Children, Sexuality, and Child Sexual Abuse Dianna T. Kenny, 2018-04-09 In the past 20 years the progressive uncovering of child sexual abuse in institutional settings has reverberated across the globe with simultaneous investigations across Europe and the English speaking world However most books on child sexual abuse are narrowly focused and do not situate this most distressing of human behaviours within a social or historical context Children Sexuality and Child Sexual Abuse examines child sexual abuse from a broader perspective in order to understand how and why child sexual abuse is perpetrated by whom under what circumstances and with what societal consequences for victims and perpetrators This book will be an essential reference for all those working in the field of child sexual abuse Beginning with histories of childhood and sex and their intersections the book goes on to analyze sexual development sexuality and sexualized behaviour in children and adolescents This is followed by an examination of the extent of child sexual abuse in the English speaking world including its prevalence in the Indigenous communities of Australia New Zealand and Canada and in once trusted societal institutions including the Church orphanages and schools The book focuses on issues of concern to all those who encounter the problem of child sexual abuse and addresses questions such as How and when do children disclose child sexual abuse What are the characteristics of memory that affect reporting How are disclosure claims assessed What are the effects of having experienced child sexual abuse Finally there is an examination of young people who offend sexually

A Corrupt Tree: An Encyclopaedia of Crimes committed by the Church of Rome against Humanity and the Human Spirit A.S., 2014-01-13 A Corrupt Tree is a unique extensively researched four volume expos of the dark side of the Church of Rome It reveals that for nearly two thousand years the Church s fundamental characteristic has been its self serving abuse of religio corporate power A large proportion of this first volume provides a detailed catalogue of the multitude of unholy popes Included are those who were immature capricious corrupt lascivious fanatical senile truly mad megalomaniac tyrannical murderous and wholesale killers It confirms that for many many centuries the popes were corrupt cruel inhumane and despotic In an age of savagery they were the leaders in barbarity in the subsequent age of enlightenment they have persistently resisted the march of progress Additionally the popes were wholesale killers who made the principle of assassination a law of the Christian Church Accordingly the Church has shed more innocent blood than any other institution that has ever existed among mankind Here also are presented the cupidity corruption and sexual misconducts of lesser ecclesiastics including cardinals bishops priests monks and nuns Pope Honorius III for example described his priests as worse than beasts wallowing in their dung The Church s ruthless stranglehold on knowledge and learning is catalogued in detail Mathematics philosophy and science were repressed Selected applied theology ruled the world Everything was

explained but nothing was understood The chapters on censorship reveal that even works of considerable literary or philosophical merit did not escape A large number of writings which eventually became classics of European culture were condemned and prohibited The Church also exhibited a vitriolic hatred of those who translated the Bible into the vernacular Many of these men were annihilated Holy books were burned in large numbers particularly the Jewish Talmud It is clearly demonstrated that the Church held back civilisation for over fifteen hundred years Century after century passed away and left the peasantry but little better than the cattle in the fields Finally the unholy behaviours of the numerous popes cardinals and lesser ecclesiastics are shown to establish unequivocally that the Church of Rome is neither holy nor apostolic The ultimate message of these volumes is that to become an exemplary institution and to play a truly humane role in the world's future the Catholic Church must change
