Magic Moments A Parents Journal:

Magic Moments National Gallery of Art, National Gallery of Art Staff, 1991-10-01 The Parent's Journal Guide to Raising Great Kids Bobbi Conner, 1997 The Parent's Journal Guide to Raising Great Kids is a comprehensive book of ingredients for raising children. It is based upon Bobbi Conner's experience as a mother and upon the ten years of research and broadcast interviews Bobbi has conducted in putting together The Parent's Journal, her award-winning public radio show that reaches 1.4 million parents a week. The Parents Journal Guide identifies the most important things every child needs in order to develop and thrive and presents easy everyday opportunities to meet these needs through the ordinary daily routine of parents and children. Through over 700 in-depth interviews on topics ranging from temper tantrums to kids in sports to baby's first words to homework hassles, Bobbi has sifted through a vast assortment of parenting information to find the best tried and true parenting wisdom. Each chapter of The Parents Journal Guide is formatted to include three distinctive accessible components: What Kids Need, Parent's Job Description, and Everyday Opportunities, and will include information targeting the different stages in your child's life. *Cool Parent 101* Alecia T. Devantier, Carol Turkington, 2004-03-01 Be your kid's hero: a super spy who can write in secret code, a scientist who knows how to snap optical illusion photographs, a master chef who can make Maple Ice Candy, and more. *Cool Parent 101* includes dozens of awesome projects that any parent and child can accomplish together. These fun activities will have your child thinking that you're super smart, super fun, and super cool. This book offers a wide range of creative possibilities such as: How to create a homemade ant farm, The secret to writing invisible messages, Concocting a toy-filled Surprise Soap, How to make your very own snow globe, and much, much more. The lively sequel to *101 Things Every Kid Should Do Growing Up*, *Cool Parent 101* provides an assortment of fun creative activities for kids between the ages of four and 12 that will make them actually want to hang out with their parents.

Magical Moments of Change Lenore Terr, 2008 Why and how therapy with even the most challenging kids can work. Terr presents highly effective child psychotherapeutic styles and techniques and demonstrates them in three ways: by relating moments from at least six of her own cases; by conveying and comparing moments from 33 of her distinguished colleagues' cases; and by watching her wild child patient, little Cammie, develop her own eight magical moments over a period of fifteen years. These moments are rare. But by pooling them together or by looking at how they develop over a long period of time in a single individual, readers are able to achieve further understanding of the process of change in child and adolescent psychotherapy. **Child and Adolescent Psychopathology** Linda A. Wilmshurst, 2021-07-22 Child and Adolescent

Psychopathology: A Casebook, Fifth Edition, provides students with an opportunity to gain deeper insight into a wide range of disorders within the context of the diagnostic framework of the DSM-5. This supplemental textbook provides an abundance of real-life cases which demonstrate methods in assessing and treating a wide spectrum of child and adolescent psychopathologies in a variety of settings. Each case presents an opportunity to practice and develop clinical skills in the

assessment diagnosis and treatment of childhood disorders from a number of theoretical perspectives and at various levels of interest and expertise The book features current trends in assessment diagnosis treatment and research It is an ideal hands on resource for a child and adolescent psychopathology course The Fifth Edition includes a new case study on depression expanded coverage of trauma related disorders a new glossary and updated assessment materials and references throughout
