from American history, fashion design history, of luxury visual culture, museum studies, and women's history, among others, this book explores the challenges, rewards, and benefits of teaching business and the labor history of art and design professions to those in higher education. Recognizing that artists and designers are no longer just creatives but bosses, employees, members of professional associations, and citizens of nations that encourage and restrain their creative work in various ways, the book identifies a crucial need for art and design students to be taught the intricacies of these other roles as well as how to navigate or challenge them. This empirically driven study features case studies in various pedagogical contexts, including museum exhibitions, group projects, lesson plans, discussion topics, and long-term assignments. The chapters also explore how the roles of designing and making became separated, how new technologies and the rise of mass production affected creative careers, the shifts back and forth between direct employment and freelancing, and the evolution of government interventions in creative fields. With a diverse and experienced range of contributors and providing a unique set of conceptual tools to interpret, cope with, and react to the ever-changing conditions of capitalism, this volume will appeal to educators and researchers across education history, art history, and sociology with interests in experiential learning, capitalism, equity, social justice, and neoliberalism. *Sherlock Holmes and the Secret Alliance* Larry Millett, 2013-11-30. As the city of Minneapolis prepares for a visit from President William McKinley, someone else prepares for murder. On the day before the visit, a union activist is found hanged, naked, outside a ruined mansion. A placard around his neck reads: THE SECRET ALLIANCE HAS SPOKEN. Who is the alliance? What does it want? How was the victim involved with the city's corrupt mayor? And why did he possess a photograph of a prominent citizen in a compromising position? Shadwell Rafferty searches for answers, encountering bribery, corruption, union organizers, anarchists, and conspiracy, putting himself in danger. But as luck would have it, his old friends Sherlock Holmes and Dr. John H. Watson are on their way. In this fourth installment of Larry Millett's Minnesota Mystery series, Shadwell Rafferty commands center stage in a brand new city. Packed with Millett's signature historical and architectural detail, this book is deviously delightful. Life Painted Red Chuck Raasch, 2023-09-08.
